CONSTITUTION
OF THE
State of North Carolina

PREAMBLE

We, the people of the State of North Carolina, grateful to Almighty God, the Sovereign Ruler of Nations, for the preservation of the American Union and the existence of our civil, political and religious liberties, and acknowledging our dependence upon Him for the continuance of those blessings to us and our posterity, do, for the more certain security thereof and for the better government of this State, ordain and establish this Constitution.

ARTICLE I

DECLARATION OF RIGHTS

That the great, general, and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and government of the United States and those of the people of this State to the rest of the American people may be defined and affirmed, we do declare that:

SECTION 1. *The equality and rights of persons.* We hold it to be self-evident that all persons are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

SEC. 2. *Sovereignty of the people.* All political power is vested in and derived from the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

SEC. 3. *Internal government of the State.* The people of this State have the inherent, sole, and exclusive right of regulating the internal government and police thereof, and of altering or abolishing their Constitution and form of government whenever it may be necessary to their safety and happiness; but every such right shall be exercised in pursuance of law and consistently with the Constitution of the United States.

SEC. 4. *Secession prohibited.* This State shall ever remain a member of the American Union; the people thereof are part of the American nation; there is no right on the part of this State to secede; and all attempts, from whatever source or upon whatever pretext, to dissolve this Union or to sever this Nation, shall be resisted with the whole power of the State.

SEC. 5. *Allegiance to the United States.* Every citizen of this State owes paramount allegiance to the Constitution and government of the United States, and no law or ordinance of the State in contravention or subversion thereof can have any binding force.

SEC. 6. *Separation of powers.* The legislative, executive, and supreme judicial powers of the State government shall be forever separate and distinct from each other.

SEC. 7. *Suspending laws.* All power of suspending laws or the execution of laws by any authority, without the consent of the representatives of the people, is injurious to their rights and shall not be exercised.

SEC. 8. *Representation and taxation.* The people of this State shall not be taxed or made subject to the payment of any impost or duty without the consent of themselves or their representatives in the General Assembly, freely given.

SEC. 9. *Frequent elections.* For redress of grievances and for amending and strengthening the laws, elections shall be often held.

SEC. 10. *Free elections.* All elections shall be free.

SEC. 11. *Property qualifications.* As political rights and privileges are not dependent upon or modified by property, no property qualification shall affect the right to vote or hold office.

SEC. 12. *Right of assembly and petition.* The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the General Assembly for redress of grievances; but secret political societies are dangerous to the liberties of a free people and shall not be tolerated.

SEC. 13. *Religious liberty.* All persons have a natural and inalienable right to worship Almighty God according to the dictates of their own consciences, and no human authority shall, in any case whatever, control or interfere with the rights of conscience.

SEC. 14. *Freedom of speech and press.* Freedom of speech and of the press are two of the great bulwarks of liberty and therefore shall never be restrained, but every person shall be held responsible for their abuse.

SEC. 15. *Education.* The people have a right to the privilege of education, and it is the duty of the State to guard and maintain that right.

SEC. 16. *Ex post facto laws.* Retrospective laws, punishing acts committed before the existence of such laws and by them only declared criminal, are oppressive, unjust, and incompatible with liberty, and therefore no ex post facto law shall be enacted. No law taxing retrospectively sales, purchases, or other acts previously done shall be enacted.

SEC. 17. *Slavery and involuntary servitude.* Slavery is forever prohibited. Involuntary servitude, except as a punishment for crime whereof the parties have been adjudged guilty, is forever prohibited.

SEC. 18. *Courts shall be open.* All courts shall be open; every person for an injury done him in his lands, goods, person, or reputation shall have remedy by due course of law; and right and justice shall be administered without favor, denial, or delay.

SEC. 19. *Law of the land; equal protection of the laws.* No person shall be taken, imprisoned, or disseized of his freehold, liberties, or privileges, or

outlawed, or exiled, or in any manner deprived of his life, liberty, or property, but by the law of the land. No person shall be denied the equal protection of the laws; nor shall any person be subjected to discrimination by the State because of race, color, religion, or national origin.

SEC. 20. *General warrants.* General warrants, whereby any officer or other person may be commanded to search suspected places without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty and shall not be granted.

SEC. 21. *Inquiry into restraints on liberty.* Every person restrained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to remove the restraint if unlawful, and that remedy shall not be denied or delayed. The privilege of the writ of habeas corpus shall not be suspended.

SEC. 22. *Modes of prosecution.* Except in misdemeanor cases initiated in the District Court Division, no person shall be put to answer any criminal charge but by indictment, presentment, or impeachment. But any person, when represented by counsel, may, under such regulations as the General Assembly shall prescribe, waive indictment in noncapital cases.

SEC. 23. *Rights of accused.* In all criminal prosecutions, every person charged with crime has the right to be informed of the accusation and to confront the accusers and witnesses with other testimony, and to have counsel for defense, and not be compelled to give self-incriminating evidence, or to pay costs, jail fees, or necessary witness fees of the defense, unless found guilty.

SEC. 24. *Right of jury trial in criminal cases.* No person shall be convicted of any crime but by the unanimous verdict of a jury in open court. The General Assembly may, however, provide for other means of trial for misdemeanors, with the right of appeal for trial de novo.

SEC. 25. *Right of jury trial in civil cases.* In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and shall remain sacred and inviolable.

SEC. 26. *Jury service.* No person shall be excluded from jury service on account of sex, race, color, religion, or national origin.

SEC. 27. *Bail, fines, and punishments.* Excessive bail shall not be required, nor excessive fines imposed, nor cruel or unusual punishments inflicted.

SEC. 28. *Imprisonment for debt.* There shall be no imprisonment for debt in this State, except in cases of fraud.

SEC. 29. *Treason against the State.* Treason against the State shall consist only of levying war against it or adhering to its enemies by giving them aid and comfort. No person shall be convicted of treason unless on the testimony of two witnesses to the same overt act, or on confession in open court. No conviction of treason or attainder shall work corruption of blood or forfeiture.

SEC. 30. *Militia and the right to bear arms.* A well regulated militia being necessary to the security of a free State, the right of the people to keep

and bear arms shall not be infringed; and, as standing armies in time of peace are dangerous to liberty, they shall not be maintained, and the military shall be kept under strict subordination to, and governed by, the civil power. Nothing herein shall justify the practice of carrying concealed weapons, or prevent the General Assembly from enacting penal statutes against that practice.

SEC. 31. *Quartering of soldiers.* No soldier shall in time of peace be quartered in any house without the consent of the owner, nor in time of war but in a manner prescribed by law.

SEC. 32. *Exclusive emoluments.* No person or set of persons is entitled to exclusive or separate emoluments or privileges from the community but in consideration of public services.

SEC. 33. *Hereditary emoluments and honors.* No hereditary emoluments, privileges, or honors shall be granted or conferred in this State.

SEC. 34. *Perpetuities and monopolies.* Perpetuities and monopolies are contrary to the genius of a free state and shall not be allowed.

SEC. 35. *Recurrence to fundamental principles.* A frequent recurrence to fundamental principles is absolutely necessary to preserve the blessings of liberty.

SEC. 36. *Other rights of the people.* The enumeration of rights in this Article shall not be construed to impair or deny others retained by the people.

ARTICLE II

LEGISLATIVE

SECTION 1. *Legislative power.* The legislative power of the State shall be vested in the General Assembly, which shall consist of a Senate and a House of Representatives.

SEC. 2. *Number of Senators.* The Senate shall be composed of 50 Senators, biennially chosen by ballot.

SEC. 3. *Senate districts; apportionment of Senators.* The Senators shall be elected from districts. The General Assembly, at the first regular session convening after the return of every decennial census of population taken by order of Congress, shall revise the senate districts and the apportionment of Senators among those districts, subject to the following requirements:

(1) Each Senator shall represent, as nearly as may be, an equal number of inhabitants, the number of inhabitants that each Senator represents being determined for this purpose by dividing the population of the district that he represents by the number of Senators apportioned to that district;

(2) Each senate district shall at all times consist of contiguous territory;

(3) No county shall be divided in the formation of a senate district;

(4) When established, the senate districts and the apportionment of Senators shall remain unaltered until the return of another decennial census of population taken by order of Congress.

SEC. 4. *Number of Representatives.* The House of Representatives shall be composed of 120 Representatives, biennially chosen by ballot.

SEC. 5. *Representative districts; apportionment of Representatives.* The Representatives shall be elected from districts. The General Assembly, at the first regular session convening after the return of every decennial census of population taken by order of Congress, shall revise the representative districts and the apportionment of Representatives among those districts, subject to the following requirements:

(1) Each Representative shall represent, as nearly as may be, an equal number of inhabitants, the number of inhabitants that each Representative represents being determined for this purpose by dividing the population of the district that he represents by the number of Representatives apportioned to that district;

(2) Each representative district shall at all times consist of contiguous territory;

(3) No county shall be divided in the formation of a representative district;

(4) When established, the representative districts and the apportionment of Representatives shall remain unaltered until the return of another decennial census of population taken by order of Congress.

SEC. 6. *Qualifications for Senator.* Each Senator, at the time of his election, shall be not less than 25 years of age, shall be a qualified voter of the State, and shall have resided in the State as a citizen for two years and in the district for which he is chosen for one year immediately preceding his election.

SEC. 7. *Qualifications for Representative.* Each Representative, at the time of his election, shall be a qualified voter of the State, and shall have resided in the district for which he is chosen for one year immediately preceding his election.

SEC. 8. *Elections.* The election for members of the General Assembly shall be held for the respective districts in 1972 and every two years thereafter, at the places and on the day prescribed by law.

SEC. 9. *Term of office.* The term of office of Senators and Representatives shall commence at the time of their election.

SEC. 10. *Vacancies.* Every vacancy occurring in the membership of the General Assembly by reason of death, resignation, or other cause shall be filled in the manner prescribed by law.

SEC. 11. *Sessions.*

(1) *Regular sessions.* The General Assembly shall meet in regular session in 1973 and every two years thereafter on the day prescribed by law.

Neither house shall proceed upon public business unless a majority of all of its members are actually present.

(2) *Extra sessions on legislative call.* The President of the Senate and the Speaker of the House of Representatives shall convene the General Assembly in extra session by their joint proclamation upon receipt by the President of the Senate of written requests therefor signed by three-fifths of all the members of the Senate and upon receipt by the Speaker of the House of Representatives of written requests therefor signed by three-fifths of all the members of the House of Representatives.

SEC. 12. *Oath of members.* Each member of the General Assembly, before taking his seat, shall take an oath or affirmation that he will support the Constitution and laws of the United States and the Constitution of the State of North Carolina, and will faithfully discharge his duty as a member of the Senate or House of Representatives.

SEC. 13. *President of the Senate.* The Lieutenant Governor shall be President of the Senate and shall preside over the Senate, but shall have no vote unless the Senate is equally divided.

SEC. 14. *Other officers of the Senate.*

(1) *President Pro Tempore — succession to presidency.* The Senate shall elect from its membership a President Pro Tempore, who shall become President of the Senate upon the failure of the Lieutenant Governor-elect to qualify, or upon succession by the Lieutenant Governor to the office of Governor, or upon the death, resignation, or removal from office of the President of the Senate, and who shall serve until the expiration of his term of office as Senator.

(2) *President Pro Tempore — temporary succession.* During the physical or mental incapacity of the President of the Senate to perform the duties of his office, or during the absence of the President of the Senate, the President Pro Tempore shall preside over the Senate.

(3) *Other officers.* The Senate shall elect its other officers.

SEC. 15. *Officers of the House of Representatives.* The House of Representatives shall elect its Speaker and other officers.

SEC. 16. *Compensation and allowances.* The members and officers of the General Assembly shall receive for their services the compensation and allowances prescribed by law. An increase in the compensation or allowances of members shall become effective at the beginning of the next regular session of the General Assembly following the session at which it was enacted.

SEC. 17. *Journals.* Each house shall keep a journal of its proceedings, which shall be printed and made public immediately after the adjournment of the General Assembly.

SEC. 18. *Protests.* Any member of either house may dissent from and protest against any act or resolve which he may think injurious to the public

or to any individual, and have the reasons of his dissent entered on the journal.

SEC. 19. *Record votes.* Upon motion made in either house and seconded by one fifth of the members present, the yeas and nays upon any question shall be taken and entered upon the journal.

SEC. 20. *Powers of the General Assembly.* Each house shall be judge of the qualifications and elections of its own members, shall sit upon its own adjournment from day to day, and shall prepare bills to be enacted into laws. The two houses may jointly adjourn to any future day or other place. Either house may, of its own motion, adjourn for a period not in excess of three days.

SEC. 21. *Style of the acts.* The style of the acts shall be: "The General Assembly of North Carolina enacts:".

SEC. 22. *Action on bills.* All bills and resolutions of a legislative nature shall be read three times in each house before they become laws, and shall be signed by the presiding officers of both houses.

SEC. 23. *Revenue bills.* No law shall be enacted to raise money on the credit of the State, or to pledge the faith of the State directly or indirectly for the payment of any debt, or to impose any tax upon the people of the State, or to allow the counties, cities, or towns to do so, unless the bill for the purpose shall have been read three several times in each house of the General Assembly and passed three several readings, which readings shall have been on three different days, and shall have been agreed to by each house respectively, and unless the yeas and nays on the second and third readings of the bill shall have been entered on the journal.

SEC. 6. *Supreme Court.*

(1) *Membership.* The Supreme Court shall consist of a Chief Justice and six Associate Justices, but the General Assembly may increase the number of Associate Justices to not more than eight. SEC. 10. *District Courts.* The General Assembly shall, from time to time, divide the State into a convenient number of local court districts and shall prescribe where the District Courts shall sit, but a District Court must sit in at least one place in each county. The principle of rotating Superior Court Judges among the various districts of a division is a salutary one and shall be observed. For this purpose the General Assembly may divide the State into a number of judicial divisions. SEC. 12. *Jurisdiction of the General Court of Justice.*

SEC. 13. *Forms of action; rules of procedure.*

(1) *Forms of Action.* There shall be in this State but one form of action for the enforcement or protection of private rights or the redress of private wrongs, which shall be denominated a civil action, and in which there shall be a right to have issues of fact tried before a jury. Every action prosecuted by the people of the State as a party against a person charged with a public offense, for the punishment thereof, shall be termed a criminal action.

(2) *Rules of procedure.* The Supreme Court shall have exclusive authority to make rules of procedure and practice for the Appellate Division. The General Assembly may make rules of procedure and practice for the Superior Court and District Court Divisions, and the General Assembly may delegate this authority to the Supreme Court. No rule of procedure or practice shall abridge substantive rights or abrogate or limit the right of trial by jury. If the General Assembly should delegate to the Supreme Court the rule-making power, the General Assembly may, nevertheless, alter, amend, or repeal any rule of procedure or practice adopted by the Supreme Court for the Superior Court or District Court Divisions.

SEC. 14. *Waiver of jury trial.* In all issues of fact joined in any court, the parties in any civil case may waive the right to have the issues determined by a jury, in which case the finding of the judge upon the facts shall have the force and effect of a verdict by a jury.

SEC. 15. *Administration.* The General Assembly shall provide for an administrative office of the courts to carry out the provisions of this Article.

SEC. 16. *Terms of office and election of Justices of the Supreme Court, Judges of the Court of Appeals, and Judges of the Superior Court.* Justices of the Supreme Court, Judges of the Court of Appeals, and regular Judges of the Superior Court shall be elected by the qualified voters and shall hold office for terms of eight years and until their successors are elected and qualified. Any Justice or Judge against whom the General Assembly may be about to proceed shall receive notice thereof, accompanied by a copy of the causes alleged for his removal, at least 20 days before the day on which either house of the General Assembly shall act thereon. Removal from office by the General Assembly for any other cause shall be by impeachment.

(2) *Additional method of removal of Judges.* The General Assembly shall prescribe a procedure, in addition to impeachment and address set forth in this Section, for the removal of a Justice or Judge of the General Court of Justice for mental or physical incapacity interfering with the performance of his duties which is, or is likely to become, permanent, and for the censure and removal of a Justice or Judge of the General Court of Justice for wilful misconduct in office, wilful and persistent failure to perform his duties, habitual intemperance, conviction of a crime involving moral turpitude, or conduct prejudicial to the administration of justice that brings the judicial office into disrepute.

(3) *Removal of Magistrates.* The General Assembly shall provide by general law for the removal of Magistrates for misconduct or mental or physical incapacity.

(4) *Removal of Clerks.* Any Clerk of the Superior Court may be removed from office for misconduct or mental or physical incapacity by the senior regular resident Superior Court Judge serving the county. When the unexpired term of any of the offices named in this Article of the Constitution in which a vacancy has occurred, and in which it is herein provided that the Governor shall fill the vacancy, expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill that vacancy for the unexpired term of the office. If any person elected or appointed to any of these offices shall fail to qualify, the office shall be appointed to, held, and filled as provided in case of vacancies occurring therein. All incumbents of these offices shall hold until their successors are qualified.

SEC. 20. *Revenues and expenses of the judicial department.* The General Assembly shall provide for the establishment of a schedule of court fees and costs which shall be uniform throughout the State within each division of the General Court of Justice. At this election there shall be submitted to the qualified voters of the county the question of setting up and operating in the county an alcoholic beverage control store, or stores, as herein provided. Those favoring the setting up and operation of alcoholic beverage control stores in the county shall mark in the voting square to the left of the words ‘for county alcoholic beverage control

stores' printed on the ballot, and those opposed to setting up and operating alcoholic beverage control stores in the county shall mark in the voting square to the left of the words 'against county alcoholic beverage control stores,' printed on the same ballot. If a majority of the votes cast in such election shall be for county alcoholic beverage control stores, then an alcoholic beverage control store, or alcoholic beverage control stores, may be set up and operated in the county as herein provided. If a majority of the votes cast at the election are against county alcoholic beverage control stores, then no alcoholic beverage control store shall be set up or operated in the county under the provisions of this Chapter.

The election shall be called in the county by the board of elections of the county only upon the written request of the board of county commissioners therein, or upon a petition to the board of elections signed by a number of voters of the county equal to at least twenty percent (20%) of the number of registered voters of the county according to the registration figures as certified by the board of elections on the date the petition is presented to the county board of elections. In calling the special election, the county board of elections shall give at least 30 days' public notice of the election before the closing of the registration books for said election, and the registration books shall close at the same time as for a regular election. A new registration of voters for such special alcoholic beverage control election is not required, and all qualified electors who are properly registered prior to the registration for the special election, as well as those electors who register for the special alcoholic beverage control election, shall be entitled to vote in the election.

Unless otherwise specified in this section, the procedural requirements relating to the petition shall be as provided in G.S. 18A-52(b), (c), (d), and (e), except the question shall be 'FOR' and 'AGAINST' county alcoholic beverage control stores.

During this period, the county control board shall dispose of all alcoholic beverages on hand, all fixtures, and all other property in the hands and under the control of the county control board and shall convert the same into money and shall, after making a true and faithful accounting, turn all money in its hands over to the general funds of the county.

No election under this section shall be held on the day of any biennial election for county officers, or within 45 days of such an election. The date of any elections held under this section shall be fixed by the board of elections of the county wherein the election is held.

No other election shall be called and held in any of the counties in the State under the provisions of this section within three years from the holding of the last election under this section. In any county in which an election was held either under the provisions of Chapters 418 and 493 of the Public Laws of 1935, an election may be called under the provisions of this section, provided that no

such election shall be called within three years of the holding of the last election.

Nothing herein contained shall be so construed as to require counties in which alcoholic beverage control stores have been established under Chapters 418 or 493 of the Public Laws of 1935 to have any further election in order to enable them to establish alcoholic beverage control stores. Counties in which alcoholic beverage control stores are now being operated under Chapters 418 or 493 of the Public Laws of 1935 shall from February 22, 1937, be operated under the terms of this Chapter."

CHAPTER 36

AN ACT TO PROVIDE FOR VOLUNTARY ANNEXATION BY THE CITY OF WILMINGTON OF AREAS, TERRITORIES, OR SUBDIVISIONS NOT CONTIGUOUS TO THE MUNICIPAL BOUNDARIES OF THE CITY OF WILMINGTON.

Whereas, Article 36 of Chapter 160 of the General Statutes of North Carolina contains no provision for the annexing of areas, territories or subdivisions not contiguous to the municipal boundaries of the City of Wilmington; and

Whereas, it would be in the interest of the public health, safety and welfare of the inhabitants of said city and would permit a more orderly growth of the municipal boundaries of said city to allow the annexation of noncontiguous areas, territories or subdivisions by petition of the property owners who desire that their property be annexed; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. That the owner or owners of any area, territory or subdivision within the boundaries of New Hanover County but not within the boundaries or extraterritorial jurisdiction of any other municipality, whose property is not contiguous to the municipal boundaries of the City of Wilmington, may, by petition directed to the City Council of the City of Wilmington, request that the property described in the petition be annexed and made a part of the City of Wilmington as hereinafter set out; provided any property annexed as herein provided must be located at the closest point not more than three miles from the City of Wilmington municipal limits wherein is located and situated the City Hall.

Sec. 2. That said petition shall be directed to the City Council of the City of Wilmington and shall contain:

(1) The names of the owners of the real property for which a request to annex is made.

(2) A description of the area to be annexed by metes and bounds.

(3) The signatures of all property owners of the area, territory or subdivision requesting annexation.

In the case of annexing a subdivision under this act, the petition must be signed by all owners of property within the subdivision, provided nothing herein shall be construed to authorize the annexation of a portion of a subdivision.

Upon receipt of the petition, the City Council of the City of Wilmington shall cause the clerk of the municipality to investigate the sufficiency thereof and to certify the results of his investigation.

Upon receipt of the certification and petition, the City Council shall fix dates for two public hearings on the question of annexation and shall cause notice of the public hearings to be published twice in a newspaper having general circulation in the municipality at least ten days prior to the date of the first public hearing, and published in like manner preceding the second public hearing. The second public hearing shall be held at least 20 days after the first public hearing. At such public hearings, all residents of New Hanover County opposing or favoring the annexation or alleging an error in the petition shall be given an opportunity to be heard. The City Council shall then determine whether the petition meets the requirements of this act.

Upon a further finding and determination by the City Council that:

(1) The public health, safety and welfare of the inhabitants of the City of Wilmington, as well as those of the area, territory or subdivision requesting such annexation, will best be served by such annexation, and

(2) The City of Wilmington will be able to provide the same services to the annexed area, territory or subdivision in the same manner in which other areas within the municipal boundaries of said city are served, the City Council of the City of Wilmington may adopt an ordinance annexing that area described in the petition; provided the ordinance annexing the area, territory or subdivision shall be passed at each meeting of the City Council where a public hearing is held as hereinbefore provided. From and after the effective date of said ordinance, which date shall not be less than 90 days from and after the final passage of said ordinance, the area, territory or subdivision and its citizens shall be subject to all debts, laws, ordinances and regulations in force in said City of Wilmington and shall be entitled to the same benefits and privileges of other parts of said city. The newly annexed area, territory or subdivision shall be subject to city taxes for the fiscal year following the effective date of annexation.

Sec. 3. The City Council of the City of Wilmington may make said annexation contingent on such conditions as it may desire in order to insure that the area, territory or subdivision proposed to be annexed will not receive preferential treatment.

Sec. 4. The City Council, in its discretion, may charge in any noncontiguous area, territory or subdivision annexed water or sewer rates in excess of those charged within the municipal limits wherein is located the City Hall, and from time to time the council shall review the expenses related to any noncontiguous area to determine that said expenses are not in excess of taxes and revenues derived therefrom.

Sec. 5. Any area, territory or subdivision annexed pursuant to this act shall cease to be noncontiguous for all intents and purposes when and in the event said area shall touch the municipal limits of the City of Wilmington

pursuant to the extension of the boundaries of said city pursuant to Article 36, Chapter 160 of the General Statutes of North Carolina.

Sec. 6. Any area, territory or subdivision annexed pursuant to this act shall not be included in that area of the municipal boundaries used for determining any extraterritorial jurisdiction of the City of Wilmington and further shall not be considered within the municipal boundaries for the purposes of defining an area as contiguous to the city limits within the provisions of Part 3 of Article 36 of Chapter 160 of the General Statutes of North Carolina with reference to further annexation unless and until the area, territory or subdivision annexed pursuant hereto shall, by extension of the municipal boundaries pursuant to Article 36 of Chapter 160 of the General Statutes of North Carolina, touch and become a part of the municipal boundaries of the City of Wilmington wherein is located the City Hall. Any area, territory or subdivision annexed pursuant hereto may be included at only forty percent (40%) of the normal rate for the purposes of population density or character of any larger area, territory, or subdivision to be annexed at any time in the future pursuant to the provisions of Part 3 of Article 36 of Chapter 160 of the General Statutes of North Carolina.

Sec. 7. The total area of all noncontiguous portions of the city annexed pursuant to this act shall at no time exceed ten percent (10%) of the total area of the City of Wilmington wherein is located the City Hall.

Sec. 8. This act shall be supplemental and in addition to any other methods or procedure for annexation heretofore available or hereafter provided for the City of Wilmington.

Sec. 9. If any clause, sentence, paragraph, subsection, section or any part of this act shall for any reason be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such judgment shall not affect, impair or invalidate the remainder of this act but shall be confined in its operation to the part thereof directly involved in said judgment.

Sec. 10. All laws and clauses of laws in conflict with this act are repealed.

Sec. 11. This act shall be effective upon ratification.

“Credits Against the Service of Sentences
and for Attainment of Prison Privileges.

The credit provided shall be calculated from the date custody under the charge commenced and shall include credit for all time spent in custody pending trial, trial de novo, appeal, retrial, or pending parole and probation revocation hearing: Provided, however, the credit available herein shall not include any time that is credited on the term of a previously imposed sentence to which a defendant is subject.

However, nothing in this section shall be construed as requiring an automatic award of privileges by virtue of the passage of time.

“§ 15-196.4. *Procedures for judicial award.*—Upon sentencing or activating a sentence, the judge presiding shall determine the credits to which the defendant is entitled and shall cause the clerk to transmit to the custodian of the defendant a statement of allowable credits. Upon committing a defendant upon the conclusion of an appeal, or a parole or probation revocation, the committing authority shall determine any credits allowable on account of these proceedings and shall cause to be transmitted, as in all other cases, a statement of the allowable credit to the custodian of the defendant. Upon reviewing a petition seeking credit not previously allowed, the court shall determine the credits due and forward an order setting forth the allowable credit to the custodian of the petitioner.”

All such sales or exchanges shall, except as otherwise authorized in Sections 9.2 and 9.3, be subject to confirmation or rejection by the Board and shall be at public auction after advertisement as hereinafter described, except that where otherwise authorized and provided by general law such sale or exchange may be made under the authority and provisions of such general law, and that as to the following, such sale or exchange may be by private sale or otherwise, as the Board may determine to be for the best interest of the City:

(a) Cemetery lots.

(b) Real or personal property where the value does not exceed the sum of two thousand dollars (\$2,000), or if jointly owned, where the value of the city's interest therein does not exceed such sum.

(c) Where the City is selling to or exchanging with any other governmental unit or the agency thereof within the United States.

(d) Where the property has been acquired for delinquent taxes and the sale is being made to the former owner.

"Sec. 9.2. *Disposal of Surplus Real Property.* The Board of Aldermen shall have power, in addition to the power granted by the general laws, to sell any real property which the Board has declared to be surplus in the following manner:

(a) Upon receipt of a deposit of five percent (5%) of an offer to purchase any such lot or parcel of land, the Board of Aldermen may cause a notice to be published once a week for four successive weeks in some newspaper published in the City, describing the property and stating the amount of the offer received therefor, and inviting other and better bids for the property and giving notice that any and all better bids for the property should be filed with the City Manager, with a deposit in the amount of five percent (5%) of each increased offer, on or before twelve o'clock noon on a date to be specified in the notice, which shall not be less than 21, nor more than 31 days next following the first publication of the notice as above provided for. No bid shall be received after

twelve o'clock noon of the date so specified unless the Board of Aldermen shall cause the property to be readvertised and again offered for sale as hereinafter provided.

(b) At any time after the expiration of the date of the time limited for the receipt of bids as aforesaid, not exceeding 60 days, the Board of Aldermen shall proceed to consider any and all bona fide offers made for the property, accompanied by the deposit of five percent (5%) of the amount thereof as hereinabove provided, and may thereupon confirm the sale of the property to the party, person or persons so making the highest bona fide offer, with deposit as aforesaid; provided, the Board of Aldermen shall find that, in its opinion, the price so offered is fair and adequate and all that the property is reasonably worth.

(c) The Board of Aldermen, in its discretion, instead of confirming any such sale, shall have the right, power and authority to proceed to readvertise and again offer such property for sale in like manner as in the first instance; or it may discontinue further action in the premises and indefinitely postpone or terminate all negotiations and proposals for the sale of the property.

(d) Two or more offers for two or more separate lots or parcels of land may be combined and advertised in the same notice.

(e) The Board of Aldermen, in their resolution declaring the real property to be surplus, shall direct the City Manager or other appropriate officials whether to follow the procedure set forth under the general laws or the alternate procedure set forth in this Article.

"Sec. 9.3. *Disposal of Surplus Personal Property.* The Board of Aldermen shall have power, in addition to the power granted by the general laws, to sell or to direct any of its officers or employees to sell any personal property which the Board of Aldermen has declared to be surplus property in the following manner:

(a) Without bids or advertisement, at private sale, if the property has a market value of two thousand dollars (\$2,000) or less.

(b) To the highest bidder upon receipt of informal written bids, with only such advertisement as the Board of Aldermen may direct, if the property has a market value of more than two thousand dollars (\$2,000) but no more than two thousand five hundred dollars (\$2,500); provided, all such bids received shall be recorded on the minutes of the Board of Aldermen.

(c) To the highest bidder upon receipt of sealed bids after one week's public notice, if the property has a market value in excess of two thousand five hundred dollars (\$2,500); provided, all such sealed bid proposals shall be opened in public and recorded on the minutes of the Board of Aldermen.

"Sec. 9.4. *Notice, Publication and Posting.* Whenever advertisement is required for the sale or other disposition of city property, notice of such sale, describing the property to be sold, the time, place and terms of the sale, the amount of deposit required and other information deemed pertinent, shall be run once a week for four consecutive weeks preceding the sale in a newspaper having general circulation in the City and which is qualified to carry legal notices. A copy of such notice shall also be posted at the Wayne County Courthouse for 30 days preceding the sale.

"Sec. 9.5. *Lease of City Property.* The Board of Aldermen shall have power, in addition to the power granted by the general laws to rent or lease any property owned by the City, whether originally acquired for governmental or other purposes, if, in the opinion of the Board of Aldermen, the property will not be

needed by the City for the period of the lease. The term of the lease shall not exceed 10 years. A lease may be made privately by the Board or publicly after notice is given in such manner and for such length of time as prescribed by the Board. In any case, however, where the lessee enters into a binding obligation to erect upon property owned by the City improvements to cost not less than one hundred thousand dollars (\$100,000), the Board may rent or lease such property for a term not to exceed 40 years, and such lease may be made by the Board either privately or publicly and upon such terms as in the judgment of the Board will promote the best interest of the City.

“Sec. 9.6. *Cemetery Lots; Sale.* The City Manager may sell cemetery lots in the city cemeteries, subject to the rules and regulations adopted by the Board of Aldermen. All deeds or instruments conveying title to such lots shall be signed by the City Manager and attested by the City Clerk.

“Sec. 9.7. *Releases and Quitclaims.* (a) Release, amount and form. The City Manager is hereby authorized to execute releases of persons, firms and corporations because of damages to personal property belonging to the City when the full amount of damages to such property is ascertained and statement thereof has been furnished to the Manager by the City Attorney, and the amount of such release does not exceed five hundred dollars (\$500.00). In the event that a draft or check is presented to the City which constitutes a release, instead of a regular release form, the Manager may direct that such draft or check be handled as other payments to the City, and when approved by the Manager, it shall constitute a release to the extent stated on the draft or check.

(b) Quitclaim, unused public property. The City may quitclaim any rights it may have in property not needed for public purposes upon report by the City Attorney and City Manager and adoption of a resolution by the Board of Aldermen, both finding that the property is not needed for public purposes, and that the city's interest has no readily ascertainable monetary value.

“ARTICLE X. LOCAL IMPROVEMENTS AND ASSESSMENTS

FOR LOCAL IMPROVEMENTS

“Sec. 10.1. *Authority to Make Local Improvements.* The Board of Aldermen shall have authority to make the local improvements described in this Charter, as in its discretion it may deem appropriate, with or without any petition so to do and to assess the total cost against the abutting property. The procedure set forth in this Article shall not be exclusive, but shall be in addition to any other procedure provided by law.

“Sec. 10.2. *Separate Proceedings Not Required.* One or more local improvements may be made in a single proceeding, and assessments for one or more local improvements may be combined.

“Sec. 10.3. *Definitions.* Certain words and phrases will be used with the following meanings with reference to local improvements, unless some other meaning is plainly intended.

(a) A *street* is the entire width between property lines of every way or place, of whatever nature, when any part thereof is dedicated or open to the use of the public as a matter of right for the purpose of vehicular or pedestrian traffic, and whether such portion devoted to traffic be divided by any railroad, or other utility right-of-way, parkway or in any other manner.

(b) A *sidewalk* is the part of a street which is used or to be used for pedestrian traffic.

(c) A *storm sewer* is a conduit above or below ground for the passage of storm

water and may include a pumping station and outlet where deemed necessary and may also include the building of culverts over or the enclosing of streams where needed to carry off storm water.

(d) A *sanitary sewer* is an underground conduit for the passage of sewage and may include a pumping station and outlet.

(e) A *water main* is a pipe for the passage of city water for public hydrants and private and public use and consumption.

(f) A *lateral* is a pipe connecting a storm or sanitary sewer or water main with the line of adjacent property or the curbline, being either a sewer lateral or water lateral, but does not include a building connection, that is, a pipe extending from a lateral at the property line or curbline to the house or plumbing fixture to be served.

(g) A *roadway* is the part of a street which is used or to be used for vehicular traffic.

(h) The word *sewer* includes both sanitary and storm sewers unless a contrary intention is shown.

“Sec. 10.4. *Improvements Described.* The Board of Aldermen shall have authority to make the following local improvements:

(a) Roadway paving improvements, which include the grading, regrading, paving, repaving and widening of roadways, or the improvement thereof with any treatment designed to provide an improved wearing surface with necessary drainage, sewer inlets, manholes and catch basins and the construction or reconstruction of retaining walls made necessary by any change of grade incident to such improvement, and, in any case where the improvement is made, if the Board so directs, it may include the construction or reconstruction of curbs, gutters, drains and sidewalks.

(b) Water main improvements, which include the laying or construction of water mains, the relaying where necessary of parts of paved roadways and sidewalks torn up or damaged by the laying or construction of such mains, and, in any case where the improvement is made and the Board so directs, the laying of water laterals.

(c) Sanitary sewer improvements, which include the laying or construction of sanitary sewers, the relaying where necessary of parts of paved roadways and sidewalks torn up or damaged by the laying or construction of such sewers, and, in any case where the improvement is made and the Board so directs, the laying of sanitary sewer laterals.

(d) Storm sewer improvements, which include the laying or construction of storm sewers, the relaying where necessary of parts of paved roadways and sidewalks torn up or damaged by the laying or construction of such sewers, and, in any case where the improvement is made and the Board so directs, the laying of storm sewer laterals.

(e) Sidewalk improvements, which include the grading, regrading, construction, reconstruction and repair of paved or other improved sidewalks, the construction or reconstruction of retaining walls made necessary by and incident to such improvements, and in any case where the improvement is made, if the Board so directs, it may include the construction or reconstruction of curbs, gutters and drains, and the construction or reconstruction of all such

portions of driveways as in the judgment of the Board ought to be laid in the street area.

(f) Grass plot improvements, which include the grading and planting of grass plots in a street.

"Sec. 10.5. Water and Sewer Mains between Streets; Assessment; City to Bear Costs of Right-of-way. Whenever the Board finds it in the public interest, and it will be more economical and the interest of the property owners will best be served by construction of either water or sanitary sewer mains, or both, between streets rather than in a street, they may be constructed between streets. The cost of the construction of such water or sewer mains and laterals shall be assessed according to the street frontage in the same manner and to the same extent that it would be assessed if the improvements were constructed in a street; provided that the City shall provide the rights-of-way for construction and maintenance of such mains at its own expense without assessing the cost thereof.

"Sec. 10.6. Inclusion of More Than One Improvement in Single Proceeding. (a) Uniformity of cost and kind. Any proceeding may include one or more local improvements on one or more streets, but all improvements included in one procedure shall be practically uniform in cost and kind. A proceeding may include improvements on only one side of a street.

(b) Assessment of costs, manner and method. The proceeding may provide for making any one or more local improvements in or on a street or streets and for the assessment of the cost thereof, except the city's portion, wholly against the property abutting one side of such street or streets or otherwise against such abutting property as may be designated in the petition, if one, and if not in the resolution ordering the proceeding, in any of the following cases: (1) In any case, where there is a park land or unimproved land abutting one side or a part of one side of a street; or (2) where the land abutting one side or a part of one side of a street is of such a nature or is devoted to such purpose that a special assessment against it cannot be made, or, if made would probably exceed the value of the land assessed; or (3) where the owners of all the property to be assessed agree thereto.

"Sec. 10.7. Resolution ordering improvements; publications. (a) After the Board determines to make the improvements proposed, it shall adopt a resolution which shall contain:

- (1) If the improvements are to be made by petition, a finding by the Board as to the sufficiency of the petition, which finding shall be final and conclusive.
- (2) If the improvements are to be made without petition, a finding by the Board of such facts as are required in order to authorize improvements without petition.
- (3) A general description of the improvements to be made, and the designation of the street or streets or parts thereof where the work is to be done.
- (4) If the improvement directed to be made includes the construction of water mains or sewers, and in order to provide the mains or sewers in the street or streets to be improved, it is necessary to extend them beyond the limits of the street or streets, the resolution shall contain a provision for the necessary extension of such mains or sewers, and a further provision that the cost of such extension shall be assessed against the lots

or parcels of land abutting the street or streets in which such extensions are made, but that assessments shall not be made until such time as the Board shall thereafter determine by appropriate resolution.

- (5) If the improvement directed to be made is the paving of a roadway or part thereof, or the construction of sidewalks, the resolution may, but need not, contain a direction that the owner of each lot abutting the part of the street to be improved connect his lot by means of laterals with water mains, gas or sewer pipes, or any one or more thereof, located in the street adjacent to his premises in accordance with the requirements governing the laying of laterals, and that unless the owners cause laterals to be laid on or before a date specified in the resolution, the date to be not less than 30 days after the date of the resolution, the Board will cause the same to be laid.

- (6) A designation of the proportion of the cost of the improvements to be assessed against abutting property, and of the number of equal annual installments in which assessments may be paid.

(b) Publication and posting of notice. The resolution after its passage shall be published at least once in some newspaper of general circulation in the City which is qualified to carry legal notices, or if there be no such newspaper, the resolution shall be posted in three public places in the City for at least five days, except that in any case where the Board directed that the notice should be served or mailed instead of being published, the resolution ordering the improvements need not be either published or posted.

“Sec. 10.8. *Details of Construction; Contracts for Construction.* The Board shall have power to determine the character and type of construction and of material to be used and to determine any other details of plan or construction necessary to be determined in making any local improvements and to determine whether any work to be done by the City shall be done by contract or by the City. The Board shall have power, also, unless otherwise limited, to determine the number of water, sewer and gas laterals that shall be laid to any lot on any street to be improved. If the work or any part thereof is to be done by contract, the Board may let all of the work in one contract, or it may divide it into several contracts and may let contracts separately.

“Sec. 10.9. *Determination as to Cost of Improvements.* Upon completion of the improvements, the Board shall ascertain the total cost. In addition to other items of cost there may be included therein the cost of all necessary legal services, the amount of interest paid during construction, the amount of damages paid or to be paid for injury to property by reason of any change of grade or drainage, including court costs and other expenses incidental to the determination of damages, and the cost of retaining walls, sidewalks or fences built or altered in lieu of cash payment for property damage, including the cost of moving or altering any building. The determination of the Board as to the total cost of any improvement shall be conclusive.

“Sec. 10.10. *Corner Lot Exemptions.* The Board of Aldermen shall have authority to establish schedules of exemptions from assessments for corner lots when a project is undertaken along both sides of such lots. The schedules of exemptions shall be based on categories of land use (residential, commercial, industrial, or agricultural) and shall be uniform for each category. The schedule of exemptions may not provide exemption of more than seventy-five percent

(75%) of the frontage of any side of a corner lot, or 150 feet, whichever is greater.

"Sec. 10.11. *Preliminary Assessment Roll, Contents, Publication, Posting, Serving or Mailing.* The Board shall cause to be prepared a preliminary assessment roll, on which shall be entered a brief description of each lot or parcel of land assessed, the amount assessed against each lot, the name or names of the owner or owners of each lot as far as the same can be ascertained; provided that a map of the improvements on which is shown the frontage and location of each affected lot, together with the amount assessed against each lot and the name or names of the owner or owners thereof as far as the same can be ascertained, shall be a sufficient assessment roll. If the resolution directed the making of more than one improvement, a single preliminary assessment roll for all the improvements authorized by such resolution shall be sufficient, but the cost of each improvement to each lot affected shall be shown separately. After the preliminary assessment roll has been completed, it shall be filed in the office of the City Clerk, and there shall be published in some newspaper of general circulation in the City which is qualified to carry legal notices, or if there be no such newspaper, the City Clerk shall cause to be posted in three public places in the City a notice of the completion of the assessment roll, setting forth a description in general terms of the improvements, and stating the time fixed for the meeting of the Board for the hearing of objections to the special assessments, such meeting to be not earlier than 10 days after the first publication or from the date of posting of said notice. Any number of assessment rolls may be included in one notice. In any case where the preliminary notice was served or mailed instead of being published, this notice need not be published or posted but may be served or mailed. The serving or mailing of notices shall be completed not less than five days prior to the date fixed for the hearing of the assessment roll, and the return of the person serving or mailing the same shall, in the absence of fraud, be conclusive that the same were served or mailed.

"Sec. 10.12. *Hearing; Revision; Confirmation; Lien.* At the time appointed for that purpose or at some other time to which it may adjourn, the Board shall hear objections to the preliminary assessment roll of all persons interested who may appear and offer proof in relation thereto. Then or thereafter, the Board shall either annul or sustain or modify in whole or in part the assessment, either by confirming the preliminary assessment against any or all lots or parcels described thereon, or by cancelling, increasing or reducing the same. If any property is omitted from the preliminary roll, the Board may place it on the roll and levy the proper assessment. The Board may thereupon confirm the assessment roll. Whenever the governing body shall confirm assessments for local improvements, the City Clerk shall enter on the Board minutes and on the assessment roll the date, hour and minute of confirmation, and from the time of confirmation the assessment shall be a lien on the property assessed of the same nature and to the same extent as county and city taxes and shall be superior to all other liens and encumbrances. After the assessment roll is confirmed, a copy of the same shall be delivered to the City Tax Collector.

"Sec. 10.13. *Appeal to Superior Court.* If the owner of, or any person interested in, any lot or parcel of land against which an assessment is made is dissatisfied with the amount of the assessment, he may, within 10 days after the confirmation of the assessment roll, give written notice to the Board that he takes an appeal to the Superior Court of Wayne County, in which case he shall

within 20 days after the confirmation of the assessment roll serve on the Mayor or City Clerk a statement of facts upon which he bases his appeal. The appeal shall be tried as other actions at law. The remedy herein provided for any person dissatisfied with the amount of the assessment against any property of which he is the owner or in which he is interested shall be exclusive.

"Sec. 10.14. *Error in Assessment, Power to Correct, Procedure.* If it shall appear after confirmation of any assessment roll that an error has been made, the City Clerk shall cause to be published one time in some newspaper of general circulation in the City, or if there be no such newspaper, the City Clerk shall cause to be posted at three public places in the City a notice referring to the assessment roll in which the error was made, naming the owner or owners of the lot or parcel of land affected by the error if the same can be ascertained, and naming the time and place fixed for a hearing by the Board for the correction of the error, such meeting not to be earlier than 10 days from the publication or from the date of the posting of the notice. At the time fixed in the notice or at some subsequent time to which the Board may adjourn, the Board, after giving the owner or owners of the property affected and other persons interested therein an opportunity to be heard, may proceed to correct the error, and the assessment then made shall have the same force and effect as if it had originally been properly made. No notice and hearing shall be necessary if the correction does not increase an assessment against any property not owned by the City, or if all of the property owners affected by the correction waive notice in writing.

"Sec. 10.15. *Reassessment.* The Board shall have the power, when in its judgment there is any irregularity, omission, error or lack of jurisdiction in any of the proceedings relating thereto, to set aside the whole of the local assessment made by it and thereupon to make a reassessment. In such case there shall be included, as a part of the cost of the improvements involved, all interest paid or accrued on notes or certificates of indebtedness or bonds issued by the City to pay the expenses of such improvement. The proceeding shall, as far as practicable, be in all respects as in the case of original assessments, and the reassessment shall have the same force as if it had originally been properly made.

"Sec. 10.16. *Publication of Notice of Confirmation of Assessment Roll.* After the expiration of 20 days from the confirmation of the assessment roll, the City Clerk shall cause to be published one time in some newspaper of general circulation in the City which is qualified to carry legal notices, or if there be no such newspaper, shall cause to be posted at three public places in the City a notice of confirmation of the assessment roll, and that assessments may be paid at any time before the expiration of 30 days from the date of publication or posting of the notice without interest from the date of confirmation of the assessment roll, but that if such assessment is not paid in full within said time, all installments thereof shall bear interest at the rate of six percent (6%) per annum from the date of confirmation of the assessment roll.

"Sec. 10.17. *Payment of Assessments in Cash or by Installments.* The property owner assessed shall have the option of paying for improvements in cash or in not less than two or more than five equal annual installments as may have been determined in the resolution ordering the improvements. If paid in installments, installments shall bear interest at the rate of eight percent (8%) per annum from the date of confirmation of the assessment roll. If any assessment is not paid in cash, the first installment with interest shall become

due and payable 30 days after the publication or posting of the notice of confirmation, and one subsequent installment and interest shall be due and payable on the same day of the same month in each successive year until the assessment is paid in full; provided, however, that if the Board shall so direct installments shall become due and payable on the same date when property taxes of the City are due and payable. If any installment with interest is not paid when due, it shall be subject to the same penalties as are now prescribed by law for unpaid taxes, in addition to the interest herein provided for. The whole assessment may be paid at any time by the payment of the full amount due with accrued interest.

“Sec. 10.18. *Procedure to Enforce Payment; Mandamus Against Railroads and State Agencies; Foreclosure Against Individuals.* Upon the failure of any property owner to pay any installment when due and payable, all of the installments remaining unpaid shall immediately become due and payable, and property and rights-of-way may be sold by the City under the same rules, regulations, rights of redemption and savings as are now prescribed by law for the sale of land for unpaid taxes. Collection of assessments with interest and penalties may also be made by the City by proceedings to foreclose the lien of assessments as a lien for mortgages is or may be foreclosed under the laws of the State, and it shall be lawful to join in any bill for foreclosure any one or more lots or parcels of land, by whomsoever owned, if assessed for an improvement ordered by the same resolution, after default in the payment of any installment. The payment of said installment, together with interest and penalties due thereon and any advertising and legal costs already incurred, before the lot or parcel of land against which the same is a lien is sold or said lien is foreclosed, shall bar the right of the City to sell land or to foreclose the lien by reason of default.

“Sec. 10.19. *Assessment of Cost of Water Main and Sewer Extensions.* If the resolution ordering the making of any improvement or improvements included a provision for any necessary extension of a water main or sewer or sewers beyond the limit of a street or streets, at such time after the completion of said extension or extensions, as in the judgment of the Board circumstances justify the assessment of the cost thereof, the Board shall cause a preliminary assessment to be made, and the procedure thereafter to be followed with respect to such assessment and the force and effect thereof shall be as already prescribed for other assessments.

“Sec. 10.20. *Apportionment of Assessments.* In any case where one or more special assessments have been made, and property has been or is about to be subdivided, and it is desirable that the assessments be apportioned among the subdivisions of such property, the Board may, upon application by the owner or owners, apportion the assessments among the subdivisions. Thereafter, each subdivision shall be relieved of any part of the original assessment except the part apportioned to the subdivision, and the part of the original assessment apportioned to any subdivision shall be of the same force and effect as the original assessment.

“Sec. 10.21. *Change of Ownership.* No change of ownership of any property or interests therein after the passage of a resolution ordering the making of a local improvement shall affect subsequent proceedings, and the improvement may be

completed and assessments made therefor as if there had been no change in ownership.

"Sec. 10.22. *Proceedings in Rem.* All proceedings for special assessments shall be proceedings in rem, and no mistake or omission as to the name of any owner or person interested in any lot or parcel of land affected thereby shall be regarded as a substantial mistake or omission.

"Sec. 10.23. *Grass Plot and Driveway Maintenance.* It shall be the responsibility of the abutting property owner to maintain any grass plot or driveway between the property line and the curb of a paved street.

"Sec. 10.24. *Abeyance of Certain Water and Sewer Assessments.* (a) Determination by Board, effect. The Board of Aldermen may provide by resolution that the collection of assessments levied against abutting lots or parcels of land for water main improvements or sanitary sewer improvements, when in its opinion such improvements may not presently be used by the owner or owners of the abutting lots or parcels of land, may be held in abeyance without the payment of any interest thereon until such time as the Board shall determine that any such assessments shall be paid in accordance with the terms set out in the confirming resolution. The collection of some part of the assessments levied for the improvements herein set out on a street or streets or portion thereof may be held in abeyance as herein provided without holding the collection of all of said assessments in abeyance.

(b) Statutes of limitations suspended. All statutes of limitations are hereby suspended during the time that the collection of any assessment is held in abeyance without the payment of interest as provided in subsection (a). Such time shall not be a part of the time limited for the commencement of action for the enforcement of the payment of any such assessment, and such action may be brought at any time within 10 years from the date of the adoption of a resolution by the Board determining that such assessment shall be paid in accordance with the original resolution confirming it.

(c) Retroactive construction prohibited. Nothing herein shall be construed to revive any right of action which has heretofore been barred by the Statute of Limitations.

"Sec. 10.25. *Abutting Property Outside City Limits.* (a) Determination by Board, effect. If any local improvements are made adjacent to any lands outside the city limits, the Board of Aldermen may upon the completion of such local improvements levy assessments against the abutting property in the same manner as if such abutting property were within the city limits and delay the collection of part or all of such assessments without any interest until the city limits are extended to include such abutting property, or the Board may provide that no water or sewer service connections shall be made to such property, pending the annexation thereof, until all assessments thereon are paid. Upon annexation, if not paid prior thereto, the Board may proceed to collect the assessments for such property. Nothing contained in this section shall be construed to prohibit or restrict the Board of Aldermen and a property owner from entering into an agreement for payments in lieu of assessments.

(b) Statutes of limitations suspended. All statutes of limitations are hereby suspended during the time that the collection of any assessment is held in abeyance without the payment of interest as provided in subsection (a). Such time shall not be a part of the time limited for the commencement of action for the enforcement of the payment of any such assessment, and such action may be

brought at the time within 10 years from the date of the adoption of a resolution by the Board determining that such assessment shall be paid in accordance with the original resolution confirming it.

(c) Retroactive construction prohibited. Nothing herein shall be construed to revive any right of action which has heretofore been barred by the Statutes of Limitations.

“ARTICLE XI. ROADS AND STREETS

“Sec. 11.1. *Establishment of Proposed Street Lines.* Whenever, in the opinion of the Board of Aldermen, it is for the best interest of the City that any street should be widened or extended, or both, or that a new street should be opened, the Board may pass an ordinance declaring that such street should be widened or extended, or both, or that such new street should be opened, and shall lay out in the ordinance the lines within which such street should be widened, extended or opened. If any street under the provisions of such ordinance is to be widened, it need not be widened on both sides; and if it is to be widened on both sides, the distance to be widened on both sides need not be the same. Any ordinance introduced for the purpose of widening, extending, or opening any street under the provisions of this Charter may not be adopted until the proposed ordinance is published in a newspaper of general circulation in the City and qualified to carry legal notices at least two times on separate days at least 10 days before the passage of the ordinance, or if there be no such newspaper, posted in three public places in the City. There shall be posted or published with the ordinance a notice stating when property owners may be heard by the Board. A public hearing on the question of the adoption of such ordinance shall be held prior to the passage of the ordinance.

“Sec. 11.2. *Notice to City Required Before Improvement.* After the passage of such ordinance, it shall be unlawful for any land within the proposed street lines established by such ordinance to be built upon or improved or for any part of any existing building within said lines to be repaired or otherwise improved until the City shall have first been given an opportunity to purchase or otherwise acquire said property for street purposes as provided in this Charter. To that end, any person proposing to build upon such land or to make repairs or improvements to that part of any existing building situated thereon shall, in writing, notify the Board of Aldermen of the nature and estimated cost of such building, repairs or improvements. The Board shall then determine whether it will take the necessary steps to acquire said land prior to the construction of said building or the making of such repairs or improvements, and if it fails within 60 days from date of receipt of said notice to acquire, or to institute condemnation proceedings to acquire, said property, the owner or other person giving such notice may proceed to erect the building in accordance with the ordinances and regulations of the City or to make the repairs or improvements described in said notice.

“Sec. 11.3. *Failure to Give Notice Bars Recovery.* If any person, firm or corporation builds upon any land included within proposed street lines or repairs or otherwise improves that part of any existing building within proposed street lines without giving the City an opportunity to acquire said land free from said improvements, as provided in the preceding section, the City shall not be required to pay for the value of the building, repairs or improvements in any

proceeding subsequently brought to acquire said land for the purpose set out in said section.

"Sec. 11.4. *Acquisition of Land.* If, upon receiving any notice in compliance with Section 2, the Board of Aldermen determines to acquire said land immediately, it may acquire the same by grant, purchase or condemnation. If the Board determines to proceed by condemnation, the condemnation shall be as set forth in the Charter.

"Sec. 11.5. *Cost of Land Acquired for Street Widening to be Assessed as Part of Improvement.* After any land has been purchased or condemned for the purpose of widening, extending or opening any street, and the land purchased or condemned lies within the limits of an improvement directed in said proceedings, then the amount paid by the City for the land purchased or condemned, together with the cost of the condemnation proceeding and interest on said amount paid and costs at the rate of six percent (6%) per annum from the date of payment, shall be included in the cost of said improvement and shall be assessed as provided by law against the property to be assessed for the improvements.

"Sec. 11.6. *Exercise of Condemnation Power After Failure to Condemn Following Notice.* The failure of the City to acquire any land within 60 days after receiving notice that the same is to be built upon or that a building thereon is to be repaired or otherwise improved, or its failure within said time to institute proceedings to condemn the same, shall not limit the right of the City at any subsequent time to condemn the same; but in such case, the owner shall be entitled to compensation as now provided by law for the building, repairs or improvements made after the giving of the required notice and the failure of the City to acquire said land free of said improvements.

"ARTICLE XII. EMINENT DOMAIN

"Sec. 12.1. *Condemnation; Authority and Procedure.* In addition to any other procedure permitted by law, the City of Goldsboro may exercise the power of eminent domain, both within and without the city limits, for any purpose for which it may condemn property, according to procedures of G.S. Chapter 136, Article 9.

"ARTICLE XIII. REGULATORY POWERS

"Sec. 13.1. *Subdivisions; Require Installation of Improvements.* (a) In connection with subdivision or platting controls, the Board of Aldermen may require the improvement and grading of streets and the construction and installation of street pavements, curbs, gutters, sidewalks, and water, sewer, surface water drainage and other utility mains as a condition precedent to approval of the plat. The requirements may provide for tentative approval of the plat previous to such improvement and installation, but any such tentative approval shall not be entered on the plat. The requirements may provide that in lieu of completion of the work and installations prior to final approval of the plat, the Board may accept a bond, in an amount and with surety and condition satisfactory to it, providing for and securing to the City the actual construction and installation of the improvements and utilities within a period specified by the Board and expressed in the bond. The City is empowered to enforce the bond by all appropriate legal and equitable remedies. Requirements adopted hereunder may be applied throughout the area over which the City is authorized by law to exercise platting or subdivision controls.

(b) The requirements may provide, in lieu of the completion prior to the final

approval of a plat of such work and installation on land within the area over which the City is authorized by law to exercise platting or subdivision control, for an assessment under this Charter or under Article 10, Chapter 160A of the General Statutes or other statutory authorization whereby the City may do the work and make the installations at the cost of the owners of the property within the subdivision.

“Sec. 13.2. *Applicable to Public Service Corporations.* All of the provisions of this Article and of any other laws granting planning, zoning and building regulatory powers to the City of Goldsboro, together with any ordinances passed by the Board of Aldermen of the City in the exercise of such powers, shall be applicable to and enforceable against all public utilities and other public service corporations.

“ARTICLE XIV. MISCELLANEOUS

“Sec. 14.1. *Animal Shelters.* The Board of Aldermen may participate in the ownership, construction, operation and management of one or more animal shelters, or dog pounds for the City or for the joint use of the City and Wayne County, under such terms as the two governing bodies may agree upon.

“ARTICLE XV. CLAIMS AGAINST THE CITY

“Sec. 15.1. *Presentation of Claims to Board of Aldermen.* No action shall be instituted or maintained against the City of Goldsboro upon any claim or demand whatever of any kind or character until the claimant shall have first presented in writing his or her claim or demand to the Board of Aldermen, and the Board shall have declined to pay or settle the same as presented, or for 60 days after presentation shall have neglected to enter or cause to be entered upon its minutes its determination in regard thereto. Nothing contained in this Article shall be construed to prevent any statute of limitations from commencing to run at the time when a claim accrued or demand arose, or in any manner to interfere with its running.

“Sec. 15.2. *Time for Presentation of Damage Claims.* (a) Notice, form and contents. Except as otherwise provided in this section, no action for damages of any character whatever, to either person or property, shall be instituted against the City, unless within six months after the happening or infliction of the injury complained of, the complainant, his executor, administrator, guardian or next friend shall have given notice in writing to the Board of Aldermen of the injury, stating in the notice the date and place of the injury, the manner of infliction, the character of the injury and the amount of damage claimed.

(b) Claims for taking or use of real property. No action shall be instituted against the City on account of damages to or compensation for real property used or taken by the City for any public purpose of any kind unless within two years after such alleged use, the owner, his executor, administrator, guardian or next friend shall have given notice in writing to the Board of Aldermen of the claim, the notice to set forth the date that the alleged use commenced, a description of the property alleged to have been used and the amount of damage or compensation claimed.

(c) Inability to give notice, physical or mental incapacity; minority. Notwithstanding the provisions of subsections (a) and (b), if a complainant suffers from physical or mental incapacity that renders it impossible for him to give notice, his action shall not be barred if notice of claim is given by him or on his behalf within six months after the termination of the physical or mental incapacity; provided that minority shall not of itself constitute physical or

mental incapacity. If the complainant is a minor, his action shall not be barred if notice of claim is given on his behalf within three years after the happening or the infliction of the injury complained of; or if the minor suffers from physical or mental incapacity that renders it impossible for him to give notice, his action shall not be barred if notice of claim is given on his behalf within six months after termination of the physical or mental incapacity, or within three years after the happening or infliction of the injury complained of, whichever is the longer period. The City at any time may request the appointment of a next friend to represent any person having a potential claim against the City and known to be suffering from physical or mental incapacity.

"Sec. 15.3. *Settlement of Claims by City Manager.* The City Manager may settle claims against the City for (1) personal injury or for damages to property when the amount involved does not exceed the sum of five hundred dollars (\$500.00) and does not exceed the actual loss sustained, including loss of time, medical expenses and any other expense actually incurred, and (2) the acquisition of small portions of private property which are needed by the City for the construction and operation of street, water, sewer, and other public purposes when the amount involved in any such settlement does not exceed the sum of five hundred dollars (\$500.00) and does not exceed the actual loss sustained. Settlement of a claim by the City Manager pursuant to this section shall constitute a complete release of the City from any and all damages sustained by the person involved in such settlement in any manner arising out of the accident, occasion or taking complained of. All such releases shall be subject to the approval of the City Attorney.

"ARTICLE XVI. CHARTER AMENDMENTS

"Sec. 16.1. *Incorporation of Amendments.* (a) As soon as possible after the adjournment of each General Assembly, the City Attorney shall present to the Board of Aldermen copies of all local laws relating to the property, affairs and government of the City of Goldsboro that were enacted by such General Assembly, whether or not amending in terms of this Charter. Such recommendations may include suggestions for renumbering or rearranging the provisions of such laws, for providing titles and catchlines, and for such other changes in arrangement and form that do not change the law, as may be thought necessary to implement the purposes of this section.

(b) After considering the recommendations of the City Attorney, the Aldermen may provide for the incorporation of such laws into this Charter.

(c) The purpose of this section is to enable the City to maintain at all times a current and accurate city charter, organized in clear and orderly fashion and embracing all pertinent local laws relating to the property, affairs and government of the City."

Sec. 2. The purpose of this act is to revise the Charter of the City of Goldsboro and to consolidate herein certain acts concerning the property, affairs, and government of the City. It is intended to continue without interruption those provisions of prior acts, which are consolidated into this act, so that all rights and liabilities that have accrued are preserved and may be enforced.

AN ACT TO REQUIRE PERSONS HUNTING DEER WITH RIFLES IN NORTHAMPTON COUNTY TO SECURE THE WRITTEN CONSENT OF THE LANDOWNERS.

Whereas, the sport of deer hunting has become a very popular practice in Northampton County and provides many pleasurable hours of sportsmanship as well as many delicious food dishes for those who participate along with their families and friends; and

Whereas, the art of true marksmanship is hereby recognized as a source of great pride to those fortunate enough to possess the skill; and

Whereas, many huntsmen from within and without the County of Northampton are practicing this art with precision by the use of high-powered rifles and rifles of smaller calibre; and

Whereas, the terrain of Northampton County is such that ammunition discharged by such rifles may travel great distances and is capable of inflicting injury or death upon humans or animals by unintentional means; and

Whereas, such possibility of injury or death has become apparent to great numbers of individuals, including huntsmen, farmers, cattle owners, and other private citizens to the extent that apprehension of tragedy has become of great concern; and

Whereas, passage of certain acts relative to and restricting certain hunting privileges in other and adjoining counties is calculated to increase the number of deer hunters migrating to Northampton County for the purpose of participating in the sport; and

Whereas, certain persons among such transient huntsmen are known to use rifles and are further known to use such rifles in a manner so as to increase the apprehension of the aforesaid residents of Northampton County; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. It shall be unlawful for any person to discharge (shoot) any rifle of a calibre larger than .22 for any purpose whatsoever, including but not limited to hunting or target practice, within Northampton County, without first securing the express written permission of the owner or lessee of the land on which such discharge is to occur.

Sec. 2. It shall be unlawful for any person to discharge (shoot) any rifle of a calibre larger than .22 for any purpose whatsoever, including but not limited to hunting or target practice, from any public road, public highway or right-of-way within Northampton County, without first securing the express written permission of the owner or lessee of the land which adjoins said public road, public highway or right-of-way and over which said discharge is to take place.

Sec. 3. The written permission to discharge (shoot) a rifle herein required by Section 1 and Section 2 shall be effective for only 12 months from the granting thereof. Any person securing such written permission shall carry on his person such written permission while in possession of a rifle of a calibre larger than .22 and while on lands covered by this act. Such written permission is not transferable.

Sec. 4. This act shall not be construed to limit the use of a .22 calibre rifle.

of not more than fifty dollars (\$50.00). All law enforcement officers including wildlife protectors are hereby authorized and directed to make arrests for violation of this act.

(c) In the event there is a dispute between the manufacturer, factory branch, distributor, or distributor branch, and the dealer with respect to any matter referred to in subsections (a) and (b) above, either party may petition the Commissioner in writing, within 30 days after either party has given written notice of the dispute to the other, for a hearing on the subject and the decision of

the Commissioner shall be binding on the parties, subject to rights of judicial review and appeal as provided in Article 33 of Chapter 143 of the General Statutes; provided, however, that nothing contained herein shall give the Commissioner any authority as to the content of any manufacturer's or distributor's warranty.

Trade area is that area specified in the franchise agreement or determined by the Motor Vehicle Dealers' Advisory Board. Provided, this section shall not apply to manufacturers or distributors of trailers or semi-trailers.

Section 1. G.S. 106-465 is amended by inserting between the second and third paragraphs the following:

"Each Tobacco Board of Trade organized pursuant to this section shall, on or before June 1, 1973, by regulation, require that all auction warehouse firms which are members of, or may hereafter request membership in, such Board of Trade for the purpose of displaying for sale and selling leaf tobacco, deposit with the Board of Trade prior to the market opening, a copy of a policy of fire insurance and extended coverage in a company licensed to do business in North Carolina to fully insure, as determined by the Board of Trade, the market value of the maximum volume of tobacco that will be weighed and left displayed for sale on said warehouse floor at any time during the marketing season. Warehouses using mechanized conveyor line auction sales where tobacco is not displayed for sale on sales floor would be excluded from the requirement of this regulation.

In determining the market value and maximum volume of tobacco that will be weighed and placed on said warehouse floor at any one time, the Board of Trade shall use as criteria the prior season's official gross average price for that belt, as recorded by the North Carolina Department of Agriculture and the maximum limit of daily sales, as recommended by the currently functioning flue-cured and burley tobacco marketing organizations, applied to each warehouse based on the firm's pro rata share of the market's maximum limit

daily sales opportunity, multiplied times the number of days of sales that said warehouse plans to place on sales floor at any one time, including any and all tobacco weighed and deposited with the warehouse as bailee for future sale. The data relating to the official average price and the maximum limits of daily sales shall be assembled and supplied by the North Carolina Commissioner of Agriculture or his representative to the Board of Trade in each tobacco market in North Carolina, at least 30 days prior to the opening of markets in each belt.

It shall be unlawful for any person, firm, or corporation to operate an auction sale in said market until said policy is so deposited with and approved by the Board of Trade. The Board of Trade shall enjoin the sale of tobacco by any warehouse firm that fails to so deposit a policy of fire insurance and extended coverage with the Board."

Sec. 2. This act shall become effective upon its ratification.

CHAPTER 112

AN ACT TO PROVIDE FOR VOLUNTARY ANNEXATION BY THE TOWN OF NASHVILLE OF AREAS, TERRITORIES, OR SUBDIVISIONS NOT CONTIGUOUS TO THE MUNICIPAL BOUNDARIES OF THE TOWN OF NASHVILLE.

Whereas, Article 36 of Chapter 160 of the General Statutes of North Carolina contains no provision for the annexing of areas, territories or subdivisions not contiguous to the municipal boundaries of the Town of Nashville; and

Whereas, it would be in the interest of the public health, safety and welfare of the inhabitants of said town and would permit a more orderly growth of the municipal boundaries of said town to allow the annexation of noncontiguous areas, territories or subdivisions by petition of the property owners who desire that their property be annexed; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. That the owner or owners of any area, territory or subdivision within the boundaries of Nash County but not within the boundaries or extraterritorial jurisdiction of any other municipality, whose property is not contiguous to the municipal boundaries of the Town of Nashville, may, by petition directed to the governing body of the Town of Nashville, request that the property described in the petition be annexed and made a part of the Town of Nashville as hereinafter set out; provided any property annexed as herein provided must be located at the closest point not more than three miles from the Town of Nashville municipal limits wherein is located and situated the Town Hall.

Sec. 2. That said petition shall be directed to the Town Commissioners of the Town of Nashville and shall contain:

(1) The names of the owners of the real property for which a request to annex is made.

(2) A description of the area to be annexed by metes and bounds.

(3) The signatures of all property owners of the area, territory or subdivision requesting annexation.

In the case of annexing a subdivision under this act, the petition must be signed by all owners of property within the subdivision, provided nothing herein shall be construed to authorize the annexation of a portion of a subdivision.

Upon receipt of the petition, the Town Commissioners of the Town of Nashville shall cause the clerk of the municipality to investigate the sufficiency thereof and to certify the results of his investigation.

Upon receipt of the certification and petition, the Town Commissioners Nashville shall cause the clerk of the municipality to investigate the sufficiency thereof and to certify the results of his investigation.

shall fix dates for two public hearings on the question of annexation and shall

cause notice of the public hearings to be published twice in a newspaper having general circulation in the municipality at least ten days prior to the date of the first public hearing, and published in like manner preceding the second public hearing. The second public hearing shall be held at least 20 days after the first public hearing. At such public hearings, all residents of Nash County opposing or favoring the annexation or alleging an error in the petition shall be given an opportunity to be heard. The Town Commissioners shall then determine whether the petition meets the requirements of this act.

Upon a further finding and determination by the Town Commissioners that:

(1) The public health, safety and welfare of the inhabitants of the Town of Nashville, as well as those of the area, territory or subdivision requesting such annexation, will best be served by such annexation, and

(2) The Town of Nashville will be able to provide the same services to the annexed area, territory or subdivision in the same manner in which other areas within the municipal boundaries of said town are served, the Town Commissioners of the Town of Nashville may adopt an ordinance annexing that area described in the petition; provided the ordinance annexing the area, territory or subdivision shall be passed at each meeting of the Town Commissioners where a public hearing is held as hereinbefore provided. From and after the effective date of said ordinance, which date shall not be less than 90 days from and after the final passage of said ordinance, the area, territory or subdivision and its citizens shall be subject to all debts, laws, ordinances and regulations in force in said Town of Nashville and shall be entitled to the same benefits and privileges of other parts of said town. The newly annexed area, territory or subdivision shall be subject to town taxes for the fiscal year following the effective date of annexation.

Sec. 3. The Town Commissioners of the Town of Nashville may make said annexation contingent on such conditions as it may desire in order to insure that the area, territory or subdivision proposed to be annexed will not receive preferential treatment.

Sec. 4. The Board of Commissioners, in its discretion, may charge in any noncontiguous area, territory or subdivision annexed water or sewer rates in excess of those charged within the municipal limits wherein is located the Town Hall.

Sec. 5. Any area, territory or subdivision annexed pursuant to this act shall cease to be noncontiguous for all intents and purposes when and in the event said area shall touch the municipal limits of the Town of Nashville pursuant to the extension of the boundaries of said town pursuant to Article 36, Chapter 160 of the General Statutes of North Carolina.

Sec. 6. Any area, territory or subdivision annexed pursuant to this act shall not be included in that area of the municipal boundaries used for determining any extraterritorial jurisdiction of the Town of Nashville and further shall not be considered within the municipal boundaries for the purposes of defining an area as contiguous to the town limits within the provisions of Part 3 of Article 36 of Chapter 160 of the General Statutes of North Carolina with reference to further annexation unless and until the area, territory or subdivision annexed pursuant hereto shall, by extension of the municipal boundaries pursuant to Article 36 of Chapter 160 of the General Statutes of

North Carolina, touch and become a part of the municipal boundaries of the Town of Nashville wherein is located the Town Hall.

Sec. 7. The total area of all noncontiguous portions of the town annexed pursuant to this act shall at no time exceed ten percent (10%) of the total area of the Town of Nashville wherein is located the Town Hall.

Sec. 8. This act shall be supplemental and in addition to any other methods or procedure for annexation heretofore available or hereafter provided for the Town of Nashville.

Sec. 9. If any clause, sentence, paragraph, subsection, section or any part of this act shall for any reason be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such judgment shall not affect, impair or invalidate the remainder of this act but shall be confined in its operation to the part thereof directly involved in said judgment.

"G.S. 7A-66. *Removal of solicitors.* The following are grounds for suspension of a solicitor or for his removal from office:

- (1) mental or physical incapacity interfering with the performance of his duties which is, or is likely to become, permanent;
- (2) willful misconduct in office;
- (3) willful and persistent failure to perform his duties;
- (4) habitual intemperance;
- (5) conviction of a crime involving moral turpitude;
- (6) conduct prejudicial to the administration of justice which brings the office into disrepute; or
- (7) knowingly authorizing or permitting an assistant solicitor to commit any act constituting grounds for removal, as defined in subsections (1) through (6) hereof.

A proceeding to suspend or remove a solicitor is commenced by filing with the clerk of superior court of the county where the solicitor resides a sworn affidavit charging the solicitor with one or more grounds for removal. The clerk shall immediately bring the matter to the attention of the senior regular resident superior court judge for the district, who shall within 15 days either review and act on the charges or refer them for review and action within 15 days to another superior court judge residing in or regularly holding the courts of the district. If the superior court judge upon review finds that the charges if true constitute grounds for suspension, and finds probable cause for believing that the charges are true, he may enter an order suspending the solicitor from performing the duties of his office until a final determination of the charges on the merits. During the suspension the salary of the solicitor continues.

If a hearing, with or without suspension, is ordered, the solicitor should receive immediate written notice of the proceedings and a true copy of the charges, and the matter shall be set for hearing not less than 10 days nor more than 30 days thereafter. The matter shall be set for hearing before the judge who originally examined the charges or before another regular superior court judge resident in or regularly holding the courts of the district. The hearing

shall be open to the public. All testimony shall be recorded. At the hearing the superior court judge shall hear evidence and make findings of fact and conclusions of law and if he finds that grounds for removal exist, he shall enter an order permanently removing the solicitor from office, and terminating his salary. If he finds that no grounds exist, he shall terminate the suspension, if any.

The solicitor may appeal from an order of removal to the Court of Appeals on the basis of error of law by the superior court judge. Pending decision of the case on appeal, the solicitor shall not perform any of the duties of his office. If, upon final determination, he is ordered reinstated either by the appellate division or by the superior court upon remand, his salary shall be restored from the date of the original order of removal."

Sec. 2. G.S. 7A-105 is rewritten to read as follows:

"G.S. 7A-105. *Suspension, removal, and reinstatement of clerk.* A clerk of superior court may be suspended or removed from office for willful misconduct or mental or physical incapacity, and reinstated, under the same procedures as are applicable to a superior court solicitor, except that the procedure shall be initiated by the filing of a sworn affidavit with the chief district judge of the district in which the clerk resides, and the hearing shall be conducted by the senior regular resident superior court judge serving the county of the clerk's residence. If suspension is ordered, the judge shall appoint some qualified person to act as clerk during the period of the suspension."

OF TERRITORY BY MUNICIPALITIES IN WAKE COUNTY AND IN
CERTAIN OTHER COUNTIES.

The General Assembly of North Carolina enacts:

Section 1. (a) In addition to annexation of territory pursuant to other provisions of law, the governing body of any municipality may annex by ordinance any area which meets the following standards:

(1) the area to be annexed is completely surrounded by the existing municipal boundary.

(2) the total area to be annexed does not equal more than ten percent (10%) of the total area of all the territory within the existing municipal boundary.

(b) Prior to adoption of an ordinance pursuant to subsection (a) of this section, the governing body shall fix a date for a public hearing on the question of annexation, and shall cause a notice of the public hearing to be published once in a newspaper having general circulation in the municipality at least 10 days prior to the date of the public hearing. At the public hearing all persons owning property in, and all citizens of, the area to be annexed shall be given an opportunity to be heard, as well as residents of the municipality who question the necessity of annexation.

(c) Following the public hearing, immediately thereafter or at any time within 60 days, the governing body may adopt its annexation ordinance. The annexation ordinance shall fix its effective date for any date within 12 months from its adoption.

(d) The municipality shall, from and after the effective date of the annexation ordinance, provide within the annexed area all municipal services, other than utility services, on substantially the same basis and in the same manner as such services are provided within the rest of the municipality. The municipality shall provide for extension of major water mains and major sewer lines into the area to be annexed, if necessary, so that property owners therein will be able to secure public water and sewer services according to the policies in effect in the municipality for extending water and sewer lines to individual lots or subdivisions. If the municipality, at its own expense, extends its major water mains and major sewer lines into the area before property owners therein can, according to its policies, make connection to such lines, then it shall cause construction of such mains and lines to begin within one year following the effective date of annexation; provided that such one year period shall be

extended by the period or periods of any delays caused by litigation or necessary administrative approvals by any State or federal agency.

(e) From and after the effective date of the annexation ordinance, the annexed area and its citizens and property shall be subject to all debts, laws, ordinances and regulations in force in the municipality and shall be entitled to the same privileges and benefits as other parts of the municipality. The newly annexed area shall be subject to municipal taxes levied for the fiscal year following the effective date of annexation.

(f) If not earlier than one year and not later than 15 months from the effective date of annexation, any person owning property in the annexed area shall believe that the municipality has not complied with the service requirements of subsection (d) of this section, such person may apply for a writ of mandamus under the provisions of Article 40, Chapter 1 of the General Statutes. Relief may be granted by the judge of superior court:

- (1) If the municipality has not provided the services other than utility services on substantially the same basis and in the same manner as such services were provided in the rest of the municipality prior to the effective date of annexation, and
- (2) If at the time the writ is sought such services are still being provided in the rest of the municipality on substantially the same basis and in the same manner as on the date of annexation.

Relief may also be granted by the judge of superior court if contracts have not yet been let for extension to the annexed area of any major water mains and major sewer lines necessary in order to enable property owners therein to make connection to such mains and lines according to the policies in effect for extending water and sewer lines to individual lots or subdivisions.

If such writ is issued, costs in the action, including a reasonable attorney's fee for such aggrieved person, shall be charged to the municipality.

(g) Whenever an area is annexed in accordance with this section, it shall be the duty of the mayor to cause an accurate map of such annexed area, together with a copy of the annexation ordinance duly certified, to be recorded in the office of the register of deeds of the county or counties in which such area is situated, and in the office of the Secretary of State.

Sec. 2. Supplemental Retirement Benefits. (a) Each fireman of the City who has 20 years' service or more and who has attained the age of 55 years and retires after the ratification of this act shall be entitled to and shall receive an annual supplemental retirement benefit equal to one share for each full year of service as a full-time and fully-paid fireman of the City; provided, in no event shall any retired full-time fireman be entitled to or receive in any year an annual benefit in excess of six hundred dollars (\$600.00).

Sec. 3. *Intention.* It is the intention of Sections 1 and 2 of this act to authorize the disbursement as supplemental retirement benefits only of the income derived in any calendar year from the investments of funds belonging to the Local Firemen's Relief Fund. Any of these funds not disbursed shall revert to the Local Firemen's Relief Fund.

Sec. 4. *Investment of Idle Funds.* The Board of Trustees is hereby authorized and directed to invest all funds of the Local Firemen's Relief Fund in one or more of the investments named in G.S. 159-30.

The Board of Trustees shall pay from the Local Firemen's Relief Fund the premiums on the bond of the Treasurer.

Sec. 6. If any provision of this act shall be declared invalid by a court of competent jurisdiction, such invalidity shall not affect other provisions hereof which can be given effect without the invalid provision, and to this end the provisions of this act are declared to be severable.

CHAPTER 188

AN ACT TO PROVIDE FOR VOLUNTARY ANNEXATION BY THE TOWN OF KURE BEACH OF AREAS, TERRITORIES, OR SUBDIVISIONS NOT CONTIGUOUS TO THE MUNICIPAL BOUNDARIES OF THE TOWN OF KURE BEACH.

Whereas, Article 36 of Chapter 160 of the General Statutes of North Carolina contains no provision for the annexing of areas, territories or subdivisions not contiguous to the municipal boundaries of the Town of Kure Beach; and

Whereas, it would be in the interest of the public health, safety and welfare of the inhabitants of said Town and would permit a more orderly growth of the municipal boundaries of said Town to allow the annexation of noncontiguous

areas, territories or subdivisions by petition of the property owners who desire that their property be annexed; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. That the owner or owners of any area, territory or subdivision within the boundaries of New Hanover County but not within the boundaries or extraterritorial jurisdiction of any other municipality, whose property is not contiguous to the municipal boundaries of the Town of Kure Beach, may, by petition directed to the Town Council of the Town of Kure Beach, request that the property described in the petition be annexed and made a part of the Town of Kure Beach as hereinafter set out; provided any property annexed as herein provided must be located at the closest point not more than three miles from the Town of Kure Beach municipal limits wherein is located and situated the Town Hall.

Sec. 2. That said petition shall be directed to the Town Council of the Town of Kure Beach and shall contain:

(1) The names of the owners of the real property for which a request to annex is made.

(2) A description of the area to be annexed by metes and bounds.

(3) The signatures of all property owners of the area, territory or subdivision requesting annexation.

In the case of annexing a subdivision under this act, the petition must be signed by all owners of property within the subdivision, provided nothing herein shall be construed to authorize the annexation of a portion of a subdivision.

Upon receipt of the petition, the Town Council of the Town of Kure Beach shall cause the clerk of the municipality to investigate the sufficiency thereof and to certify the results of his investigation.

Upon receipt of the certification and petition, the Town Council shall fix dates for two public hearings on the question of annexation and shall cause notice of the public hearings to be published twice in a newspaper having general circulation in the municipality at least 10 days prior to the date of the first public hearing, and published in like manner preceding the second public hearing. The second public hearing shall be held at least 20 days after the first public hearing. At such public hearings, all residents of New Hanover County opposing or favoring the annexation or alleging an error in the petition shall be given an opportunity to be heard. The Town Council shall then determine whether the petition meets the requirements of this act.

Upon a further finding and determination by the Town Council that:

(1) The public health, safety and welfare of the inhabitants of the Town of Kure Beach, as well as those of the area, territory or subdivision requesting such annexation, will best be served by such annexation, and

(2) The Town of Kure Beach will be able to provide the same services to the annexed area, territory or subdivision in the same manner in which other areas within the municipal boundaries of said Town are served. The Town Council of the Town of Kure Beach may adopt an ordinance annexing that area described in the petition; provided the ordinance annexing the area, territory or subdivision shall be passed at each meeting of the Town Council where a public hearing is held as hereinbefore provided. From and after the effective date of said ordinance, which date shall not be less than 90 days from and after the final passage of said ordinance, the area, territory or subdivision and its citizens shall

be subject to all debts, laws, ordinances and regulations in force in said Town of Kure Beach and shall be entitled to the same benefits and privileges of other parts of said Town. The newly annexed area, territory or subdivision shall be subject to Town taxes for the fiscal year following the effective date of annexation.

Sec. 3. The Town Council of the Town of Kure Beach may make said annexation contingent on such conditions as it may desire in order to insure that the area, territory or subdivision proposed to be annexed will not receive preferential treatment.

Sec. 4. (c) In general, the policy of paragraph (b) of this Article shall apply to the activities of the board relating to its Statement of Regional Objectives, but nothing herein shall be construed to require the board to rely on the services of other persons or agencies in developing the Statement of Regional Objectives or any amendment, supplement or revision thereof.

"Article V.

The board shall establish a Local Governments Advisory Committee. In addition, the board may establish advisory committees representative of subregions of the South, civic and community interests, industry, agriculture, labor or other categories or any combinations thereof. (a) The members of the board shall be entitled to one vote each. No action of the board shall be binding unless taken at a meeting at which a majority of the

total number of votes on the board are cast in favor thereof. Action of the board shall be only at a meeting at which a majority of the members or their alternates are present. (c) The board shall have a seal.

(d) The board shall elect, from among its members, a Chairman, a Chairman-Elect, a Vice Chairman and a Treasurer. Elections shall be annual. The Chairman-Elect shall succeed to the office of Chairman for the year following his service as Chairman-Elect. For purposes of the election and service of officers of the board, the year shall be deemed to commence at the conclusion of the annual meeting of the board and terminate at the conclusion of the next annual meeting thereof. The board shall provide for the appointment of an Executive Director. Such Executive Director shall serve at the pleasure of the board, and together with the Treasurer and such other personnel as the board may deem appropriate shall be bonded in such amounts as the board shall determine. The Executive Director shall be Secretary.

(e) The Executive Director, subject to the policy set forth in this Agreement and any applicable directions given by the board, may make contracts on behalf of the board.

(f) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the Executive Director, subject to the approval of the board, shall appoint, remove or discharge such personnel as may be necessary for

(h) The board may accept for any of its purposes and functions under this Agreement any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the board pursuant to this paragraph or services borrowed pursuant to paragraph (g) of this Article shall be reported in the annual report of the board. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

(k) The board annually shall make to the Governor and legislature of each party state a report covering the activities of the board for the preceding year. The board at any time may make such additional reports and transmit such studies as it may deem desirable.

(l) The board may do any other or additional things appropriate to implement powers conferred upon it by this Agreement.

"Article VII.

"Finance.

(a) The board shall advise the Governor or designated officer or officers of each party state of its budget of estimated expenditures for such period as may be required by the laws of that party state. Each of the board's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

(b) The total amount of appropriation requests under any budget shall be apportioned among the party states. Such apportionment shall be in accordance with the following formula:

1. One-third in equal shares,
2. One-third in the proportion that the population of a party state bears to the population of all party states, and
3. One-third in the proportion that the per capita income in a party state bears to the per capita income in all party states.

In implementing this formula, the board shall employ the most recent authoritative sources of information and shall specify the sources used.

(c) The board shall not pledge the credit of any party state. The board may meet any of its obligations in whole or in part with funds available to it pursuant to Article VI (h) of this Agreement, provided that the board takes specific

action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the board makes use of funds available to it pursuant to Article VI (h), or borrows pursuant to this paragraph, the board shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same. The board may borrow against anticipated revenues for terms not to exceed two years, but in any such event the credit pledged shall be that of the board and not of a party state.

(d) The board shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the board shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the board shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the board.

(e) The accounts of the board shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the board.

(f) Nothing contained herein shall be construed to prevent board compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the board.

"Article VIII.

"Cooperation With the Federal Government and Other Governmental Entities.

Each party state is hereby authorized to participate in cooperative or joint planning undertakings with the Federal Government, and any appropriate agency or agencies thereof, or with any interstate agency or agencies. Such participation shall be at the instance of the Governor or in such manner as state law may provide or authorize. The board may facilitate the work of state representatives in any joint interstate or cooperative federal-state undertaking authorized by this Article, and each such state shall keep the board advised of its activities in respect of such undertakings, to the extent that they have interstate or regional significance.

"Article IX.

"Subregional Activities.

The board may undertake studies or investigations centering on the problems of one or more selected subareas within the region: Provided that in its judgment, such studies or investigations will have value as demonstrations for similar or other areas within the region. If a study or investigation that would be of primary benefit to a given state, unit of local government, or intrastate or interstate area is proposed, and if the board finds that it is not justified in undertaking the work for its regional value as a demonstration, the board may undertake the study or investigation as a special project. In any such event, it shall be a condition precedent that satisfactory financing and personnel arrangements be concluded to assure that the party or parties benefited bear all costs which the board determines that it would be inequitable for it to assume. Prior to undertaking any study or investigation pursuant to this Article as a special project, the board shall make reasonable efforts to secure the undertaking of the work by another responsible public or private entity in accordance with the policy set forth in Article IV (b).

"Article X.

“Comprehensive Land Use Planning.

If any two or more contiguous party states desire to prepare a single or consolidated comprehensive land use plan, or a land use plan for any interstate area lying partly within each such state, the Governors of the states involved may designate the board as their joint agency for the purpose. The board shall accept such designation and carry out such responsibility: Provided that the states involved make arrangements satisfactory to the board to reimburse it or otherwise provide the resources with which the land use plan is to be prepared. Nothing contained in this Article shall be construed to deny the availability for use in the preparation of any such plan of data and information already in the possession of the board or to require payment on account of the use thereof in addition to payments otherwise required to be made pursuant to other provisions of this Agreement.

“Article XI.

“Compacts and Agencies Unaffected.

Nothing in this Agreement shall be construed to:

1. Affect the powers or jurisdiction of any agency of a party state or any subdivision thereof.
2. Affect the rights or obligations of any governmental units, agencies or officials, or of any private persons or entities conferred or imposed by any interstate or interstate-federal compacts to which any one or more states participating herein are parties.
3. Impinge on the jurisdiction of any existing interstate-federal mechanism for regional planning or development.

(b) Any eligible state may enter into this Agreement and it shall become binding thereon when it has adopted the same: Provided that in order to enter into initial effect, adoption by at least five states shall be required.

(c) Adoption of the Agreement may be either by enactment thereof or by adherence thereto by the Governor; provided that in the absence of enactment, adherence by the Governor shall be sufficient to make his state a party only until December 31, 1973. During any period when a state is participating in this Agreement through gubernatorial action, the Governor may provide to the board an equitable share of the financial support of the board from any source available to him. Nothing in this paragraph shall be construed to require a Governor to take action contrary to the constitution or laws of his state.

(d) Except for a withdrawal effective on December 31, 1973, in accordance with paragraph (c) of this Article, any party state may withdraw from this Agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the Governor of the withdrawing state has given notice in writing of the withdrawal to the Governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

“Article XIII.

“Construction and Severability.

This Agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Agreement shall be severable and if any phrase, clause, sentence, or provision of this Agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Agreement and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Agreement shall be held contrary to the constitution of any state participating therein, the Agreement shall remain in full force and effect as to the state affected as to all severable matters.”

CHAPTER 206

AN ACT PERTAINING TO MANDATORY LICENSE REVOCATION OF DRIVING PRIVILEGE FOR FAILING TO SUBMIT TO BREATH TEST.

The General Assembly of North Carolina enacts:

Section 1. G.S. 20-16.2 is hereby rewritten to read as follows:

"§ 20-16.2. *Mandatory revocation of license in event of refusal to submit to chemical tests.*—(a) Any person who drives or operates a motor vehicle upon any highway or any public vehicular area shall be deemed to have given consent, subject to the provisions of G.S. 20-139.1, to a chemical test or tests of his breath or blood for the purpose of determining the alcoholic content of his blood if arrested for any offense arising out of acts alleged to have been committed while the person was driving or operating a motor vehicle while under the influence of intoxicating liquor. The test or tests shall be administered at the request of a law enforcement officer having reasonable grounds to believe the

person to have been driving or operating a motor vehicle on a highway or public vehicular area while under the influence of intoxicating liquor. The law enforcement officer shall designate which of the aforesaid tests shall be administered. The person arrested shall forthwith be taken before a person authorized to administer a chemical test and this person shall inform the person arrested both verbally and in writing and shall furnish the person a signed document setting out:

- (1) That he has a right to refuse to take the test;
- (2) That refusal to take the test will result in revocation of his driving privilege for six months.
- (3) That he may have a physician, qualified technician, chemist, registered nurse or other qualified person of his own choosing administer a chemical test or tests in addition to any administered at the direction of the law enforcement officer; and
- (4) That he has the right to call an attorney and select a witness to view for him the testing procedures; but that the test shall not be delayed for this purpose for a period in excess of 30 minutes from the time he is notified of his rights.

(b) Any person who is unconscious or who is otherwise in a condition rendering him incapable of refusal shall be deemed not to have withdrawn the consent provided by subsection (a) of this section and the test or tests may be administered, subject to the provisions of G.S. 20-139.1.

(c) The arresting officer, in the presence of the person authorized to administer a chemical test, shall request that the person arrested submit to a test described in subsection (a). If the person arrested willfully refuses to submit to the chemical test designated by the arresting officer, none shall be given. However, upon the receipt of a sworn report of the arresting officer and the person authorized to administer a chemical test that the person arrested, after being advised of his rights as set forth in subsection (a), willfully refused to submit to the test upon the request of the officer, the Department shall revoke the driving privilege of the person arrested for a period of six months.

(d) Upon receipt of the sworn report required by G.S. 20-16.2(c) the Department shall immediately notify the arrested person that his license to drive is revoked immediately unless said person requests in writing within three days of receipt of notice of revocation a hearing. If at least three days prior to hearing, the licensee shall so request of the hearing officer, the hearing officer shall subpoena the arresting officer and any other witnesses requested by the licensee to personally appear and give testimony at the hearing. If such person requests in writing a hearing, he shall retain his license until after the hearing. The hearing shall be conducted in the county where the arrest was made under the same conditions as hearings are conducted under the provisions of G.S. 20-16(d) except that the scope of such hearing for the purpose of this section shall cover the issues of whether the law enforcement officer had reasonable grounds to believe the person had been driving or operating a motor vehicle upon a highway or public vehicular area while under the influence of intoxicating liquor, whether the person was placed under arrest, and whether he willfully refused to submit to the test upon the request of the officer. Whether the person was informed of his rights under the provision of N. C. G.S. 20-16.2(a)(1), (2), (3), (4) shall be an issue. The Department shall order that

the revocation either be rescinded or sustained. If the revocation is sustained, the person shall surrender his license immediately upon notification.

(e) If the revocation is sustained after such a hearing, the person whose driving privilege has been revoked, under the provisions of this section, shall have the right to file a petition in the superior court for a hearing de novo to review the action of the Department in the same manner and under the same conditions as is provided in G.S. 20-25.

(f) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this State has been revoked, the Department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he has a license.

(g) Any revocation imposed under the provisions of this act shall run concurrently with any revocations issued under the provisions of G.S. 20-16.3."

Such contracts or agreements may

provide that the County of Wake and the County of Durham shall levy taxes in any fiscal year for the purpose of providing moneys with which to pay principal of and interest on bonds of said Authority and the amounts of such taxes may be based upon an estimate of a deficiency in revenues of said Authority for a forthcoming fiscal year or years. Such contracts or agreements may also provide that the County of Wake and the County of Durham shall levy a tax in any fiscal year or years for the purpose of providing moneys with which to replenish any reserve fund of said Authority established to further secure the payment of the principal and interest on its bonds, notes or other securities and obligations to the extent moneys in such fund have been withdrawn and applied to the payment of such principal and interest.

Such contracts or agreements, before becoming effective, shall be authorized by resolution adopted by the Board of Commissioners of the affected County and shall be approved by a favorable vote of the majority of the qualified voters of such County voting at a general election or at a special election; provided, however, that no such contract shall be entered into unless each County has authorized their respective contracts and such contract has been approved by the voters of the respective County as provided herein. Upon the approval of the qualified voters and the authorization by the Board of Commissioners and proper execution of such contracts or agreements, each County shall thereafter be authorized to levy a tax in each of the fiscal years covered by such contracts in an amount necessary to provide for the payment of principal and interest on bonds, notes or other securities and obligations of the Raleigh-Durham Airport Authority to the extent that the revenues of said Authority are not sufficient for such purpose and in accordance with terms of and as provided by such contracts."

Sec. 2. All laws and clauses of laws in conflict with this act are hereby repealed.

CHAPTER 255

AN ACT TO PROVIDE FOR THE PROTECTION OF THE TITLE TO LAND IN THE STATE OF NORTH CAROLINA.

The General Assembly of North Carolina enacts:

Section 1. A new Chapter is hereby inserted in the General Statutes to read as follows:

“Chapter 47B.

“Real Property Marketable Title Act.

“§ 47B-1. *Declaration of policy and statement of purpose.*—It is hereby declared as a matter of public policy by the General Assembly of the State of North Carolina that:

(1) Land is a basic resource of the people of the State of North Carolina and should be made freely alienable and marketable so far as is practicable.

(2) Nonpossessory interests in real property, obsolete restrictions and technical defects in titles which have been placed on the real property records at

remote times in the past often constitute unreasonable restraints on the alienation and marketability of real property.

(3) Such interests and defects are prolific producers of litigation to clear and quiet titles which cause delays in real property transactions and fetter the marketability of real property.

(4) Real property transfers should be possible with economy and expediency. The status and security of recorded real property titles should be determinable from an examination of recent records only.

It is the purpose of the General Assembly of the State of North Carolina to provide that if a person claims title to real property under a chain of record title for 30 years, and no other person has filed a notice of any claim of interest in the real property during the 30-year period, then all conflicting claims based upon any title transaction prior to the 30-year period shall be extinguished.

“§ 47B-2. Marketable record title to interest in real property; 30-year unbroken chain of title of record; effect of marketable title.—(a) Any person having the legal capacity to own real property in this State, who, alone or together with his predecessors in title, shall have been vested with any interest in real property of record for 30 years or more, shall have a marketable record title to such interest in real property.

(b) A person has an interest in real property of record for 30 years or more when the public records disclose a title transaction affecting the title to the real property which has been of record for not less than 30 years purporting to create such interest either in:

- (1) the person claiming such interest; or
- (2) some other person from whom, by one or more title transactions, such interest has passed to the person claiming such interest with nothing appearing of record, in either case, purporting to divest such claimant of the interest claimed.

(c) Subject to the matters stated in G.S. 47B-3, such marketable record title shall be free and clear of all rights, estates, interests, claims or charges whatsoever, the existence of which depends upon any act, title transaction, event or omission that occurred prior to such 30-year period. All such rights, estates, interests, claims or charges, however denominated, whether such rights, estates, interests, claims or charges are or appear to be held or asserted by a person sui juris or under a disability, whether such person is natural or corporate, or is private or governmental, are hereby declared to be null and void.

(d) In every action for the recovery of real property, to quiet title, or to recover damages for trespass, the establishment of a marketable record title in any person pursuant to this statute shall be prima facie evidence that such person owns title to the real property described in his record chain of title.

“§ 47B-3. Exceptions.—Such marketable record title shall not affect or extinguish the following rights:

(1) Rights, estates, interests, claims or charges disclosed by and defects inherent in the muniments of title of which such 30-year chain of record title is formed, provided, however, that a general reference in any of such muniments to rights, estates, interests, claims or charges created prior to such 30-year period shall not be sufficient to preserve them unless specific identification by reference to book and page of record be made therein to a recorded title

transaction which imposed, transferred or continued such rights, estates, interests, claims or charges.

(2) Rights, estates, interests, claims or charges preserved by the filing of a proper notice in accordance with the provisions of G.S. 47B-4.

(3) Rights, estates, interests, claims or charges of any person who is in present, actual and open possession of the real property so long as such person is in such possession.

(4) Rights of any person who likewise has a marketable record title as defined in G.S. 47B-2 and who is listed as the owner of such real property on the tax books of the county in which the real property is located at the time that marketability is to be established.

(5) Rights of any owners of mineral rights.

(6) Rights-of-way of any railroad company (irrespective of nature of its title or interest therein whether fee, easement, or other quality) and all real estate other than right-of-way property of a railroad company in actual use for railroad purposes or being held or retained for prospective future use for railroad operational purposes. The use by any railroad company or the holding for future use of any part of a particular tract or parcel of right-of-way or non-right-of-way property shall preserve the interest of the railway company in the whole of such particular tract or parcel. Operational use is defined as railroad use requiring proximity and access to railroad tracks. Nothing in this section shall be construed as repealing G.S. 1-44.1.

(7) Rights, interests, or servitudes in the nature of easements, rights-of-way or terminal facilities of any railroad (company or corporation) obtained by the terms of its charter or through any other congressional or legislative grant not otherwise extinguished.

(8) Rights of any person who has an easement or interest in the nature of an easement, whether recorded or unrecorded and whether possessory or non-possessory, when such easement or interest in the nature of an easement is for the purpose of:

a. Flowage, flooding or impounding of water, provided that the watercourse or body of water, which such easement or interest in the nature of an easement serves, continues to exist; or

b. Placing and maintaining lines, pipes, cables, conduits or other appurtenances which are either above ground, underground or on the surface and which are useful in the operation of any water, gas, natural gas, petroleum products, or electric generation, transmission or distribution system, or any sewage collection or disposal system, or any telephone, telegraph or other communications system, or any surface water drainage or disposal system whether or not the existence of the same is clearly observable by physical evidence of its use.

(9) Rights, titles or interests of the United States to the extent that the extinguishment of such rights, titles or interest is prohibited by the laws of the United States.

(10) Rights, estates, interests, claims or charges created subsequent to the beginning of such 30-year period.

(11) Deeds of trust, mortgages and security instruments or security agreements duly recorded and not otherwise unenforceable.

(12) Rights, estates, interests, claims or charges with respect to any real

property registered under the Torrens Law as provided by Chapter 43 of the General Statutes of North Carolina.

(13) Covenants applicable to a general or uniform scheme of development which restrict the property to residential use only, provided said covenants are otherwise enforceable. The excepted covenant may restrict the property to multi-family or single-family residential use or simply to residential use. Restrictive covenants other than those mentioned herein which limit the property to residential use only are not excepted from the provisions of Chapter 47-B.

“§ 47B-4. *Preservation by notice; contents; recording; indexing.*—(a) Any person claiming a right, estate, interest or charge which would be extinguished by this Chapter may preserve the same by registering within such 30-year period a notice in writing, duly acknowledged, in the office of the register of deeds for the county in which the real property is situated, setting forth the nature of such claim, which notice shall have the effect of preserving such claim for a period of not longer than 30 years after registering the same unless again registered as required herein. No disability or lack of knowledge of any kind on the part of any person shall delay the commencement of or suspend the running of said 30-year period. Such notice may be registered by the claimant or by any other person acting on behalf of any claimant who is

(1) under a disability;

(2) unable to assert a claim on his behalf; or

(3) one of a class, but whose identity cannot be established or is uncertain at the time of filing such notice of claim for record.

(b) To be effective and to be entitled to registration, such notice shall contain an accurate and full description of all real property affected by such notice, which description shall be set forth in particular terms and not be by general reference; but if such claim is founded upon a recorded instrument, then the description in such notice may be the same as that contained in the recorded instrument. Such notice shall also contain the name of any record owner of the real property at the time the notice is registered and a statement of the claim showing the nature, description and extent of such claim. The register of deeds of each county shall accept all such notices presented to him which are duly acknowledged and certified for recordation and shall enter and record full copies thereof in the same way that deeds and other instruments are recorded, and each register of deeds shall be entitled to charge the same fees for the recording thereof as are charged for the recording of deeds. In indexing such notices in his office each register of deeds shall enter such notices under the grantee indexes of deeds under the names of persons on whose behalf such notices are executed and registered and under the grantor indexes of deeds under the names of the record owners of the possessory estates in the real property to be affected against whom the claim is to be preserved at the time of the registration.

“§ 47B-5. *Extension of time for registering notice of claims which Chapter would otherwise bar.*—If the 30-year period specified in this Chapter shall have expired prior to October 1, 1973, no right, estate, interest, claim or charge shall be barred by G.S. 47B-2 until October 1, 1976, and any right, estate, interest, claim or charge that would otherwise be barred by G.S. 47B-2 may be preserved and kept effective by the registration of a notice of claim as set forth in G.S. 47B-4 of this Chapter prior to October 1, 1976.

“§ 47B-6. *Registering false claim.*—No person shall use the privilege of

registering notices hereunder for the purpose of asserting false or fictitious claims to real property; and in any action relating thereto if the court shall find that any person has intentionally registered a false or fictitious claim, the court may award to the prevailing party all costs incurred by him in such action, including a reasonable attorney's fee, and in addition thereto may award to the prevailing party treble the damages that he may have sustained as a result of the registration of such notice of claim.

"§ 47B-7. *Limitations of actions and recording acts.*—Nothing contained in this Chapter shall be construed to extend the period for the bringing of an action or for the doing of any other required act under any statutes of limitations, nor, except as herein specifically provided, to affect the operation of any statutes governing the effect of the registering or the failure to register any instrument affecting real property.

"§ 47B-8. *Definitions.*—As used in this Chapter:

(1) The term 'person' denotes singular or plural, natural or corporate, private or governmental, including the State and any political subdivision or agency thereof, and a partnership, unincorporated association, or other entity capable of owning an interest in real property.

(2) The term 'title transaction' means any transaction affecting title to any interest in real property, including but not limited to title by will or descent, title by tax deed, or by trustee's, referee's, commissioner's, guardian's, executor's, administrator's, or sheriff's deed, contract, lease or reservation, or judgment or order of any court, as well as warranty deed, quitclaim deed, or mortgage.

"§ 47B-9. *Chapter to be liberally construed.*—This Chapter shall be liberally construed to effect the legislative purpose of simplifying and facilitating real property title transactions by allowing persons to rely on a record chain of title of 30 years as described in G.S. 47B-2, subject only to such limitations as appear in G.S. 47B-3."

Sec. 2. This act shall become effective October 1, 1973.

In the General Assembly read three times and ratified, this the 23rd day of April, 1973.

AN ACT TO CLARIFY LEGISLATIVE PURPOSE IN EXERCISING JUVENILE JURISDICTION.

The General Assembly of North Carolina enacts:

Section 1. G.S. 7A-277 is rewritten to read as follows:

"The purpose of this Article is to provide procedures and resources for children within the juvenile jurisdiction of the district court which are different in purpose and philosophy from the procedures applicable to criminal cases involving adults. These procedures are intended to provide a simple judicial process to provide such protection, treatment, rehabilitation or correction as may be appropriate in relation to the needs of each child subject to juvenile jurisdiction and the best interest of the State. The intent of this Article is to assure that, where possible, the court will arrange for the available community resources to be utilized to strengthen the child's family relationships in order to avoid removal of the child from his own home or community. Therefore, this Article should be interpreted as remedial in its purposes to the end that any child subject to the procedures applicable to children in the district court will be benefitted through the exercise of the court's juvenile jurisdiction."

Whereas, a referendum was submitted to the voters and a favorable vote obtained allowing Pitt County to assume all school indebtedness, including school bond indebtedness; and

Whereas, there only remains in the area outside of the Greenville City School Administrative Unit old districts which voted a supplemental tax levy therein and schools in the area have been consolidated so that the pupils residing in the old school tax districts do not necessarily now attend schools in the old school tax district in which they reside and in which the supplemental tax levies were voted; and

Whereas, the Pitt County Board of Education and the Pitt County Board of Commissioners recognize the need for one administrative unit in the County outside of the Greenville City School Administrative Unit so that there would remain only one administrative unit for all purposes, including attendance of pupils, supplemental tax levies (except for County-wide tax levies), and administration, to the end that each child in the Pitt County Administrative Unit would receive the same financial support from all tax levies in the district; Now, therefore,

The General Assembly of North Carolina enacts:

That there be established one school district for all purposes in the area outside of the Greenville City School Administrative Unit as presently constituted, including attendance and enrollment of pupils, school tax levies (except for County-wide tax levies), and the administration of the schools in the area, to be known as the "Pitt County School Administrative Unit".

Sec. 3. That a supplemental tax for current expenses is hereby established in the Pitt County School Administrative Unit to provide for funds to be used to supplement the current expense funds from State and County allotments and to operate schools of a higher standard by supplementing any item of expenditure in the school budget in the maximum amount not to exceed twenty-five cents (25¢) on the one hundred dollar (\$100.00) valuation of property, real and personal, in the district, and the Pitt County School Administrative Unit may file a supplemental budget therefor and request that a sufficient levy be made by the Pitt County Board of Commissioners, the tax levying authority, not in excess of the rate of twenty-five cents (25¢) on the one

hundred dollar (\$100.00) valuation of property, real and personal, in the district, and the Pitt County Board of Commissioners, the tax levying authority, may approve or disapprove this supplemental budget in whole or in part and, if the Pitt County Board of Commissioners, the tax levying authority, approves the supplemental budget request, sufficient taxes shall be levied, if necessary, to provide for the approved budget for supplemental purposes not exceeding the amount of twenty-five cents (25¢) on the one hundred dollar (\$100.00) valuation of all real and personal property within the district.

Sec. 4. This act shall apply only to Pitt County.

Sec. 5. This act shall be in full force and effect from and after its ratification.

“Sec. 11.2. *When Petition Unnecessary.* The Board of Aldermen may order street improvements and assess the cost thereof, exclusive of the costs incurred at street intersections, against the abutting property owners, according to one or more of the assessment bases set forth in Article 10 of Chapter 160A (or any successor or revision thereto) of the North Carolina General Statutes, without the necessity of a petition, upon the finding by the Council as a fact:

(a) That the street improvement project does not exceed 3,000 linear feet, and

(b) That such street or part thereof is unsafe for vehicular traffic and it is in the public interest to make such improvement, or

(c) That it is in the public interest to connect two streets, or portions of a street already improved, or

(d) That it is in the public interest to widen a street, or part thereof, which is already improved; provided, that assessments for widening any street or portion of street without a petition shall be limited to the cost of widening and otherwise improving such street in accordance with the street classification and improvement standards established by the Town's thoroughfare or major street plan for the particular street or part thereof to be widened and improved under the authority granted by this Article.

“Sec. 11.3. *Street Improvement Defined.* For the purpose of this Article, the term ‘street improvement’ shall include grading, regrading, surfacing, resurfacing, widening, paving, repaving, the acquisition of right-of-way, and the construction or reconstruction of curbs, gutters and street drainage facilities.

"Sec. 11.5. *Assessment Procedure.* In ordering street and sidewalk improvements without a petition and assessing the cost thereof under authority of this Article, the Board shall comply with the procedure provided by Article 10, Chapter 160A (or any successor or revision thereto) of the General Statutes, except those provisions relating to the petition of property owners and the sufficiency thereof.

"Sec. 11.6. *Effect of Assessments.* The effect of the act of levying assessments under the authority of this Article shall for all purposes be the same as if the assessments were levied under authority of Article 10 of Chapter 160A (or any successor or revision thereto) of the General Statutes.

"Sec. 11.7. *Acceptance of Conveyance in Satisfaction of Assessments.* The Town Tax Collector or other official or employee of the Town having charge of the collection of special assessments, shall have the right, power, and authority, by and with the approval of the Board of Aldermen first obtained and had, to receive and accept a fee simple conveyance to the Town of any lot or parcel of land in the Town, free and clear of other encumbrances, in full settlement and satisfaction of all street and sidewalk assessments outstanding and unpaid against such property. No lot or tract of land may be divided and no such right, power, and authority exercised as to a part, only, of the property originally embraced in and covered by said assessment or assessments. In the case of such conveyance, it shall not be necessary that the street or sidewalk assessment or assessments against the property be foreclosed; but the Town, upon the receipt of any such conveyance, shall become and be the absolute fee simple owner of the property, as fully to all intents and purposes as if purchased in and through foreclosure proceedings for the enforcement of such street and sidewalk assessment or assessments.

"ARTICLE XII. SIDEWALK MAINTENANCE

"Sec. 12.1. *Maintenance of Sidewalks.* It shall be the duty of every property owner in the Town to maintain in good repair and to keep clean and free of debris, trash, ice, snow, and other obstacles or impediments the sidewalks abutting his property.

"Sec. 12.2. *Town May Repair or Clean After Notice; Charges a Lien.* The Board of Aldermen may by ordinance establish a procedure whereby Town forces may repair or may clean any sidewalk or remove therefrom any debris, trash, ice, snow, after failure of the abutting property owner after 10 days' notice to do so. In such event, the cost of such repair, or cleaning, or removal, shall become a lien upon the abutting property equal to the lien for ad valorem taxes and may thereafter be collected either by suit in the name of the Town or by foreclosure of the lien in the same manner and subject to the same rules, regulations, costs, and penalties as provided by law for the foreclosure of the lien on real estate for ad valorem taxes.

"ARTICLE XIII. REFUSE, WEEDS, AND TRASH

"Sec. 13.1. *Property Kept Free of Offensive Matter.* It shall be the duty of every property owner in the Town to keep his property free from noxious weeds, trash, and all other forms of offensive animal or vegetable matter or refuse which may be dangerous or prejudicial to the public health or which may constitute a public nuisance.

"Sec. 13.2. *Removal of Offensive Matter; Charges a Lien.* The Board of Aldermen may by ordinance establish a procedure whereby Town forces may clean, cut, and remove any weeds, trash, refuse or other offensive matter from any property upon failure of the owner or occupant after 10 days' notice to do so. In such event, the cost of such cleaning, cutting and removal shall become a lien upon the particular property equal to the lien for ad valorem taxes and may thereafter be collected either by suit in the name of the Town or by foreclosure of the lien in the same manner and subject to the same rules, regulations, costs and penalties as provided by law for the foreclosure of the lien on real property for ad valorem taxes.

"ARTICLE XIV. CLAIMS AGAINST THE TOWN

"Sec. 14.1. *Presentation of Claims; Suit Upon Claims.* (a) All claims or demands against the Town of Madison arising in tort or in contract shall be presented to the Board of Aldermen in writing, signed by the claimant, his attorney or agent, within 90 days after the claim or demand is due or the cause of action accrues, and no suit or action shall be brought thereon within 30 days or after the expiration of 12 months from the time said claim or demand is so presented. Unless the claim or demand is so presented within 90 days after the cause of action accrues, and unless suit is brought within 12 months thereafter, any action thereon is barred.

(b) No action shall be instituted against the Town for damages to or compensation for real property taken or used by the Town for any public purpose, or for the ejectment of the Town therefrom, or to remove a cloud upon the title thereof, unless, within two years after such alleged use, the owner, his executor, administrator, guardian, or next friend, shall have given notice in writing to the Board of Aldermen of the claim stating in the notice the date that the alleged use commenced, a description of property alleged to have been used, and the amount of the damage or compensation claimed.

(c) Notwithstanding the provisions of subsections (a) and (b) of this section, if a complainant suffers from physical or mental incapacity that renders it impossible for him to give notice, his action shall not be barred if notice of claim is given by him or on his behalf within six months after the termination of his incapacity; provided, that minority shall not of itself constitute physical or mental incapacity. If the complainant is a minor, his action shall not be barred if notice of claim is given on his behalf within three years after the occurrence of the infliction of the injury complained of; or, if the minor suffers from physical or mental incapacity that renders it impossible for him to give notice, his action shall not be barred if notice of claim is given on his behalf within six months after termination of the incapacity, or within three years after the occurrence of the infliction of the injury complained of, whichever is the longer period. The Town may at any time request the appointment of a next friend to represent any person having a potential claim against the Town and known to be suffering from physical or mental incapacity.

"Sec. 14.2. *Settlement of Claims by Town Manager.* The Town Manager may

settle claims against the Town for (1) personal injuries or damages to property when the amount involved does not exceed the sum of one hundred dollars (\$100.00) and does not exceed the actual loss sustained, including loss of time, medical expenses, and any other expense actually incurred and (2) the taking of small portions of private property which are needed for the rounding of corners at intersections of streets, when the amount involved in any such settlement does not exceed five hundred dollars (\$500.00) and does not exceed the actual loss sustained. Settlement of a claim by the Town Manager pursuant to this section shall constitute a complete release of the Town from any and all damages sustained by the person involved in such settlement in any manner arising out of the accident, occasion, or taking complained of. All such releases shall be approved by the Town Attorney.

"ARTICLE XV. MUNICIPAL RETIREMENT SYSTEM

"Sec. 15.1. The retirement or pension fund which may hereafter be established by the governing body of the Town of Madison under the provisions of this act shall be known, and is hereafter referred to, as Madison Employees' Retirement Fund.

"Sec. 15.2. The governing body of the Town of Madison may establish, by ordinance, a retirement fund which provides for the payment of benefits to employee members of the Madison Employees' Retirement Fund, or to their beneficiaries, in the following cases:

- (1) Retirement because of age,

Membership shall include such officers and employees of the Town of Madison as shall be so designated in the ordinance. The Town of Madison shall contribute to the Madison Employees' Retirement Fund in such amounts as shall be stated in the ordinance, in order to meet the liabilities accruing against such fund because of personal service rendered to said Town by such members after the establishment of such fund. Provided, however, that the ordinance may provide benefits which are based, partly or entirely, upon personal services rendered to the Town of Madison prior to the establishment of said fund, and the municipality may contribute the entire cost of benefits based on any such prior service. The expense of administering the fund shall be paid as designated in the ordinance, and the governing body of said Town shall provide and appropriate each year sufficient revenue to cover the expense of the administration."

(b) Derived from, or which might be sustained or preserved in reliance upon, action heretofore taken (including the adoption of ordinances or resolutions) pursuant to or within the scope of any provision of law repealed by this act.

Sec. 6. No law heretofore repealed expressly or by implication, and no law granting authority which has been exhausted, shall be revived by:

as provided by law for the foreclosure of the lien on real estate for ad valorem taxes.

CHAPTER 295

AN ACT TO PROVIDE FOR THE SAFETY AND HEALTH OF EMPLOYEES IN THE STATE OF NORTH CAROLINA AND TO PROVIDE FOR THE ENFORCEMENT AND ADMINISTRATION OF THIS ACT IN CONFORMITY WITH PLANS ENTERED INTO BETWEEN THE STATE AND THE FEDERAL GOVERNMENT.

The General Assembly of North Carolina enacts:

Section 1. *Short title and legislative purpose.* (a) This act shall be known as the "Occupational Safety and Health Act of North Carolina" and also may be referred to by abbreviations as "OSHANC."

(b) *Legislative findings and purpose:*

(1) The General Assembly finds that the burden of employers and employees of this State resulting from personal injuries and illnesses arising out of work situations is substantial; that the prevention of these injuries and illnesses is an important objective of the government of this State; that the greatest hope of attaining this objective lies in programs of research, education and enforcement, and in the earnest cooperation of the Federal and State governments, employers and employees.

(2) The General Assembly of North Carolina declares it to be its purpose and policy through the exercise of its powers to assure so far as possible every working man and woman in the State of North Carolina safe and healthful working conditions and to preserve our human resources;

(i) by encouraging employers and employees in their effort to reduce the number of occupational safety and health hazards at the place of employment, and to stimulate employers and employees to institute new and to perfect existing programs for providing safe and healthful working conditions;

(ii) by providing that employers and employees have separate but dependent responsibilities and rights with respect to achieving safe and healthful working conditions;

(iii) by authorizing the Commissioner to develop occupational safety and health standards applicable to business giving consideration to the needs of employers and employees and to adopt standards promulgated from time to time by the Secretary of Labor under the Occupational Safety and Health Act of 1970, and by creating a safety and health review board for carrying out adjudicatory functions under this act;

(iv) by building upon advances already made through employer and employee initiative for providing safe and healthful working conditions;

(v) by providing occupational health criteria which will assure insofar as practicable that no employee will suffer diminished health, functional capacity, or life expectancy as a result of his work experience;

(vi) by providing for training programs to increase the number and competence of personnel engaged in the field of occupational safety and health;

(vii) by providing an effective enforcement program which shall include a prohibition against giving advance notice of an inspection and sanctions for any individual violating this prohibition;

(viii) by providing for appropriate reporting procedures with respect to occupational safety and health which procedures will help achieve the objectives

of this act and accurately describe the nature of the occupational safety and health problem;

(ix) by encouraging joint employer - employee efforts to reduce injuries and diseases arising out of employment;

(x) by providing for research in the field of occupational safety and health, by developing innovative methods, techniques, and approaches for dealing with occupational safety and health problems;

(xi) by exploring ways to discover latent diseases, establishing causal connections between diseases and work in environmental conditions, and conducting other research relating to health problems, in recognition of the fact that occupational health standards present problems often different from those involved in occupational safety;

(xii) by authorizing the Commissioner to enter into contracts with the State Board of Health, or any other state or local units, to the end that the Commissioner and the State Board of Health and other state or local units may fully cooperate and carry out the ends and purposes of this act.

(a) All occupational safety and health standards promulgated under the Federal Act by the Secretary, and any modifications, revision, amendments or revocations in accordance with the authority conferred by the Federal Act or any other federal act or agency relating to safety and health and adopted by the Secretary shall in all respects be the rules and regulations of the Commissioner of this State unless the Commissioner shall

make, promulgate and publish an alternative State rule, regulation or standard as effective as the federal requirement and providing safe and healthful employment in places of employment as required by the Federal Act and standards and regulations heretofore referred to and as provided by the Occupational Safety and Health Act of 1970. All standards and regulations promulgated under the Federal Act by the Secretary, and any modifications, revisions, or revocations in accordance with the authority conferred by the Federal Act, or any other federal act or agency relating to safety and health and adopted by the Secretary, shall become effective upon the date the same is filed by the Commissioner in the office of the Secretary of State.

(b) In the event the Commissioner shall develop his own standards and regulations relating to occupational safety and health which he shall consider to be as effective and efficient as any of the federal regulations or standards, then the Commissioner may by regulation promulgate, modify, or revoke any occupational safety or health standard developed by him in the following manner:

(1) Whenever the need or desirability of promulgating a regulation or standard by the Commissioner which serves the objective of this act is indicated by information submitted in writing to the Commissioner by any interested person, employer, employee, or representative of any organization of employers or employees or upon information derived from recognized standards-producing organizations or upon the basis of information developed by the Commissioner or otherwise available to him, he shall determine the scope of issues to be covered by such standard or regulation and the method to be followed in the development of such standard or regulation. If the Commissioner finds it desirable he may request the recommendation of the Advisory Council appointed under this act and shall provide such Advisory Council with any proposals of his own, together with all pertinent factual information developed by technical experts or otherwise available, including the result of research, demonstrations, experiments, and experience. Recommendations of the Advisory Council shall be submitted to the Commissioner within 90 days from the date of the receipt of such request or within such longer or shorter period as may be prescribed by the Commissioner, but in no event for a period which is longer than 270 days.

(2) When the Commissioner wishes to promulgate a regulation or standard in this section, he shall consider any proposed revisions prior to publication of proposed standards and regulations under paragraph (3) of this subsection, and may make revisions appropriate to the effectiveness of the proposed standards and regulations.

(3) The Commissioner shall, following the review provided for in paragraph (2) above, publish a notice that he intends to issue a standard or regulation modifying or revoking an occupational safety or health standard or regulation in one newspaper of general circulation in Asheville, Charlotte, Durham, Greensboro, Raleigh, Wilmington and Winston-Salem, and shall afford interested persons a period of 30 days after publication to submit written data or comments. The notice shall describe the content of the proposed regulation and shall state where copies of the proposed rule, regulation or standard may be obtained.

(4) On or before the last day of the period provided for the submission of written data or comment under paragraph (3) above, any interested person may

file with the Commissioner written objections to the proposed regulation, rule or standard, stating the grounds therefor and requesting a public hearing on such objections. Within 30 days after the last day for filing such objections, the Commissioner shall issue a call for a public hearing on the proposed occupational safety or health rule, regulation or standard to which such objections have been filed. The notice of hearing shall be published in one newspaper of general circulation in Asheville, Charlotte, Durham, Greensboro, Raleigh, Wilmington and Winston-Salem, 30 days prior to the hearing. The notice shall include the date, time, and place of the hearing and shall indicate concisely and accurately the subject matter of the proposed rule, regulation or standard to which objections have been filed. It shall also state where copies of the full text of the proposed rule, regulation or standard may be obtained.

(5) The hearing shall be presided over by the Commissioner or any authorized agent of the department, or he may delegate such presiding to the Director and shall provide reasonable opportunity for reception of opinions, memoranda and advice concerning such proposed regulation, rule or standard by interested persons and organizations.

(6) Within 60 days after the expiration of the period provided for the submission of written data or comments as provided by this section, or within 60 days after the completion of any hearing held under the provision of this section, the Commissioner shall issue a regulation promulgating, modifying, or revoking such occupational safety or health standard, rule or regulation so developed by him, or make a determination that such rule, standard or regulation shall not be issued. In addition, he shall issue a statement of reasons for any changes made from the proposed regulation, rule or standard, or reasons why no regulation, rule or standard was issued. Such regulation, rule or standard may contain a provision delaying its effective date for such period (not in excess of 90 days) as the Commissioner determines may be necessary to insure that affected employers and employees will be informed of the existence of the rule, regulation or standard and of its terms and that employers affected are given an opportunity to familiarize themselves and their employees with the existence of the requirements of the rule, regulation or standard. Notice of such promulgation, modification or revocation, shall be published in the same manner as heretofore provided in this section and as related to the publication of proposed rules, regulations and standards. Copies of the Commissioner's ruling shall be made available without cost to reasonably interested parties.

(7) Upon adoption by the enactment of this act of the occupational safety or health standards, rules or regulations, promulgated under the Federal Act by the Secretary, and modifications, revisions, or revocations in accordance with the authority conferred by the Federal Act or any other federal act or agency relating to safety and health adopted by the Secretary, such rules, regulations and standards may be issued and promulgated without meeting the requirements of publication of proposed regulations, rules or standards and without meeting the requirements of hearings as provided in this section. Notice published in the Federal Register, with reference to proposed change of standards, shall be deemed to be notice to employers and employees with regard to that change. Hearings and the findings of the Secretary of Labor with reference to the proposed change of standards, shall be substituted for the hearing and findings of the Commissioner.

(c) (1) The Commissioner shall provide, without regard to the

forementioned paragraph in this section, for an emergency temporary standard to take immediate effect upon publication of such emergency temporary standard in one newspaper of general circulation in Asheville, Charlotte, Durham, Greensboro, Raleigh, Wilmington and Winston-Salem if he determines (i) that employees are exposed to grave danger from exposure to substances or agents determined to be toxic or physically harmful or from new hazards, and (ii) that such emergency standard is necessary to protect employees from such danger.

- (2) Emergency standards may cover issues not dealt with by statutes or regulations in existence and may displace standards heretofore promulgated.
- (3) Any such emergency temporary standard shall be effective until superseded by a standard promulgated in accordance with the procedures prescribed in paragraph (4) of this subsection.
- (4) Upon publication of such emergency temporary standard, the Commissioner shall commence a proceeding in accordance with Section 6(c) of this act, and the emergency standard as published shall also serve as a proposed regulation for the proceeding. He shall thereupon promulgate a standard under this paragraph no later than six months after publication of the emergency standard as provided in paragraph (1) of this subsection.
- (d) (1) Regulations issued under subsections (b) and (c) of this section shall provide insofar as possible the highest degree of safety and health protection for employees; other considerations shall be the latest available scientific data in the field, the feasibility of the standard, and experience gained under this and other health and safety laws. Whenever practical the standards promulgated shall be expressed in terms of objective criteria and of the performance desired. In promulgating standards dealing with toxic materials or harmful physical agents, the Commissioner, after consultation and recommendations of the State Board of Health, shall set a standard which most adequately assures, to the extent possible, on the basis of the most available evidence that no employee will suffer material impairment of health or functional capacity even if such employee has regular exposure to the hazard dealt with by such standard for the period of his working life.
- (2) Upon adoption of this act, all rules and procedures set forth in Section 6(b)(7) of the Federal Act will be hereinafter adopted and applied.

(e) The Commissioner shall not develop or promulgate State standards, for products distributed or used in interstate commerce, which are different from federal standards for such products unless the promulgation of such State standard, or standards, are required by compelling local conditions and do not unduly burden interstate commerce.

Sec. 7. Variances.

A. Temporary variances. (a) The Commissioner may upon written application by an employer issue an order granting such employer a temporary variance from standards adopted by this act or promulgated by the Commissioner under this act. Any such order shall prescribe the practices, means, methods, operations and processes which the employer must adopt or use while the variance is in effect and state in detail a program for coming into compliance with the standard.

(b) An application for a temporary variance shall contain all information

required as enumerated in 29 CFR 1905.10(b) which is hereby incorporated by reference, as if herein fully set out.

(c) Upon receipt of an application for an order granting a temporary variance, the Commissioner to whom such application is addressed may issue an interim order granting such a temporary variance, for the purpose of permitting time for an orderly consideration of such application. No such interim order may be effective for longer than 180 days.

(d) Such a temporary variance may be granted only after notice to employees and interested parties and opportunity for hearing. The temporary variance may be for a period of no longer than required to achieve compliance or one year, whichever is shorter and may be renewed only once. Application for renewal of a variance must be filed in accordance with provisions in the initial grant of the temporary variance.

(e) An order granting a temporary variance shall be issued only if the employer establishes (1)(i) that he is unable to comply with the standard by the effective date because of unavailability of professional or technical personnel or materials and equipment required or necessary construction or alteration of facilities or technology, (ii) that all available steps have been taken to safeguard his employees against the hazards covered by the standard, and (iii) that he has an effective program for coming into compliance with the standard as quickly as practicable, or (2) that he is engaged in an experimental program as described in subsection C of this section as hereinafter stated.

B. Permanent variances.—(a) Any affected employer may apply to the Commissioner for a rule or order for a permanent variance from a standard promulgated under this section. Affected employees shall be given notice of each such application and an opportunity to participate in a hearing. The Commissioner shall issue such rule or order if he determines on the record, after opportunity for an inspection where appropriate and a hearing, that the proponent of the variance has demonstrated by a preponderance of the evidence that the conditions, practices, means, methods, operations, or processes used or proposed to be used by an employer will provide employment and places of employment to his employees which are as safe and healthful as those which would prevail if he complied with the standard.

(b) The rule or order so issued shall prescribe the conditions the employer must maintain, and the practices, means, methods, operations, and processes which he must adopt and utilize to the extent they differ from the standard in question.

(c) Such a rule or order may be modified or revoked upon application by an employer, employees, or by the Commissioner on his own motion, in the manner prescribed for its issuance under this subsection at any time after six months from its issuance.

C. Experimental variances.—(a) The Commissioner is authorized to grant a variance from any standard or portion thereof whenever he determines that such variance is necessary to permit an employer to participate in an experiment approved by him designed to demonstrate or validate new and improved techniques to safeguard the health or safety of workers.

Sec. 8. Creation of the Office of Director of Occupational Safety and Health. (a) There is hereby created and established in the North Carolina Department of Labor a division to be known as the office of Occupational Safety and Health. The Commissioner shall appoint a Director to administer this

division who shall be subject to the direction and supervision of the Commissioner. The Director shall carry out the responsibilities of the State of North Carolina as prescribed under the Occupational Safety and Health Act of 1970, and any subsequent federal laws or regulations relating to occupational safety and health, and this act, as written, revised or amended by legislative enactment and as delegated or authorized by the Commissioner. Commissioner is also empowered and authorized to apply to the courts of the State having jurisdiction for orders or injunctions restraining unlawful acts and practices prohibited by this act or not in compliance with this act and to apply for mandatory injunctions to compel enforcement of the act, and the Commissioner is authorized, and further authorized by and through his agents, to institute criminal actions or proceedings for such violations of the act as are subject to criminal penalties. The Director shall recommend to the Commissioner the imposition and amount of civil penalties provided by this act, and the Commissioner may institute such proceedings as necessary for the enforcement and payment of such civil penalties subject to such review of the board as hereinafter set forth.

(10) The Director may recommend to the Commissioner that any person, firm, corporation or witness be cited for contempt or for punishment as of contempt, and the Commissioner is authorized to enter any order of contempt or as of contempt as he may deem proper and necessary, and any hearing examiner may recommend to the Commissioner that such order or citation for contempt be made.

(12) All orders, citations, cease and desist orders, stop orders, sanctions and contempt orders, civil penalties and the proceedings thereon shall be subject to review by the Board as hereinafter provided, including all assessments for civil penalties.

Sec. 9. Establishment of advisory council. (a) There is hereby established a State Advisory Council on Occupational Safety and Health, consisting of seven members, appointed by the Commissioner, composed of two representatives from management, two representatives from organized labor, and three representatives of the public sector with knowledge of occupational safety and occupational health professions. The Commissioner shall designate one of the members from the public sector as chairman and all members of the State Advisory Council shall be selected insofar as possible upon the basis of their experience and competence in the field of occupational safety and health.

(b) The Council shall advise, consult with, and make recommendations to the Commissioner on matters relating to the administration of this act. The Council shall hold no fewer than two meetings during each calendar year. All meetings of the Advisory Council shall be open to the public and a transcript shall be kept and made available for public inspection.

(c) The Director shall furnish to the Advisory Council such secretarial, clerical and other services as he deems necessary to conduct the business of the Advisory Council. The members of the Advisory Council shall be compensated for reasonable expenses incurred, including necessary time spent in traveling to and from their place of residence within the State to the place of meeting, and mileage and subsistence as allowed to State officials. The members of the

Advisory Council shall be compensated on a per diem basis which shall be fixed by the Governor and the Advisory Budget Commission.

(d) In addition to its other duties, the Advisory Council shall assist the Commissioner in formulating and setting standards under the provisions of this act. For this purpose the Commissioner may appoint persons qualified by experience and affiliation to present the viewpoint of the employers involved, persons similarly qualified to present the viewpoint of the workers involved, and some persons to represent the health and safety agencies of the State. The Commissioner for this purpose may include representatives of professional organizations of technicians or professionals specializing in occupational safety or health. Such persons appointed for temporary purposes may be paid such per diem and expenses of attending meetings as may be fixed by the Commissioner and Advisory Budget Commission.

Sec. 10. *Safety and Health Review Board.* (a) The Safety and Health Review Board is hereby established. The Board shall be composed of three members from among persons who, by reason of training, education or experience, are qualified to carry out the functions of the Board under this act. The Governor shall appoint the members of the board and name one of the members as chairman of the board. The terms of the members of the board shall be six years except that the members of the board first taking office shall serve, as designated by the Governor at the time of appointment, one for a term of two years, one for a term of four years, and the member of the board designated as chairman shall serve for a term of six years. Any vacancy caused by the death, resignation, or removal of a member prior to the expiration of the term for which he was appointed shall be filled by the Governor for the remainder of the unexpired term. The Governor shall fill all vacancies occurring by reason of the expiration of the term of any members of the board.

(b) The board shall hear and issue decisions on appeals entered from citations and abatement periods and from all types of penalties. Appeals from orders of the Director dealing with conditions or practices that constitute imminent danger shall not be stayed by the Board until after full and adequate hearing. The board in the discharge of its duties under this act is authorized and empowered to administer oaths and affirmations and institute motions, cause the taking of depositions, interrogatories, certify to official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda, and other records deemed necessary as evidence in connection with any appeal or proceeding for review before the board.

(c) The board shall meet at least once each calendar quarter but it may hold call meetings or hearings upon at least three days notice to each member by the chairman and at such time and place as the chairman may fix. The chairman shall be responsible on behalf of the board for the administrative operations of the board and shall appoint such hearing examiners and other employees as he deems necessary to assist in the performance of the board's functions and fix the compensation of such employees with the approval of the Governor. The assignment and removal of hearing examiners shall be made by the board, and any hearing examiner may be removed for misfeasance, malfeasance, misconduct, immoral conduct, incompetency, the commission of any crime, or for any other good and adequate reason as found by the board. The board shall give notice to such hearing examiner, along with written allegations as to the

charges against him, and the same shall be heard by the board, and its decision shall be final. The compensation of the members of the board shall be on a per diem basis and shall be fixed by the Governor with the approval of the Advisory Budget Commission. The chairman of the board may be paid a higher rate of compensation than the other two members of the board. For the purpose of carrying out its duties and functions under this act, two members of the board shall constitute a quorum and official action can be taken only on the affirmative vote of at least two members of the board. On matters properly before the board the chairman may issue temporary orders, subpoenas, and other temporary types of orders subject to the subsequent review of the board. The issuance of subpoenas, orders to take depositions, orders requiring interrogatories and other procedural matters of evidence issued by the chairman shall not be subject to review.

(d) Every official act of the board shall be entered of record and its hearings and records shall be open to the public. The board is authorized and empowered to make such procedural rules as are necessary for the orderly transaction of its proceedings. Unless the board adopts a different rule, the proceedings, as nearly as possible, shall be in accordance with the Rules of Civil Procedure, G.S. 1A-1. The board may order testimony to be taken by deposition in any proceeding pending before it at any stage of such proceeding. Any person, firm or corporation, and its agents or officials, may be compelled to appear and testify and produce like documentary evidence before the board. Witnesses whose depositions are taken under this section, and the persons taking such depositions, shall be entitled to the same fees as are paid for like services in the courts of the State.

(e) The rules of procedure prescribed or adopted by the board shall provide affected employees or representatives of affected employees an opportunity to participate as parties to hearings under this section.

(f) Any member of the board may be removed by the Governor for inefficiency, neglect of duty, or any misfeasance or malfeasance in office. Before such removal the Governor shall give notice of hearing and state the allegations against the member of the board, and the same shall be heard by the Governor, and his decision shall be final. The principal office of the board shall be in Raleigh, North Carolina, but whenever it deems that the convenience of the public or of the parties may be promoted, or delay or expense may be minimized, the board may hold hearings or conduct other proceedings at any place in the State.

(g) In case of a contumacy, failure or refusal of any person to testify before the board, give any type of evidence, or to produce any books, records, papers, correspondence, memoranda or other records, such person upon such failure to obey the orders of the board may be punished for contempt or any other matter involving contempt as set forth and described by the general laws of the State. The board shall issue no order for contempt without first finding the facts involved in the proceeding. Witnesses appearing before the board shall be entitled to the same fees as those paid for the services of said witnesses in the courts of the State, and all such fees shall be taxed against the interested parties according to the judgment and discretion of the board.

(h) The Director shall consult with the chairman of the board with respect to the preparation and presentation to the board for adoption of all necessary forms or citations, notices of all kinds, forms of stop orders, all forms and orders

imposing penalties and all forms of notices or applications for review by the board, and any and all other procedural papers and documents necessary for the administration of the act as applied to employers and employees and for all procedures and proceedings brought before the board for review.

(i) A hearing examiner appointed by the chairman of the board shall hear, and make a determination upon, any proceeding instituted before the board and may hear any motion in connection therewith, assigned to such hearing examiner, and shall make a report of any such determination which constitutes his final disposition of the proceedings. A copy of the report of the hearing examiner shall be furnished to the Director and all interested parties involved in any appeal or any proceeding before the hearing examiner for his determination. The report of the hearing examiner shall become the final order of the board 30 days from the date of said report as determined by the hearing examiner, unless within such period any member of the board had directed that such report shall be reviewed by the entire board as a whole. Upon application for review of any report or determination of a hearing examiner, before the 30 day period expires, the board shall schedule the matter for hearing, on the record, except the board may allow the introduction of newly discovered evidence, or in its discretion the taking of further evidence upon any question or issue. All interested parties to the original hearing shall be notified of the date, time and place of such hearing and shall be allowed to appear in person or by attorney at such hearing. Upon review of said report and determination by the hearing examiner the board may adopt, modify or vacate the report of the hearing examiner and notify the interested parties. The report, decision or determination of the board upon review shall be final unless further appeal is made to the courts under the provisions of Article 33 of Chapter 143 of the General Statutes, as amended, entitled: "Judicial Review of Decisions of Certain Administrative Agencies."

Sec. 11. *Inspections.* (a) In order to carry out the purposes of this act, the Commissioner or Director, or their duly authorized agents, upon presenting appropriate credentials to the owner, operator, or agent in charge, are authorized:

(1) to enter without delay, and at any reasonable time, any factory, plant, establishment, construction site, or other area, work place or environment where work is being performed by an employee of an employer; and

(2) to inspect and investigate during regular working hours, and at other reasonable times, and within reasonable limits, and in a reasonable manner, any such place of employment and all pertinent conditions, processes, structures, machines, apparatus, devices, equipment, and materials therein, and to question privately any such employer, owner, operator, agent or employee.

(b) In making his inspections and investigations under this act, the Commissioner may issue subpoenas to require the attendance and testimony of witnesses and the production of evidence under oath. Witnesses shall be reimbursed for all travel and other necessary expenses which shall be claimed and paid in accordance with the prevailing travel regulations of the State. In case of a failure or refusal of any person to obey a subpoena under this section, the District Judge or Superior Court Judge of the county in which the inspection or investigation is conducted shall have jurisdiction upon the application of the Commissioner to issue an order requiring such person to appear and testify or produce evidence as the case may require, and any failure

to obey such order of the Court may be punished by such court as contempt thereof.

(c) Subject to regulations issued by the Commissioner a representative of the employer and an employee authorized by the employees shall be given an opportunity to consult with or to accompany the Commissioner, Director, or their authorized agents, during the physical inspection of any work place described under subsection (a) for the purpose of aiding such inspection. Where there is no authorized employee representative, the Commissioner, Director, or their authorized agents, shall consult with a reasonable number of employees concerning matters of health and safety in the work place.

(d) (1) Any employees or an employee representative of the employees who believe that a violation of a safety or health standard exists that threatens physical harm, or that an imminent danger exists, may request an inspection by giving notice of such violation or danger to the Commissioner or Director. Any such notice shall be reduced to writing, shall set forth with reasonable particularity the grounds for the notice, and shall be signed by employees or the employee representatives of the employees, and a copy shall be provided the employer or his agent no later than at the time of inspection. Upon the request of the person giving such notice, his name and the names of individual employees referred to therein shall not appear in such copy of any record published, released or made available pursuant to subsection (e) of this section. If upon receipt of such notification the Commissioner or Director determines there are reasonable grounds to believe that such violation or danger exists, the Commissioner or Director or their authorized agents shall promptly make a special investigation in accordance with the provisions of this section as soon as practicable to determine if such violation or danger exists. If the Commissioner or Director determines there are not reasonable grounds to believe that a violation or danger exists he shall notify the employees or representatives of the employees, in writing, of such determination.

(2) Prior to, during and after any inspection of a work place, any employees or representative of employees employed in such work place may notify the inspecting Commissioner, Director, or their agents, in writing, of any violation of this act which they have reason to believe exists in such work place. The Commissioner shall, by regulation, establish procedures for informal review of any refusal by a representative of the Commissioner or Director to issue a citation with respect to any such alleged violation and shall furnish the employees or representatives of employees requesting such review a written statement of the reason for the Commissioner's or Director's final disposition of the case.

(e) The Commissioner is authorized to compile, analyze, and publish, in summary or detailed form, all reports or information obtained under this section.

(f) (1) Inspections conducted under this section shall be accomplished without advance notice, subject to the exceptions in paragraph (2) below this subsection.

(2) The Commissioner or Director may authorize the giving to any employer or employee advance notice of an inspection only when the

giving of such notice is essential to the effectiveness of such inspection, and in keeping with regulations issued by the Commissioner.

(g) The Commissioner shall prescribe such rules and regulations as he may deem necessary to carry out his responsibilities under this act, including rules and regulations dealing with the inspection of an employer's establishment.

Sec. 12. Issuance of citations. (a) If, upon inspection or investigation, the Director or his authorized representative has reasonable grounds to believe that an employer has not fulfilled his duties as prescribed in this act, or has violated any standard, regulation, rule or order promulgated under this act, he shall with reasonable promptness issue a citation to the employer. Each citation shall be in writing and shall describe with particularity the nature of the violation, including a reference to the provisions of the act, standards, rules and regulations, or orders alleged to have been violated. In addition, the citation shall fix a reasonable time for the abatement of the violation. The Director may prescribe procedures for the issuance of a notice in lieu of a citation with respect to *de minimus* violations which have no direct or immediate relationship to safety or health, and violations of State agencies or political subdivisions thereof. Each citation or notice in lieu of citation issued under this section, or a copy or copies thereof, shall be prominently posted, as prescribed in regulations issued by the Director, at or near such place a violation referred to in the citation occurred.

(b) Procedure for enforcement.

(1) If, after an inspection or investigation, the Director issues a citation under any provisions of this act, he shall, within a reasonable time after the termination of such inspection or investigation, notify the employer by certified mail of any penalty, if any, he has recommended to the Commissioner to be proposed under the provisions of this act and that the employer has 15 working days within which to notify the Director that he wishes to contest the citation or proposed assessment of penalty. If, within 15 working days from the receipt of the notice issued by the Director, the employer fails to notify the Director that he intends to contest the citation or proposed assessment of penalty, and no notice is filed by any employee or representative of employees under the provisions of this act within such time, the citation and the assessment as proposed to the Commissioner shall be deemed final and not subject to review by any court.

(2) If the Director has reason to believe that an employer has failed to correct a violation for which a citation has been issued within the period permitted for its correction (which period shall not begin to run until the entry of a final order by the board in case of any review proceedings under this act initiated by the employer in good faith and not solely for a delay or avoidance of penalties), the Director shall notify the employer by certified mail of such failure and of the penalty proposed to be assessed under this act by reason of such failure and that the employer has 15 working days within which to notify the Director that he wishes to contest the Director's notification of the proposed assessment of penalty. If, within 15 working days from the receipt of notification issued by the Director, an employer fails to notify the Director that he intends to contest the notification or proposed recommendation of penalty, the notification and the

proposed assessment made by the Director shall be final and not subject to review by any court.

(3) No citation may be issued under this section after the expiration of six months following the occurrence of any violation.

(4) If an employer notifies the Director that he intends to contest a citation issued under the provisions of this act or notification issued under the provisions of this act, or if, within 15 working days of the receipt of a citation under this act, any employee or his representative files a notice with the Director alleging that the period of time fixed in the citation for the abatement of the violation is unreasonable, the Director shall immediately advise the board of such notification, and the board shall afford an opportunity for a hearing. The board shall thereafter issue an order, based on findings of fact, affirming, modifying, or vacating the Director's citation or the proposed penalty fixed by the Commissioner, or directing other appropriate relief, and such order shall become final 30 days after its issuance. Upon showing by an employer of a good faith effort to comply with the abatement requirements of a citation, and that an abatement has not been completed because of factors beyond his reasonable control, the Director, after an opportunity for a hearing as provided in this act, shall issue an order affirming or modifying the abatement requirements in such citation. The rules of procedure prescribed by the chairman of the board shall provide affected employees or representatives of affected employees an opportunity to participate as parties to hearings under this section.

Sec. 13. Civil penalties. (a) Any employer who willfully or repeatedly violates the requirements of this act, any standard, rule or order promulgated pursuant to this act, or regulations prescribed pursuant to this act, may upon the recommendation of the Director to the Commissioner be assessed by the Commissioner a civil penalty of not more than ten thousand dollars (\$10,000) for each violation. Any employer who has received a citation for a serious violation of the requirements of this act or any standard, rule, or order promulgated under this act or of any regulation prescribed pursuant to this act, shall be assessed by the Commissioner a civil penalty of up to one thousand dollars (\$1,000) for each such violation. If the violation is adjudged not to be of a serious nature, then the employer may be assessed a civil penalty of up to one thousand dollars (\$1,000) for each such violation. Any employer who fails to correct a violation for which a citation has been issued under this act within the period allowed for its correction (which period shall not begin to run until the date of the final order of the board in the case of any review proceedings in this act initiated by the employer in good faith and not solely for the delay or avoidance of penalties), may be assessed a civil penalty of not more than one thousand dollars (\$1,000). Such assessment shall be made to apply to each day during which such failure or violation continues. Any employer who violates any of the posting requirements, as prescribed under the provision of this act, shall be assessed a civil penalty of not more than one thousand dollars (\$1,000) for such violation. The Commissioner upon recommendation of the Director, or the board in case of a review, shall have authority to assess all civil penalties provided by this act, giving due consideration to the appropriateness of the penalty with respect to the size of the business of the employer being charged, the gravity of the violation, the good faith of the employer and the record of previous violations.

(b) All civil penalties and interest recovered by the Commissioner, together

with the costs thereof, shall be paid into the General Fund of the State Treasury.

Sec. 14. *Criminal penalties.* Any employer who willfully violates any standard, rule, regulation or order promulgated pursuant to the authority of this act, and said violation causes the death of any employee, shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not more than ten thousand dollars (\$10,000) or by imprisonment for not more than six months, or by both; except that if the conviction is for a violation committed after a first conviction of such person, punishment shall be a fine of not more than twenty thousand dollars (\$20,000) or by imprisonment for not more than one year, or by both. This section shall not prevent any prosecuting officer of the State of North Carolina from proceeding against such employer on a prosecution charging any degree of willful or culpable homicide. Any person who gives advance notice of any inspection to be conducted under this act, without authority from the Commissioner, Director, or any of their agents to whom such authority has been delegated, shall be guilty of a misdemeanor, and upon conviction thereof, be punished by a fine of not more than one thousand dollars (\$1,000) or by imprisonment for not more than six months, or by both. Whoever knowingly makes any false statement, representation, or certification in any application, record, report, plan, or any other document filed or required to be maintained pursuant to this act, shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not more than ten thousand dollars (\$10,000) or by imprisonment for not more than six months, or by both. Whoever shall commit any kind of assault upon or whoever kills a person engaged in or on account of the performance of investigative, inspection, or law enforcement functions shall be subject to prosecution under the general criminal laws of the State and upon such charges as the proper prosecuting officer shall charge or allege.

Sec. 15. *Procedures to counteract imminent dangers.* (a) The Superior Courts of this State shall have jurisdiction, upon petition of the Commissioner, to restrain any conditions or practices in any place of employment which are such that a danger exists, which could reasonably be expected to cause death or serious physical harm immediately or before the imminence of such danger can be eliminated through the enforcement procedures otherwise provided by this act. Any order issued under this section may require such steps to be taken as may be necessary to avoid, correct, or remove such imminent danger and prohibit the employment or presence of any individual in locations or under conditions where such imminent danger exists, except those individuals whose presence is necessary to avoid, correct or remove such imminent danger or to maintain the capacity of a continuous process operation to assume normal operations without a complete cessation of operations, or where a cessation of operations is necessary to permit such to be accomplished in a safe and orderly manner.

(b) Upon the filing of any such petition the Superior Court shall, without the necessity of showing an adequate remedy at law, have jurisdiction to grant injunctive relief or temporary restraining order pending the outcome of an enforcement proceeding pursuant to this act. The proceeding shall be as provided under the statutes and Rules of Civil Procedure of this State except

that no temporary restraining order issued without notice shall be effective for a period longer than five days.

(c) Whenever and as soon as an inspector concludes that conditions or practices described in this section exist in any place of employment, he shall inform the affected employees and employers of the danger and that he is recommending to the Commissioner that relief be sought. If the Commissioner arbitrarily or capriciously fails to seek relief under this section, any employee who may be injured by reason of such failure, or the representative of such employee, may bring an action against the Commissioner in the Superior Court of the district in which the imminent danger is alleged to exist or the employer has its principal office or place of business, for a writ of mandamus to compel the Commissioner to seek such an order for such relief as may be appropriate.

Sec. 16. *Judicial Review.* Any person or party in interest who has exhausted all administrative remedies available under this act and who is aggrieved by a final decision in a contested case is entitled to judicial review in accordance with Article 33 of Chapter 143, as amended, the same being entitled: "Judicial Review of Decisions of Certain Administrative Agencies." The Commissioner may file in the office of the clerk of the Superior Court of the county wherein the person, firm or corporation under order resides, or, if a corporation is involved, in the county wherein the corporation maintains its principal place of business, or in the county wherein the violation occurred, a certified copy of a final order of the Commissioner unappealed from, or of a final order of the Commissioner affirmed upon appeal. Whereupon, the clerk of said court shall enter judgment in accordance therewith and notify the parties. Such judgment shall have the same effect, and all proceedings in relation thereto shall thereafter be the same, as though said judgment had been rendered in a suit duly heard and determined by the Superior Court of the General Court of Justice.

Sec. 17. *Legal Representation of the Department of Labor.* It shall be the duty of the Attorney General to represent the Department of Labor or designate some member of his staff to represent them in all actions or proceedings in connection with this act.

Sec. 18. *Record Keeping and Reporting.* (a) Each employer shall make available to the Commissioner, or his agents, in such manner as the Commissioner shall require, copies of the same records and reports regarding his activities relating to this act as are required to be made, kept, or preserved by Section 8(c) of the Federal Occupational Safety and Health Act of 1970 (P. L. 91-596) and regulations made pursuant thereto.

(b) Each employer shall make, keep and preserve and make available to the Commissioner such records regarding his activities relating to this act as the Commissioner may prescribe by regulation as necessary and appropriate for the enforcement of this act or for developing information regarding the causes and prevention of occupational accidents and illnesses. In order to carry out the provisions of this section such regulations may include provisions requiring employers to conduct periodic inspections. The Commissioner shall also issue regulations requiring that employers, through posting of notices or other appropriate means, keep the employees informed of their protections and obligations under this act, including the provisions of applicable standards. The Commissioner shall prescribe regulations requiring employers to maintain accurate records of, and to make periodic reports on, work-related deaths, injuries and illnesses other than minor injuries requiring only first aid

treatment and which do not involve medical treatment, loss of consciousness, restriction of work or motion, or transfer to another job.

(c) The Commissioner shall issue regulations requiring employers to maintain accurate records of employee exposure to potentially toxic materials of harmful physical agents which are required to be monitored or measured under this act. Such regulations shall provide employees or their representatives with an opportunity to observe such monitoring or measuring, and to have access to the records thereof. Such regulations shall also make appropriate provisions for each employee or former employee to have access to such records as will indicate his own exposure to toxic materials or harmful physical agents. Each employer shall promptly notify any employee who has been or is being exposed to toxic materials or harmful physical agents in concentrations or at levels which exceed those prescribed by an applicable safety and health standard promulgated under this act and shall inform any employee who is being thus exposed of the corrective action being taken.

(d) Any information obtained by the Commissioner or his duly authorized agents under this act shall be obtained with a minimum burden upon employers, especially those operating small businesses. Unnecessary duplication of efforts in obtaining information shall be reduced to the maximum extent feasible.

Sec. 19. Statistics. (1) In order to further the purposes of this act, the Commissioner shall develop and maintain an effective program of collection, compilation, and analysis of occupational safety and health statistics. The Commissioner shall compile accurate statistics on work injuries and illnesses which shall include all disabling, serious or significant injuries or illnesses, whether or not involving loss of time from work, other than minor injuries requiring only first aid treatment and which do not involve medical treatment, loss of consciousness, restriction of work or motion, or transfer to another job. On the basis of records made and kept pursuant to the provisions of this act, employers shall file such reports with the Commissioner as he shall prescribe by regulations and as may be necessary to carry out his functions.

(2) A listing of employment by area and industry of employers who have an assigned account number by the Employment Security Commission shall be supplied annually to the Commissioner by the Employment Security Commission of this State. The listing of employment by area and industry shall contain at least the following: employer name; Employment Security Commission account number; indication of whether multiple or a single report unit; number of reporting units; average employment; establishment size code; geographical area; any four-digit code; and any other information deemed necessary by the Commissioner to meet federal reporting requirements.

Sec. 20. Reports to the Secretary. (a) The Commissioner shall require employers in the State to make reports to the secretary in the same manner and to the same extent as if the plan in force under this act were not in effect, and

(b) The Commissioner shall make such reports to the secretary in such form and containing such information as the secretary from time to time shall require.

Sec. 21. Continuation and Effectiveness of this Act. The Commissioner shall from time to time furnish to the secretary information and assurances that this act is being administered by adequate methods and by standards and

enforcement procedures which are and will continue to be as effective as federal standards.

Sec. 22. *Training and Employee Education.* (a) The Commissioner, after consultation with appropriate departments and agencies of the State and subdivisions of government, shall conduct, directly or by grants or contracts, (1) education programs to provide an adequate supply of qualified personnel to carry out the purposes of this act, and (2) informational, educational and training programs on the importance of and proper use of adequate safety and health equipment to encourage voluntary compliance.

(b) The Commissioner is also authorized to conduct, directly or by grants or contracts, short-term training of personnel engaged in work related to the Commissioner's responsibilities under this act.

(c) The Commissioner shall provide employers and employees programs covering recognition, avoidance and prevention of unsafe and unhealthful working conditions in places of employment and shall advise employers and employees, or their representatives, effective means to prevent occupational injuries and illnesses.

Sec. 23. *Safety and Health Programs of State Agencies and Local Governments.* It shall be the responsibility of each administrative department, commission, board, division or other agency of the State and of counties, cities, towns and subdivisions of government to establish and maintain an effective and comprehensive occupational safety and health program which is consistent with the standards and regulations promulgated under this act. The head of each agency shall:

(a) provide safe and healthful places and conditions of employment, consistent with the standards and regulations promulgated by this act;

(b) acquire, maintain, and require the use of safety equipment, personal protective equipment, and devices reasonably necessary to protect employees;

(c) consult with, and encourage employees to cooperate in achieving safe and healthful working conditions;

(d) keep adequate records of all occupational accidents and illnesses for proper evaluation and corrective action;

(e) consult with the Commissioner as to the adequacy as to form and content of records kept pursuant to this section;

(f) make an annual report to the Commissioner with respect to occupational accidents and injuries and the agency's program under this section.

(g) The Commissioner shall transmit annually to the Governor and the General Assembly a report of the activities of the State agency and instrumentalities under this section. If the Commissioner has reason to believe that any local government program or program of any agency of the State is ineffective, he shall, after unsuccessfully seeking by negotiations to abate such failure, include this in his annual report to the Governor and the General Assembly, together with the reasons therefor, and may recommend legislation intended to correct such condition.

The election shall be held under the same general laws, rules and regulations applicable to elections for county officers, insofar as practicable, except that no absentee ballots or markers shall be permitted. At this election there shall be submitted to the qualified voters of the county the question of whether mixed beverages shall be sold. Those favoring the sale and consumption of mixed beverages in the county shall vote for the issue: 'FOR sale and consumption of mixed beverages'. “Sec. 10.2. *When Petition Unnecessary.* The Board of Commissioners may order street improvements and assess the cost thereof, exclusive of the costs incurred at street intersections, against the abutting property owners at an equal rate per front foot, without the necessity of a petition, upon the finding by the Board as a fact:

- (a) That the street improvement project does not exceed 1,200 linear feet and
- (b) That such street or part thereof is unsafe for vehicular traffic and it is in the public interest to make such improvement, or
- (c) That it is in the public interest to connect two streets, or portions of a street already improved, or
- (d) That it is in the public interest to widen a street, or part thereof, which is already improved; provided, that assessments for widening any street or portion of street without petition shall be limited to the cost of widening and otherwise improving such street in accordance with the street classification and improvement standards established by the Town's thoroughfare or major street plan for the particular street or part thereof to be widened and improved under the authority granted by this Article.

“Sec. 10.3. *Street Improvement Defined.* For the purposes of this Article, the term ‘street improvement’ shall include grading, regrading, surfacing, resurfacing, widening, paving, repaving, the acquisition of right-of-way, and the construction or reconstruction of curbs, gutters and street drainage facilities.

“Sec. 10.4. *Sidewalks; Assessment of Costs.* In addition to any authority which is now or may hereafter be granted by the General Statutes to the Town for making sidewalk improvements, the Board of Commissioners is hereby authorized to order to be made or to make sidewalk improvements or repairs without petition according to standards and specifications of the Town, and to assess the total cost thereof against the abutting property owners.

If a sidewalk is constructed on only one side of the street and in a residential zone the cost thereof may be assessed against the property abutting on both sides of the street, unless there already exists a sidewalk on the other side of the street, the total cost of which has been assessed against the abutting property.

“ARTICLE XI. WATER AND SEWER

“Sec. 11.1. *Alternative Methods of Assessment.* In addition to, and as alternatives to the method provided in the General Statutes for assessing the costs of water and sewer lines and laterals, the Board of Commissioners, if in its opinion it would be more equitable to do so, is hereby authorized in its discretion to levy any such assessments according to either of the following methods: (1) equally against each of the lots capable of being served by such line or lines or (2) on the basis of the footage of land upon a public street by an equal rate per foot of such frontage.

In lieu of assessing the total cost of a particular project as herein provided, the governing body may annually, between the first days of January and July of each year, determine the average cost of installing water and sewer mains or lines and on the basis of such determination may make assessments of such average cost during the following fiscal year beginning July 1. The average cost of such installation shall include the cost of the particular size and material of lines completed during the preceding calendar year. It may also include the anticipated increase in labor and materials costs based upon the average of such increases during the preceding five calendar years. The assessment of the average cost of such line shall not be made until after the particular assessment project has been completed. The purpose of this section is to distribute more equitably the cost of the installation of water and sewer lines throughout the Town, to permit a property owner to know in advance what the cost of installation of water and sewer lines benefiting his property will be; and to permit the most expeditious assessment of cost against property after completion of the installation of such lines. The actual cost of acquisition of rights-of-way may also be assessed as a part of the cost of an individual project. If the right-of-way costs have not been determined and assessed with the assessment of the average installation costs at the time of the completion of the project, such costs may be assessed separately when they are determined.

“Sec. 11.2. *Water Connections.* In addition to the authority granted by the General Statutes the Board of Commissioners may require owners of improved property which may be based upon or near any water line of the Town to connect with the Town water system, and may establish and collect reasonable charges for such connections.

“ARTICLE XII. REFUSE, WEEDS, AND TRASH

“Sec. 12.1. *Property Kept Free of Offensive Matter.* It shall be the duty of every property owner in the Town to keep his property free from noxious weeds, trash, and all other forms of offensive animal or vegetable matter or refuse which may be dangerous or prejudicial to the public health or which may constitute a public nuisance.

“Sec. 12.2. *Removal of Offensive Matter; Charges a Lien.* The Board of Commissioners may by ordinance establish a procedure whereby Town forces may clean, cut, and remove any weeds, trash, refuse, or other offensive matter from any property upon failure of the owner or occupant after 10 days' notice to do so. In such event the cost of such cleaning, cutting and removal shall become a lien upon the particular property equal to the lien for ad valorem taxes and may thereafter be collected either by suit in the name of the Town or by foreclosure of the lien in the same manner and subject to the same rules, regulations, costs and penalties as provided by law for the foreclosure of the lien on real property for ad valorem taxes.

"ARTICLE XIII. CLAIMS AGAINST THE TOWN

"Sec. 13.1. *Presentation of Claims; Suit Upon Claims.* (a) All claims or demands against the Town of Pittsboro arising in tort or in contract shall be presented to the Board of Commissioners in writing, signed by the claimant, his attorney or agent, within 90 days after the claim or demand is due or the cause of action accrues, and no suit or action shall be brought thereon within 30 days or after the expiration of 12 months from the time said claim or demand is so presented. Unless the claim or demand is so presented within 90 days after the cause of action accrues, and unless suit is brought within 12 months thereafter, any action thereon is barred.

(b) No action shall be instituted against the Town on account of damages to or compensation for real property taken or used by the Town for any public purpose, or for the ejectment of the Town therefrom, or to remove a cloud upon the title thereof, unless, within two years after such alleged use, the owner, his executor, administrator, guardian, or next friend, shall have given notice in writing to the Board of Commissioners of the claim, stating in the notice the date that the alleged use commenced, a description of property alleged to have been used, and the amount of the damage or compensation claimed.

(c) Notwithstanding the provisions of subsections (a) and (b) of this section, if a complainant suffers from physical or mental incapacity that renders it impossible for him to give notice, his action shall not be barred if notice of claim is given by him or on his behalf within six months after the termination of his incapacity; provided, that minority shall not of itself constitute physical or mental incapacity. If the complainant is a minor, his action shall not be barred if notice of claim is given on his behalf within three years after the happening or the infliction of the injury complained of; or, if the minor suffers from physical or mental incapacity that claim is given on his behalf within six months after termination of the incapacity, or within three years after the happening or the infliction of the injury complained of whichever is the longer period. The Town may at any time request the appointment of a next friend to represent any person having a potential claim against the Town and known to be suffering from physical or mental incapacity.

"Sec. 13.2. *Settlement of Claims by Town Manager.* The Town Manager may with the approval of the Board of Commissioners settle claims against the Town for (1) personal injury or damages to property when the amount involved does not exceed the sum of one hundred dollars (\$100.00) and does not exceed the actual loss sustained including loss of time, medical expenses, and any other expense actually incurred and (2) the taking of small portions of property which are needed for the rounding of corners at intersections of streets, when the amount involved in any such settlement does not exceed five hundred dollars (\$500.00) and does not exceed the actual loss sustained. Settlement of a claim by the Town Manager pursuant to this section shall constitute a complete release of the Town from any and all damages sustained by the person involved in such settlement in any manner arising out of the accident, occasion, or taking complained of. All such settlements, and all such releases, shall be approved in advance by the Town Attorney."

Sec. 2. The purpose of this act is to revise the Charter of the Town of Pittsboro and to consolidate herein certain acts concerning the property, affairs, and government of the Town. It is intended to continue without interruption

those provisions of prior acts which are consolidated into this act, so that all rights and liabilities that have accrued are preserved and may be enforced.

Sec. 3. This act shall not be deemed to repeal, modify, nor in any manner to affect any of the following acts, portions of acts, or amendments thereto, whether or not such acts, portions of acts, or amendments are expressly set forth herein:

(a) Any acts concerning the property, affairs, or government of public schools in the Town of Pittsboro.

(b) Derived from, or which might be sustained or preserved in reliance upon, action heretofore taken (including the adoption of ordinances or resolutions) pursuant to or within the scope of any provision of law repealed by this act.

Sec. 5. No law heretofore repealed expressly or by implication, and no law granting authority which has been exhausted, shall be revived by:

(a) The repeal herein of any act repealing such law, or

(b) Any provision of this act that disclaims an intention to repeal or affect enumerated or designated laws.

Sec. 6. (a) All existing ordinances and resolutions of the Town of Pittsboro and all existing rules or regulations of departments or agencies of the Town of Pittsboro, not inconsistent with the provisions of this act, shall continue in full force and effect until repealed, modified or amended.

(b) No action or proceeding of any nature (whether civil or criminal, judicial or administrative or otherwise) pending at the effective date of this act by or against the Town of Pittsboro or any of its departments or agencies shall be abated or otherwise affected by the adoption of this act.

Sec. 7. Severability. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

Sec. 8. All laws and clauses of laws in conflict with this act are hereby repealed.

The General Assembly of North Carolina enacts:

Section 1. In addition to any other powers and authority heretofore granted by general law, local act or Charter, the City Council of the City of Durham is hereby authorized and empowered to provide water service or sewer service or both such services to property, within or without the corporate limits, abutting existing City water or sewer mains or the right-of-way thereof and affix a lien to said property for the cost of providing such service.

Sec. 2. The authority granted by this act shall be exercised only upon petition by the owner or owners of such abutting property. Such petition shall be upon a form approved by the City Council and shall contain:

- (a) a description of the service or services requested, and
- (b) a description of the property to be served, and
- (c) the anticipated cost of furnishing such services, and

(d) the terms of payment by such property owner for the costs incurred by the City of Durham in furnishing such service, including but not limited to, the number of installments in which payment shall be made and the interest rate to be applied to any unpaid balance, and

(e) such other information as may be required by the City Council.

Sec. 3. The City Council may approve or deny any such petition submitted. If any such petition shall be approved by the City Council, the City Clerk shall mark upon the face of such petition such words as shall indicate such approval by the City Council, and the date and time of such approval.

Sec. 4. From and after approval of any petition submitted pursuant to this act, a lien in favor of the City of Durham shall exist upon the property described in such petition for the amount stated in such petition as the anticipated cost of furnishing such service. Such lien shall be inferior to all prior and subsequent federal, State and county tax liens of record but superior to all others. Said lien may be collected by foreclosure in the same manner as provided by law for the foreclosure of liens for special assessments. Any foreclosure proceeding instituted pursuant to this act shall be deemed a proceeding in rem and no mistake or omission as to the name of any owner or person interested in any lot or parcel of land affected thereby shall be regarded a substantial mistake or omission. No change of ownership shall affect any lien created pursuant to this act.

Sec. 5. Payment of the anticipated costs of providing service shall be as prescribed by the terms of the petition approved by the City Council. If any installment payment due and payable under the terms of the approved petition shall be unpaid for a period of 30 days or more, then all subsequent installment payments shall become due and payable and proceedings as set forth in Section 4 herein may be instituted.

Sec. 6. If the City Council shall determine that the actual costs or furnishing the services provided for in any approved petition shall have exceeded the amount originally stated in such petition as the anticipated costs of providing such services, the City Council may, by resolution, amend the approved petition to set forth the correct cost. The City Council's determination of such actual cost shall be deemed conclusive. Upon amendment as provided by this section, the petition shall be deemed effective as if originally submitted with the amended cost set forth therein. The City Council may provide for payment of any such increased amended cost, by increasing the amounts of any unpaid installments due under the original approved petition. A copy of any resolution enacted pursuant to this section shall be mailed or personally delivered to the owner or owners of such property at their last known address.

Sec. 7. Any petition approved by the City Council and any amendment thereof shall be filed in the office of the City Clerk. The City Clerk shall forward a copy of any such petition or amendment to the Collector of Revenue. The Collector of Revenue shall maintain a record of such approved petitions and amendments thereof and such records shall be available to public view during regular business hours.

Sec. 8. If the actual cost of providing the services requested in any approved petition shall be less than the costs set forth in such petition as anticipated costs, the City Council may order such excess deposited in the water and sewer fund of the City for the use of the City or may order such excess paid to the owner or owners of the property set forth in such petition as their

respective interests may appear. Provided, however, any anticipated cost set forth in the approved petition which shall have been determined under any schedule of charges approved by the City Council shall, for the purpose of this section, be deemed the actual cost of providing such service.

Sec. 9. This act shall apply only to the City of Durham.

Such right, power, and authority, however, shall be limited to a conveyance of the whole of the lot or parcel of land against which the particular assessment or assessments involved were levied. No lot or tract of land may be divided and no such right, power, and authority exercised as to a part, only, of the property originally embraced in and covered by said assessment or assessments. In the case of such conveyance, it shall not be necessary that the street or sidewalk assessment or assessments against the property be foreclosed; but the Town, upon the receipt of any such conveyance, shall become and be the absolute fee simple owner of the property, as fully to all intents and purposes as if purchased in and through foreclosure proceedings for the enforcement of such street and sidewalk assessment or assessments.

Unless the claim or demand is so presented within 90 days after the cause of action accrues, and unless suit is brought within 12 months thereafter, any action is barred.

(b) No action shall be instituted against the Town for damages to or compensation for real property taken or used by the Town for any public purpose, or for the ejectment of the Town therefrom, or to remove a cloud upon the title thereof, unless, within two years after such alleged use, the owner, his executor, administrator, guardian, or next friend, shall have given notice in writing to the Board of Aldermen of the claim, stating in the notice the date that the alleged use commenced, a description of property alleged to have been used, and the amount of the damage or compensation claimed.

(c) Notwithstanding the provisions of subsections (a) and (b) of this section, if a complainant suffers from physical or mental incapacity that renders it

impossible for him to give notice, his action shall not be barred if notice of claim is given by him or on his behalf within six months after the termination of his incapacity; provided, that minority shall not of itself constitute physical or mental incapacity. If the complainant is a minor, his action shall not be barred if notice of claim is given on his behalf within three years after the occurrence or the infliction of the injury complained of; or, if the minor suffers from physical or mental incapacity that renders it impossible for him to give notice, his action shall not be barred if notice of claim is given on his behalf within six months after termination of the incapacity, or within three years after the occurrence or the infliction of the injury complained of, whichever is the longer period. CHAPTER 375

AN ACT TO PROVIDE FOR VOLUNTARY ANNEXATION BY THE CITY OF ROCKY MOUNT OF AREAS NOT CONTIGUOUS TO THE MUNICIPAL BOUNDARIES OF THE CITY OF ROCKY MOUNT.

Whereas, Article 36 of Chapter 160 of the General Statutes of North Carolina contains no provision for the annexing of areas not contiguous to the municipal boundaries of the City of Rocky Mount; and

Whereas, it would be in the interest of the public health, safety and welfare of the inhabitants of said City and would permit a more orderly growth of the municipal boundaries of said City to allow the annexation of noncontiguous areas by petition of the property owners who desire that their property be annexed; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. That the owner or owners of any area within the boundaries of Nash County or Edgecombe County, or both counties, but not within the boundaries or extraterritorial jurisdiction of any other municipality, whose property is not contiguous to the municipal boundaries of the City of Rocky Mount, may, by petition directed to the City Council of the City of Rocky Mount, request that the property described in the petition be annexed and made a part of the City of Rocky Mount as hereinafter set out; provided any property so annexed must be located at the closest point not more than three miles from the City of Rocky Mount municipal limits wherein is located and situated the City Hall.

Sec. 2. That said petition shall be directed to the City Council of the City of Rocky Mount and shall contain:

- (1) The names of the owners of the real property for which a request to annex is made.
- (2) A description of the area to be annexed by metes and bounds.
- (3) The signatures of all property owners of the area requesting annexation.

Upon receipt of the petition, the City Council of the City of Rocky Mount

shall cause the clerk of the municipality to investigate the sufficiency thereof and to certify the results of his or her investigation.

Upon receipt of the certification and petition, the City Council shall fix dates for two public hearings on the question of annexation and shall cause notice of the public hearings to be published twice in a newspaper having general circulation in the municipality at least 10 days prior to the date of the first public hearing, and published in like manner preceding the second public hearing. The second public hearing shall be held at least 15 days after the first public hearing. At such public hearings, all residents of Nash or Edgecombe Counties opposing or favoring the annexation or alleging an error in the petition shall be given an opportunity to be heard. The City Council shall then determine whether the petition meets the requirements of this act.

Upon a further finding and determination by the City Council that:

- (1) The public health, safety and welfare of the inhabitants of the City of Rocky Mount, as well as those of the area, requesting such annexation, will best be served by such annexation, and
- (2) The City of Rocky Mount will be able to provide the same services to the annexed area in the same manner in which other areas within the municipal boundaries of said City are served,

the City Council of the City of Rocky Mount may adopt an ordinance annexing that area described in the petition. The City Council shall have authority to make the annexing ordinance effective immediately or on any specified date within six months from the date of passage of the ordinance. From and after the effective date of said ordinance the area and its citizens shall be subject to all debts, laws, ordinances and regulations in force in the City of Rocky Mount and shall be entitled to the same benefits and privileges of other parts of said City. The newly annexed area shall be subject to City taxes for the fiscal year following the effective date of annexation. If the effective date of annexation falls between January 1 and June 30, the City shall, for purposes of levying taxes for the fiscal year beginning July 1 following the date of annexation, obtain from the applicable county a record of property in the area being annexed which was listed for taxation as of said January 1. If the effective date of annexation falls between June 1 and June 30, and the effective date of the privilege license tax ordinance of the City is June 1, then businesses in the area to be annexed shall be liable for taxes imposed in such ordinance from and after the effective date of annexation.

Sec. 3. The City Council of the City of Rocky Mount may make annexation pursuant hereto contingent on such conditions as it may desire in order to insure that the area proposed to be annexed will not receive preferential treatment.

Sec. 4. The City Council, in its discretion, may charge in any noncontiguous annexed area water or sewer rates in excess of those charged within the municipal limits wherein is located the City Hall.

Sec. 5. Annexation proceedings hereunder shall be subject to referendum to the same extent and pursuant to the procedure provided in Part 1 of Article 36 of Chapter 160 of the General Statutes of North Carolina, except that such referendum shall be conducted by the Board of Elections then responsible for the conduct of other elections in the City of Rocky Mount.

Sec. 6. Whenever the limits of the City of Rocky Mount are enlarged in accordance with the provisions of this act, it shall be the duty of the mayor of

the city to cause an accurate map of such annexed area, together with a copy of the ordinance duly certified, and the official results of the election, if conducted, to be recorded in the office of the register of deeds of the county in which such area is situated and in the office of the Secretary of State.

Sec. 7. Any area annexed pursuant to this act shall cease to be noncontiguous for all intents and purposes when and in the event said area shall touch the municipal limits of the City of Rocky Mount pursuant to the extension of the boundaries of said City pursuant to Article 36, Chapter 160 of the General Statutes of North Carolina.

Sec. 8. Any area annexed pursuant to this act shall not be included in that area of the municipal boundaries used for determining any extraterritorial jurisdiction of the City of Rocky Mount and further shall not be considered within the municipal boundaries for the purposes of defining an area as contiguous to the City limits within the provisions of Part 3 of Article 36 of Chapter 160 of the General Statutes of North Carolina with reference to further annexation unless and until the area annexed pursuant hereto shall, by extension of the municipal boundaries pursuant to Article 36 of Chapter 160 of the General Statutes of North Carolina, touch and become a part of the municipal boundaries of the City of Rocky Mount wherein is located the City Hall.

Sec. 9. The total area of all noncontiguous portions of the City annexed pursuant to this act shall at no time exceed ten percent (10%) of the total area of the City of Rocky Mount wherein is located the City Hall.

Sec. 10. This act shall be supplemental and in addition to any other methods or procedure for annexation heretofore available or hereafter provided for the City of Rocky Mount.

Sec. 11. If any clause, sentence, paragraph, subsection, section or any part of this act shall for any reason be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such judgment shall not affect, impair or invalidate the remainder of this act but shall be confined in its operation to the part thereof directly involved in said judgment.

Sec. 12. All laws and clauses of laws in conflict with this act are repealed.

Sec. 13. This act shall become effective upon ratification.

In the General Assembly read three times and ratified, this the 8th day of May, 1973.

CHAPTER 381

AN ACT TO AMEND SECTIONS 23 AND 25 OF CHAPTER 677, 1947 SESSION LAWS, AS AMENDED, RELATING TO ZONING BY THE CITY OF WINSTON-SALEM AND FORSYTH COUNTY.

The General Assembly of North Carolina enacts:

Section 1. Section 23 of Chapter 677 of the Session Laws of 1947, as amended, is hereby amended as follows: by inserting between the first and second paragraphs thereof the eight following paragraphs:

"The Board of Aldermen of the City of Winston-Salem is hereby empowered, in accordance with the conditions and procedure specified in this act, by ordinance to regulate in any portion or portions of the City of Winston-Salem the uses of buildings and structures for trade, industry, residence, recreation, public activities or other purposes, and the uses of land for trade, industry, residence, recreation, agriculture, water supply conservation, soil conservation, forestry or other purposes.

For any or all these purposes, the City may divide its territorial jurisdiction

into districts of any number, shape, and area that may be deemed best suited to carry out the purposes of this section; and within those districts it may regulate and restrict the erection, construction, reconstruction, alteration, repair or use of buildings, structures, or land. All regulations shall be uniform for each class or kind of building throughout each district, but the regulations in one district may differ from those in other districts; provided, however, that the City may provide for the creation of special use districts in addition to general use districts.

It is the purpose and intent of this section to permit Winston-Salem to create general use districts in which a variety of uses are permitted, and to also create special use districts in which a single use is permitted upon the issuance by the Board of Aldermen of a special use permit prescribing the conditions under which such use will be permitted.

A person petitioning for rezoning of a tract of land, where special use districts are authorized by ordinance, may elect to request general use district zoning for said tract, or he may elect to request special use district zoning for said tract.

If he elects to petition for general use district zoning, he may not refer, either in his petition or at any hearings related to the petition, to the use intended for the property upon rezoning. The Board of Aldermen may not consider the intended use in determining whether to approve or disapprove the petition, but shall consider the full range of uses permitted within the requested general use district. If the petition is approved, the re-zoned property may be used for any of the uses permitted in the applicable general use district.

If the petitioner elects to petition for special use district zoning, the petition must specify the actual use intended for the property specified in the petition, and the intended use must be one permitted in the corresponding general use district. If the petition is for special use district zoning, the Board of Aldermen is to approve or disapprove the petition on the basis of the specific use requested. If the petition is approved, the Board of Aldermen shall issue a special use permit authorizing the requested use with such reasonable conditions as the Board of Aldermen determines to be desirable in promoting public health, safety and general welfare.

The conditions contained in a special use permit issued by the Board of Aldermen may include: location of the proposed use on the property; the number of dwelling units; the location and extent of support facilities such as parking lots, driveways, and access streets; location and extent of buffer areas and other special purpose areas; the timing of development; and such other matters as the petitioner may propose and the Board of Aldermen may find appropriate, but not to include architectural review or controls.

It is the further intent of this section to permit the creation of districts for specific uses and the imposition of reasonable conditions in order to secure the public health, safety and welfare, and insure that substantial justice be done."

Sec. 2. Section 25 of Chapter 677 of the Session Laws of 1947, as amended, is hereby amended by inserting the seven following paragraphs after the first paragraph therein:

"For any or all these purposes, the County may divide its territorial jurisdiction into districts of any number, shape, and area that may be deemed best suited to carry out the purposes of this section; and within those districts it may regulate and restrict the erection, construction, reconstruction, alteration, repair or use of buildings, structures, or land. All regulations shall be uniform for

each class or kind of building throughout each district, but the regulations in one district may differ from those in other districts; provided, however, that the County may provide for the creation of special use districts in addition to general use districts.

"It is the purpose and intent of this section to permit Forsyth County to create general use districts in which a variety of uses are permitted, and to also create special use districts in which a single use is permitted upon the issuance by the Board of County Commissioners of a special use permit prescribing the conditions under which such use will be permitted.

A person petitioning for rezoning of a tract of land, where special use districts are authorized by ordinance, may elect to request general use district zoning for said tract, or he may elect to request special use district zoning for said tract.

If he elects to petition for general use district zoning, he may not refer, either in his petition or at any hearings related to the petition, to the use intended for the property upon rezoning. The Board of County Commissioners may not consider the intended use in determining whether to approve or disapprove the petition, but shall consider the full range of uses permitted within the requested general use district. If the petition is approved, the re-zoned property may be used for any of the uses permitted in the applicable general use district.

If the petitioner elects to petition for special use district zoning, the petition must specify the actual use intended for the property specified in the petition, and the intended use must be one permitted in the corresponding general use district. If the petition is for special use district zoning, the Board of County Commissioners is to approve or disapprove the petition on the basis of the specific use requested. If the petition is approved, the Board shall issue a special use permit authorizing the requested use with such reasonable conditions as the Board determines to be desirable in promoting public health, safety and general welfare.

The conditions contained in a special use permit issued by the Board may include: location of the proposed use on the property; the number of dwelling units; the location and extent of support facilities such as parking lots, driveways, and access streets; location and extent of buffer areas and other special purpose areas; the timing of development; and such other matters as the petitioner may propose and the Board may find appropriate, but not to include architectural review or controls.

It is the further intent of this section to permit the creation of districts for specific uses and the imposition of reasonable conditions in order to secure the public health, safety and welfare, and insure that substantial justice be done."

Sec. 3. This act shall apply only to the City of Winston-Salem and Forsyth County.

Sec. 4. All laws and clauses of laws in conflict with this act are hereby repealed.

Sec. 5. This act shall be in full force and effect from and after its ratification.

In the General Assembly read three times and ratified, this the 8th day of May, 1973.

**"ARTICLE VIII. LOCAL IMPROVEMENTS AND ASSESSMENTS
FOR LOCAL IMPROVEMENTS**

"Sec. 8.1. *Authority to Make Local Improvements.* The Board of Commissioners shall have authority to make the local improvements described in this Charter, as in its discretion it may deem appropriate, with or without any petition so to do and to assess the total cost against the abutting property.

The procedure set forth in this Article shall not be exclusive, but shall be in addition to any other procedure provided by law.

“Sec. 8.2. *Separate Proceedings not Required.* One or more local improvements may be made in a single proceeding, and assessments for one or more local improvements may be combined.

“Sec. 8.3. *Definitions.* Certain words and phrases will be used with the following meanings with reference to local improvements, unless some other meaning is plainly intended.

(a) A ‘street’ is the entire width between property or right-of-way lines of every way or place, of whatever nature, when any part thereof is dedicated or open to the use of the public as a matter of right for the purpose of vehicular or pedestrian traffic, and whether such portion devoted to traffic be divided by any railroad, or other utility right-of-way, parkway or in any other manner.

(b) A ‘sidewalk’ is the part of a street which is used or to be used for pedestrian traffic.

(c) A ‘storm sewer’ is a conduit above or below ground for the passage of storm water and may include a pumping station and outlet where deemed necessary and may also include the building of culverts over or the enclosing of streams where needed to carry off storm water.

(d) A ‘sanitary sewer’ is a conduit, preferably underground, for the passage of sewage and may include a pumping station and outlet.

(e) A ‘water main’ is a pipe for the passage of Town water for public hydrants and private and public use and consumption.

(f) A ‘lateral’ is a pipe connecting a storm or sanitary sewer or water main with the line of adjacent property or the curb line, being either a sewer lateral or water lateral, but does not include a building connection, that is, a pipe extending from a lateral at the property line or curb line to the house or plumbing fixture to be served.

(g) A ‘roadway’ is the part of a street which is used or to be used for vehicular traffic.

(h) The word ‘sewer’ includes both sanitary and storm sewers unless a contrary intention is shown.

“Sec. 8.4. *Improvements Described.* The Board of Commissioners shall have authority to make the following local improvements:

(a) Roadway paving improvements, which include the grading, regrading, paving, repaving and widening of roadways, or the improvement thereof with any treatment designed to provide an improved wearing surface with necessary drainage, sewer inlets, manholes and catch basins and the construction or reconstruction of retaining walls made necessary by any change of grade incident to such improvement, and, in any case where the improvement is made, if the Board so directs, it may include the construction or reconstruction of curbs, gutters, drains and sidewalks.

(b) Water main improvements, which include the laying or construction of water mains, the relaying where necessary of parts of paved roadways and sidewalks torn up or damaged by the laying or construction of such mains, and, in any case where the improvement is made and the Board so directs, the laying of water laterals.

(c) Sanitary sewer improvements, which include the laying or construction of sanitary sewers, the relaying where necessary of parts of paved roadways and sidewalks torn up or damaged by the laying or construction of such sewers, and,

in any case where the improvement is made and the Board so directs, the laying of sanitary sewer laterals.

(d) Storm sewer improvements, which include the laying or construction of storm sewers, the relaying where necessary of parts of paved roadways and sidewalks torn up or damaged by the laying or construction of such sewers, and, in any case where the improvement is made and the Board so directs, the laying of storm sewer laterals.

(e) Sidewalk improvements, which include the grading, regrading, construction, reconstruction and repair of paved or other improved sidewalks, the construction or reconstruction of retaining walls made necessary by the incident to such improvements, and in any case where the improvement is made, if the Board so directs, it may include the construction or reconstruction of curbs, gutters and drains, and the construction or reconstruction of all such portions of driveways as in the judgment of the Board ought to be laid in the street area.

(f) Grass plot improvements, which include the grading and planting of grass plots in the street.

"Sec. 8.5. Water and Sewer Mains between Streets; Assessment; Town Bear Costs of Right-of-Way. Whenever the Board finds it in the public interest, and it will be more economical and the interest of the property owners will best be served by construction of either water or sanitary sewer mains, or both, between streets rather than in a street, they may be constructed between streets. The cost of the construction of such water or sewer mains and laterals shall be assessed according to the street frontage in the same manner and to the same extent that it would be assessed if the improvements were constructed in a street.

"Sec. 8.6. Inclusion of More than One Improvement in Single Proceeding. (a) Uniformity of cost and kind. Any proceeding may include one or more local improvements on one or more streets, but all improvements included in one procedure shall be practically uniform in cost and kind. A proceeding may include improvements on only one side of a street.

(b) *Assessment of Costs, Manner and Method.* The proceeding may provide for making any one or more local improvements in or on a street or streets and for the assessment of the cost thereof, except the Town's portion, wholly against the property abutting one side of such street or streets or otherwise against such abutting property as may be designated in the petition, if one, and if not in the resolution ordering the proceeding, in any of the following cases: (1) In any case, where there is a park land or unimproved land abutting one side or a part of one side of a street; or (2) where the land abutting one side or a part of one side of a street is of such nature or is devoted to such purpose that a special assessment against it cannot be made, or, if made would probably exceed the value of the land assessed; or (3) where the owners of all the property to be assessed agree thereto.

"Sec. 8.7. Resolution Ordering Improvements; Publications. (a) After the Board determines to make the improvements proposed, it shall adopt a resolution which shall contain:

- (1) If the improvements are to be made by petition, a finding by the Board as to the sufficiency of the petition, which finding shall be final and conclusive.
- (2) If the improvements are to be made without petition, a finding by the

Board of such facts requiring authorization of improvements without petition.

- (3) A general description of the improvements to be made, and the designation of the street or streets or parts thereof where the work is to be done.
- (4) If the improvement directed to be made includes the construction of water mains or sewers, and in order to provide the mains or sewers in the street or streets to be improved, it is necessary to extend them beyond the limits of the street or streets, the resolution shall contain a provision for the necessary extension of such mains or sewers, and a further provision that the cost of such extension shall be assessed against the lots or parcels of land abutting the street or streets in which such extensions are made, but that assessments shall not be made until such time as the Board shall thereafter determine by appropriate resolution.
- (5) If the improvement directed to be made is the paving of a roadway or part thereof, or the construction of sidewalks, the resolution may, but need not, contain a direction that the owner of each lot abutting the part of the street to be improved connect his lot by means of laterals with water mains, gas or sewer pipes, or any one or more thereof, located in the street adjacent to his premises in accordance with the requirements governing the laying of laterals, and that unless the owners cause laterals to be laid on or before a date specified in the resolution, the date to be not less than 30 days after the date of the resolution, the Board will cause the same to be laid.
- (6) A designation of the proportion of the cost of the improvements to be assessed against abutting property, and of the number of equal annual installments in which assessments may be paid.

(b) *Publication and Posting of Notice.* The resolution after its passage shall be published at least once in some newspaper of general circulation in the Town which is qualified to carry legal notices, or if there be no such newspaper, the resolution shall be posted in three public places in the Town for at least five days, except that in any case where the Board directed that the notice should be served or mailed instead of being published, the resolution ordering the improvements need not be either published or posted.

“Sec. 8.8. *Details of Construction; Contracts for Construction.* The Board shall have power to determine the character and type of construction and of material to be used and to determine any other details of plan or construction necessary to be determined in making any local improvements and to determine whether any work to be done by the Town shall be done by contract or by the Town. The Board shall have power, also, unless otherwise limited, to determine the number of water, sewer and gas laterals that shall be laid to any lot on any street to be improved. If the work or any part thereof is to be done by contract, the Board may let all of the work in one contract, or it may divide it into several contracts and may let contracts separately.

“Sec. 8.9. *Determination as to Cost of Improvements.* Upon completion of the improvements, the Board shall ascertain the total cost. In addition to other items of cost there may be included therein the cost of all necessary legal services, the amount of interest paid during construction, the amount of damages paid or to be paid for injury to property by reason of any change of grade or drainage, including court costs and other expenses incidental to the

determination of damages, and the cost of retaining walls, sidewalks or fences built or altered in lieu of cash payment for property damage, including the cost of moving or altering any building. The determination of the Board as to the total cost of any improvement shall be conclusive.

“Sec. 8.10. *Corner Lot Exemptions.* The Board of Commissioners shall have authority to establish schedules of exemptions from assessments for corner lots when a project is undertaken along both sides of such lots. The schedules of exemptions shall be based on categories of land use (residential, commercial, industrial, or agricultural) and shall be uniform for each category. The schedule of exemptions may not provide exemption of more than seventy-five percent (75%) of the frontage of any side of a corner lot, or 150 feet, whichever is greater.

“Sec. 8.11. *Preliminary Assessment Roll, Contents, Publication, Posting, Serving or Mailing.* The Board shall cause to be prepared a preliminary assessment roll, on which shall be entered a brief description of each lot or parcel of land assessed, the amount assessed against each lot, the name or names of the owner or owners of each lot as far as the same can be ascertained; provided that a map of the improvements on which is shown the frontage and location of each affected lot, together with the amount assessed against each lot and the name or names of the owner or owners thereof as far as the same can be ascertained, shall be a sufficient assessment roll. If the resolution directed the making of more than one improvement, a single preliminary assessment roll for all the improvements authorized by such resolution shall be sufficient, but the cost of each improvement to each lot affected shall be shown separately. After the preliminary assessment roll has been completed, it shall be filed in the office of the Town Clerk, and there shall be published in some newspaper of general circulation in the Town which is qualified to carry legal notices, or if there be no such newspaper, the Town Clerk shall cause to be posted in three public places in the Town a notice of the completion of the assessment roll, setting forth a description in general terms of the improvements, and stating the time fixed for the meeting of the Board for the hearing of objections to the special assessments, such meeting to be not earlier than 10 days after the first publication or from the date of posting of said notice. Any number of assessment rolls may be included in one notice. In any case where the preliminary notice was served or mailed instead of being published, this notice need not be published or posted but may be served or mailed. The serving or mailing of notices shall be completed not less than five days prior to the date fixed for the hearing of the assessment roll, and the return of the person serving or mailing the same shall, in the absence of fraud, be conclusive that the same were served or mailed.

“Sec. 8.12. *Hearing; Revision; Confirmation; Lien.* At the time appointed for that purpose or at some other time to which it may adjourn, the Board shall hear objections to the preliminary assessment roll of all persons interested who may appear and offer proof in relation thereto. Then or thereafter, the Board shall either annul or sustain or modify in whole or in part the assessment, either by confirming the preliminary assessment against any or all lots or parcels described thereon, or by cancelling, increasing or reducing the same. If any property is omitted from the preliminary roll, the Board may place it on the roll and levy the proper assessment. The Board may thereupon confirm the assessment roll. Whenever the governing body shall confirm assessments for local improvements, the Town Clerk shall enter on the Board minutes and on

the assessment roll the date, hour and minute of confirmation, and from the time of confirmation the assessment shall be a lien on the property assessed of the same nature and to the same extent as county and city taxes and shall be superior to all other liens and encumbrances. After the assessment roll is confirmed, a copy of the same shall be delivered to the Town Tax Collector.

"Sec. 8.13. *Appeal to Superior Court.* If the owner of, or any person interested in, any lot or parcel of land against which an assessment is made is dissatisfied with the amount of the assessment, he may, within 10 days after the confirmation of the assessment roll, give written notice to the Board that he takes an appeal to the Superior Court of Wake County, in which cases he shall within 20 days after the confirmation of the assessment roll serve on the Mayor or Town Clerk a statement of facts upon which he bases his appeal. The appeal shall be tried as other actions at law. The remedy herein provided for any person dissatisfied with the amount of the assessment against any property of which he is the owner or in which he is interested shall be exclusive.

"Sec. 8.14. *Error in Assessment; Power to Correct; Procedure.* If it shall appear after confirmation of any assessment roll that an error has been made, the Town Clerk shall cause to be published one time in some newspaper of general circulation in the Town, or if there be no such newspaper, the Town Clerk shall cause to be posted at three public places in the Town a notice referring to the assessment roll in which the error was made, naming the owner or owners of the lot or parcel of land affected by the error if the same can be ascertained, and naming the time and place fixed for a hearing by the Board for the correction of the error, such meeting not to be earlier than 10 days from the publication or from the date of the posting of the notice. At the time fixed in the notice or at some subsequent time to which the Board may adjourn, the Board, after giving the owner or owners of the property affected and other persons interested therein an opportunity to be heard, may proceed to correct the error, and the assessment then made shall have the same force and effect as if it had originally been properly made. No notice and hearing shall be necessary if the correction does not increase an assessment against any property not owned by the Town, or if all of the property owners affected by the correction waive notice in writing.

"Sec. 8.15. *Reassessment.* The Board shall have the power, when in its judgment there is any irregularity, omission, error or lack of jurisdiction in any of the proceedings relating thereto, to set aside the whole of the local assessment made by it and thereupon to make a reassessment. In such case there shall be included, as a part of the cost of the improvements involved, all interest paid or accrued on notes or certificates of indebtedness or bonds issued by the Town to pay the expenses of such improvement. The proceeding shall, as far as practicable, be in all respects as in the case of original assessments, and the reassessment shall have the same force as if it had originally been properly made.

"Sec. 8.16. *Publication of Notice of Confirmation of Assessment Roll.* After the expiration of 20 days from the confirmation of the assessment roll, the Town Clerk shall cause to be published one time in some newspaper of general circulation in the Town which is qualified to carry legal notices, or if there be no such newspaper, shall cause to be posted at three public places in the Town a notice of confirmation of the assessment roll, and that assessments may be paid at any time before the expiration of 30 days from the date of publication or

posting of the notice without interest from the date of confirmation of the assessment roll, but that if such assessment is not paid in full within said time, all installments thereof shall bear interest until paid at the rate fixed in the assessment resolution, but not more than eight percent (8%) per annum from the date of confirmation of the assessment roll.

"Sec. 8.17. *Payment of Assessments in Cash or by Installments.* The property owner assessed shall have the option of paying for improvements in cash or in not less than two or more than five equal annual installments as may have been determined in the resolution ordering the improvements. If paid in installments, installments shall bear interest at the rate fixed in the assessment resolution, but not more than eight percent (8%) per annum from the date of confirmation of the assessment roll. If any assessment is not paid in cash, the first installment with interest shall become due and payable 30 days after the publication or posting of the notice of confirmation, and one subsequent installment and interest shall be due and payable on the same day of the same month in each successive year until the assessment is paid in full; provided, however, that if the Board shall so direct installments shall become due and payable on the same date when property taxes of the Town are due and payable. If any installment with interest is not paid when due, it shall be subject to the same penalties as are now prescribed by law for unpaid taxes, in addition to the interest herein provided for. The whole assessment may be paid at any time by the payment of the full amount due with accrued interest.

"Sec. 8.18. *Procedure to Enforce Payment; Mandamus Against Railroads and State Agencies; Foreclosure Against Individuals.* Upon the failure of any property owner to pay any installment when due and payable, all of the installments remaining unpaid shall immediately become due and payable, and property and rights-of-way may be sold by the Town under the same rules, regulations, rights of redemption and savings as are now prescribed by law for the sale of land for unpaid taxes. Unpaid assessments, interest and penalties owed by railroad companies and the State of North Carolina, its agencies or subdivisions, may be collected by writs of mandamus issued by the Superior Court of Wake County. Collection of assessments with interest and penalties may also be made by the Town by proceedings to foreclose the lien of assessments as a lien for mortgages is or may be foreclosed under the laws of the State, and it shall be lawful to join in any bill for foreclosure any one or more lots or parcels of land, by whomsoever owned, if assessed for an improvement ordered by the same resolution, after default in the payment of any installment. The payment of said installment, together with interest and penalties due thereon and any advertising and legal costs already incurred, before the lot or parcel of land against which the same is a lien is sold or said lien is foreclosed, shall bar the right of the Town to sell land or to foreclose the lien by reason of default.

"Sec. 8.19. *Assessment of Cost of Water Main and Sewer Extensions.* If the resolution ordering the making of any improvement or improvements included a provision for any necessary extension of a water main or sewer or sewers beyond the limit of a street or streets, at such time after the completion of said extension or extensions as in the judgment of the Board circumstances justify the assessment of the cost thereof, the Board shall cause a preliminary assessment to be made, and the procedure thereafter to be followed with respect

to such assessment and the force and effect thereof shall be as already prescribed for other assessments.

“Sec. 8.20. *Apportionment of Assessments.* In any case where one or more special assessments have been made, and property has been or is about to be subdivided, and it is desirable that the assessments be apportioned among the subdivisions of such property, the Board may, upon application by the owner or owners, apportion the assessments among the subdivisions. Thereafter, each subdivision shall be relieved of any part of the original assessment except the part apportioned to the subdivision, and the part of the original assessment apportioned to any subdivision shall be of the same force and effect as the original assessment.

“Sec. 8.21. *Change of Ownership.* No change of ownership of any property or interests therein after the passage of a resolution ordering the making of a local improvement shall affect subsequent proceedings, and the improvement may be completed and assessments made therefor as if there had been no change in ownership.

“Sec. 8.22. *Lands Subject to Assessment.* No lands in the Town including railroad company lands and rights-of-way and property of the State of North Carolina, its agencies or subdivisions, shall be exempt from special assessments except lands belonging to the United States which are exempt under the provisions of Federal Statutes, and the council and the officers, trustees or boards of all incorporated or unincorporated bodies in whom is vested the right to hold and dispose of real property shall have the right by authority duly given to sign the petition for any local improvements.

“Sec. 8.23. *Proceedings in Rem.* All proceedings for special assessments shall be proceedings in rem, and no mistake or omission as to the name of any owner or person interested in any lot or parcel of land affected thereby shall be regarded as a substantial mistake or omission.

“Sec. 8.24. *Grass Plot and Driveway Maintenance.* It shall be the responsibility of the abutting property owner to maintain any grass plot or driveway between the property line and the curb of a paved street.

“Sec. 8.25. *Abeyance of Certain Water and Sewer Assessments.* (a) Determination by Board; effect. The Board of Commissioners may provide by resolution that assessments levied against abutting lots or parcels of land for water main improvements or sanitary sewer improvements, when in its opinion such improvements may not presently be used by the owner or owners of the abutting lots or parcels of land, may be held in abeyance without the payment of any interest thereon until such time as the Board shall determine that any such assessments shall be paid in accordance with the terms set out in the confirming resolution. A part of the assessments levied for the improvements herein set out on a street or streets or portion thereof may be held in abeyance as herein provided without holding all of said assessments in abeyance.

(b) Statutes of limitations suspended. All statutes of limitations are hereby suspended during the time that any assessment is held in abeyance without the payment of interest as provided in subsection (a). Such time shall not be a part of the time limited for the commencement of action for the enforcement of the payment of any such assessment, and such action may be brought at any time within 10 years from the date of the adoption of a resolution by the Board

determining that such assessment shall be paid in accordance with the terms set out in the confirming resolutions.

(c) Retroactive construction prohibited. Nothing herein shall be construed to revive any right of action which has heretofore been barred by the Statute of Limitations.

“Sec. 8.26. *Abutting Property Outside City Limits.* If any lots or parcels of land abutting any local improvements are located outside the city limits, the Board shall have the power to levy assessments against such property as if said property were located inside the Town limits, but may continue and delay the levy of assessments against such property until the Town limits are extended to include such property, or the Board may provide that no water or sewer service connections shall be made to such property, pending the annexation thereof, until all assessments thereon are paid. Upon annexation, if not paid prior thereto, the Board may levy assessments for such local improvements against such property, and the procedure therefor shall be the same as provided in this Charter. Nothing contained in this section shall be construed to prohibit or restrict the Board of Commissioners and a property owner from entering into an agreement for payments in lieu of assessments.

“Sec. 8.27. *Acreage Charges for Water and Sewer Connections.* The Board of Commissioners may establish and collect acreage charges for making connections to the Town water and sewerage systems, both within and outside the corporate limits, to aid in the financing of new water mains and sewer outfalls and the replacement or enlargement of existing mains and outfalls. Such charges shall apply uniformly to all properties to which water or sewer service is extended subsequent to the establishment of such charges; provided, the Board may establish higher acreage charges for property to be developed for commercial, institutional, or industrial use than those established for property to be developed for other uses, may base acreage charges for residential development on the number of dwelling units per acre of land, and may establish higher acreage charges for property located outside the corporate limits than for property within the corporate limits.

“ARTICLE IX. EMINENT DOMAIN

“Sec. 9.1. *Condemnation; Authority and Procedure.* If at any time the Board of Commissioners of the Town of Zebulon should need to purchase any land within or without the Town limits, deemed necessary for a public use of the city, or for other purposes authorized by this Charter or other applicable law, and cannot agree with the owner of such land as to the compensation to be paid therefor, then the Board of Commissioners of the Town of Zebulon is hereby specifically authorized and empowered to, in the name of the Town, condemn either the fee or an easement in any such land, whether the land be owned by any private person, firm or corporation, or whether it be owned by any railroad company, power company, telephone company, gas company or other quasi-public corporation, or whether the land be devoted to private or public use. The proceedings utilized by the Board of Commissioners for such condemnation and determination of the compensation to be paid may be any of the alternative proceedings provided municipalities by the general laws of the State of North Carolina or those prescribed by Article 9 of Chapter 136 of the North Carolina General Statutes; provided that the Town of Zebulon shall possess the power of eminent domain for the purpose of acquiring the fee or any lesser interest in properties already devoted to the public use and owned by a public service

corporation, including public utilities as defined in Chapter 62 of the General Statutes, and electric and telephone membership corporations, only if such acquisition will not prevent or unreasonably impair the continued devotion to the public use of such properties, and their operation by such public service corporation.

"ARTICLE X. REGULATORY POWERS

"Sec. 10.1. *Subdivisions; Require Installation of Improvements.* (a) In connection with subdivision or platting controls, the Board of Commissioners may require the improvement and grading of streets and the construction and installation of street pavements, curbs, gutters, sidewalks, and water, sewer, surface water drainage and other utility mains as a condition precedent to approval of the plat. The requirements may provide for tentative approval of the plat previous to such improvement and installation, but any such tentative approval shall not be entered on the plat. The requirements may provide that in lieu of completion of the work and installations prior to final approval of the plat, the Board may accept a bond, in an amount and with surety and condition satisfactory to it, providing for and securing to the Town the actual construction and installation of the improvements and utilities within a period specified by the Board and expressed in the bond. The Town is empowered to enforce the bond by all appropriate legal and equitable remedies. Requirements adopted hereunder may be applied throughout the area over which the Town is authorized by law to exercise platting or subdivision controls.

(b) The requirements may provide, in lieu of the completion prior to the final approval of a plat of such work and installation on land within the area over which the Town is authorized by law to exercise platting or subdivision control, for an assessment under this Charter or under Article 10, Chapter 160A of the General Statutes or other statutory authorization whereby the Town may do the work and make the installations at the cost of the owners of the property within the subdivision.

"Sec. 10.2. *Applicable to Public Service Corporations.* All of the provisions of this Article and of any other laws granting planning, zoning and building regulatory powers to the Town of Zebulon, together with any ordinances passed by the Board of Commissioners of the Town in the exercise of such powers, shall be applicable to and enforceable against all public utilities and other public service corporations.

"Sec. 10.3. *Planning Jurisdiction.* The Town of Zebulon shall have jurisdiction for planning and regulation of development as set forth in Article 19 of Chapter 160A of the North Carolina General Statutes and may exercise the powers granted by said Article within an area defined pursuant to G.S. 160A-360 extending not more than one mile beyond the corporate limits of the Town of Zebulon.

"ARTICLE XI. MISCELLANEOUS POWERS

"Sec. 11.1. *Powers Additional to Other Powers.* In addition to the powers now or hereafter granted to municipalities under the general laws of the State of North Carolina, the Town of Zebulon shall have the following expressed powers hereby enumerated in the succeeding sections of this Article.

"Sec. 11.2. *Regulation of Business on Sundays.* The Town of Zebulon shall have the power to regulate or prohibit by ordinance the conduct of business activities on Sundays.

"Sec. 11.3. *Operation of Motor Vehicles upon Certain Premises.* The Town of

"ARTICLE XIII. CHARTER AMENDMENTS

"Sec. 13.1. *Incorporation of Amendments.* (a) As soon as possible after the adjournment of each General Assembly, the Town Attorney shall present to the Board of Commissioners copies of all local laws relating to the property, affairs and government of the Town of Zebulon that were enacted by such General Assembly, whether or not amending in terms of this Charter, and recommend formal changes in this Charter. Such recommendations may include suggestions for renumbering or rearranging the provisions of such laws, for providing titles and catchlines, and for such other changes in arrangement and form that do not change the law, as may be thought necessary to implement the purposes of this section.

The General Assembly of North Carolina enacts:

Section 1. G.S. 139-39 is amended to read as follows:

“§ 139-39. *Alternative method of financing watershed improvement programs by special county tax.*—(a) The Board of County Commissioners of Camden County, by adoption of an appropriate resolution, may declare and establish a watershed improvement district within any area of the county or in the county as a whole. If the Board establishes a watershed improvement district in any area of the county, it shall accurately describe the area by delineating the boundaries thereof on a map, or by referring to established geographical features and political boundaries, or in such other manner that the extent and limits of the area can be easily and accurately ascertained; and a certified copy of the description shall be filed permanently with the clerk of superior court and the register of deeds in said county.

(b) The Board of County Commissioners of Camden County is authorized to call a special election to determine whether it be the will of the qualified voters of any area of the county wherein a watershed improvement district is established, or of the qualified voters of the county, if a county-wide watershed improvement district is established, that the Board levy and cause to be collected annually, at the same time and in the same manner as the general county taxes are levied and collected, a special tax at a rate not to exceed twenty-five cents (25¢) on each one hundred dollars (\$100.00) valuation of property in said county, to be known as a ‘Watershed Improvement Tax,’ the funds therefrom, if the levy be authorized by the voters, to be used for the prevention of floodwater and sediment damages, and for furthering the conservation, utilization and disposal of water and the development of water resources.

(c) Every watershed improvement district established pursuant to this act shall constitute a local unit of government and a body corporate and politic, authorized to contract debts and pledge its faith and credit; provided, that any debt contracted or any pledge of the faith and credit by a district established under this act shall be an obligation of that district only and shall not extend to the county as a whole, unless the district has been established as a county-wide district.

(d) If the Board of County Commissioners of Camden County establishes a

county-wide watershed improvement district, all districts previously established by the Board shall become merged with the county-wide district, and said district shall assume and become liable for the obligations of all previously created districts within the county."

CHAPTER 388

AN ACT TO ESTABLISH WINSTON-SALEM FIRE-PUBLIC SAFETY RETIREMENT FUND ASSOCIATION.

The General Assembly of North Carolina enacts:

Section 1. That the name of the Association herein established shall be Winston-Salem Fire-Public Safety Retirement Fund Association, hereinafter referred to as the Association. References to the Association as of a date prior to July 1, 1973, shall mean the Winston-Salem Firemen's Retirement Fund Association, which was the name of the Association prior to such date.

Sec. 2. Subject to the provisions of Section 16 hereof, the following persons shall automatically be members of the Association:

(a) As of July 1, 1973, any person who is a member of the Association following the close of business of the Association on June 30, 1973;

(b) As of July 1, 1973, and thereafter, any person not covered under (a) above who shall have (i) been regularly and continuously employed full time by the Fire Department of the City of Winston-Salem (hereinafter referred to as the Fire Department), including any Fire Department mechanic or electrician, or by the Bureau of Public Safety of the City of Winston-Salem (hereinafter referred to as the Bureau of Public Safety), for a period of at least one year, and (ii) shall have attained his twenty-first birthday and shall not have attained his thirty-first birthday. For the purpose of this subsection (b), regular and continuous employment by the Bureau of Public Safety followed immediately by regular and continuous employment by the Fire Department shall be deemed to be regular and continuous employment by the Fire Department, and regular and continuous employment by the Fire Department followed immediately by regular and continuous employment by the Bureau of Public Safety shall be

deemed to be regular and continuous employment by the Bureau of Public Safety.

(c) Notwithstanding the provisions of subsection (b) immediately preceding, as a condition to any person's becoming a member of the Association pursuant to the provisions of subsection 2(b) or 16(a), the Trustees may require such person to undergo a physical examination by a physician or physicians of good standing or repute selected by the Trustees. If it shall be found from such physician's report that such person is not in good physical or mental condition as of the date he would be eligible to become a member of the Association, such person shall be denied membership in the Association. The determinations of whether or not such person shall be required to undergo a physical examination and whether or not he is in good physical or mental condition shall be made by the Trustees. In making such determinations, all persons similarly situated shall be treated alike. The cost of any medical examination required pursuant to the provisions of this subsection (c) shall be borne by the person seeking membership in the Association.

Sec. 3. The Association may provide and raise funds in any legal manner to be used as a pension fund for such person or persons as may be entitled thereto under the provisions of this act and to such extent as is hereinafter set out.

Sec. 4. The governing body of the Association shall consist of a Board of Trustees five in number, four from the membership of the Fire Department, and one to be appointed by the Insurance Commissioner of the State of North Carolina.

Sec. 5. The initial Board of Trustees hereunder shall be the Trustees of the Association as of the close of business of the Association on June 30, 1973. During the first 10 days of January 1974, an election shall be held for the purpose of electing by secret ballot four representatives from the Fire Department to be Trustees. Each fire company may, by majority vote of the active members of the company, nominate one candidate for election as Trustee. Only members of the Association, in good standing, who have continuously served in the Fire Department for a period of at least four years shall be eligible for election as Trustees. The four nominees receiving the largest number of votes cast in such election shall constitute the Trustees from the Fire Department. The two nominees receiving the highest number of votes cast in such election shall hold office for a period of four years. The other two nominees shall hold office for a period of two years. A tie shall be resolved by casting lots. In such election, each member of the Association in good standing may vote for four nominees.

During the first 10 days of January 1976, and during the first 10 days of January for each succeeding year evenly divisible by two, an election shall be held in like manner for the purpose of electing two representatives from the Fire Department to succeed the two Trustees whose terms of office are expiring. In any such election, each member of the Association in good standing may vote for two nominees. The two nominees receiving the largest number of votes cast in such election shall be elected. The Trustees elected in any such election shall hold office for four years.

No fire company shall be allowed to have more than one of its active members on the Board of Trustees at any one time.

Sec. 6. Any Trustee may resign at any time by giving notice in writing to the other Trustees. Should any Trustee who is a member of the Fire

Department cease to be a member of the Fire Department for any reason, he shall automatically cease to be a Trustee. With regard to any Trustee elected by the members of the Association who resigns or ceases to be a Trustee for any reason, his successor shall be elected as provided in Section 5 of this act; provided, that such election shall be held as soon as practicable following such resignation or cessation, each member of the Association in good standing may vote for only one nominee, the one nominee receiving the highest number of votes shall be elected, and the election shall be only for the remaining unexpired term of the predecessor Trustee. Should the Trustee who was appointed by the Insurance Commissioner of the State of North Carolina resign or cease to be a Trustee for any reason, his successor shall be appointed by the said Insurance Commissioner.

Sec. 7. The Board of Trustees is herein fully vested with the exclusive right and authority to pay out the funds of this Association, as provided for in this act. All matters and claims provided for under this act shall be passed upon by said Trustees and all decisions and actions of said Trustees shall be binding upon the Association and the members thereof. Every Trustee shall be entitled to one vote except the chairman of the Board of Trustees, who shall be entitled to vote only to break a tie. At every annual meeting of the Board of Trustees, the Trustees shall elect a chairman, vice-chairman, secretary and treasurer. The secretary and treasurer need not be Trustees, and the offices of secretary and treasurer may be combined into a single office, in the discretion of the Trustees. The annual meeting of the Board of Trustees shall be held as soon as is practicable following the end of each calendar year at such place and at such time as shall be determined by the Trustees.

Sec. 8. The secretary of the Association (or the secretary-treasurer if such offices shall be combined into a single office) shall be entitled to receive compensation in an amount not to exceed one hundred dollars (\$100.00) per month, as determined by the Trustees. The Trustees, as such, including the chairman and vice-chairman, shall serve without compensation. The Trustees may authorize reimbursement by the Association to any officer or Trustee of the Association for all expenses incurred by such person in connection with services rendered in behalf of the Association.

Sec. 9. The Trustees shall elect a custodian of all funds and property of the Association, provided that such custodian shall have first offered proof satisfactory to the Trustees, by bond or otherwise, that it is and will be financially responsible for all property coming into its hands in a fiduciary capacity. Said custodian shall not release any of the funds or property of the Association except upon the written authorization of the Trustees.

Sec. 10. A special meeting of the Board of Trustees may be called by the chairman or vice-chairman, or by any two Trustees, upon 24 hours' written notice delivered in person to the members of said Board or mailed to the last known address of each member of said Board. A majority of the Trustees in office shall constitute a quorum at any meeting and a majority vote of the Trustees at a meeting at which a quorum is present shall constitute action by the Trustees.

Sec. 11. The chairman of the Board of Trustees, when present, shall preside at all meetings. In the absence of the chairman, the vice-chairman shall act as chairman.

Sec. 12. The secretary shall keep in complete form such data as shall be

necessary for actuarial valuation of the funds of the Association and for checking the disbursements for and on behalf of the Association. He shall keep minutes of all proceedings of the Board of Trustees and of the Association, and the same shall be kept in a place selected by the Trustees. The secretary of the Association shall post yearly at each fire station and at the office of the Bureau of Public Safety, as soon as practicable following the end of each year, a financial statement of the Association.

Sec. 13. The treasurer of the Association shall deposit with the custodian all property and money that may come into his hands for the Association. The said treasurer shall obtain a receipt from the custodian for all money or property delivered to the custodian by the treasurer. Said custodian shall invest such cash coming into its hands in such property or securities as may be authorized in writing by a majority vote of the Trustees. Said custodian shall, upon the written authority of the Trustees, dispose of any of the property or securities which it may have on hand and reinvest the proceeds from the sale thereof in such property or securities as may be so authorized by the Trustees, and such custodian shall not be liable to the Association for any losses which may be sustained by reason of investments made under the authority given by the Trustees. Without intending to limit the investment powers of the Trustees, the Trustees are specifically authorized and empowered to invest funds of the Association by depositing such funds with the Winston-Salem Firemen's Credit Union on condition that the Association shall receive the net earnings from the investment by such credit union of any funds so deposited.

Sec. 14. The custodian shall receive such compensation for services rendered as may be agreed upon in writing by the custodian and the Trustees. The Trustees shall have the authority to employ legal counsel when, in the opinion of the Trustees, legal counsel is necessary. In case of such employment, said counsel shall be paid such fees as may be fair and reasonable as agreed upon in writing by the Trustees and the counsel so employed.

Sec. 15. All property of the Association is hereby relieved from any and all claims of persons entitled to relief from the Winston-Salem Firemen's Relief Fund. The North Carolina Firemen's Association, its officers, members, boards and committees, are also hereby relieved of any claim of any kind whatsoever which may be based on past service, present service or future service in the Winston-Salem Fire Department. The Firemen's Relief Fund of the City of Winston-Salem, and the officers, members, boards and committees of said Fund are also hereby relieved of any claim of any kind whatsoever which may be based on past, present or future service in the Winston-Salem Fire Department, if any, so long as any claimant is entitled to benefits under the provisions of this act.

Sec. 16. (a) Notwithstanding the provisions of Section 2 hereof, a person who is not a member of the Association on June 30, 1973, and who is an employee of the Bureau of Public Safety on July 1, 1973, shall become a member of the Association as of the date he first meets the requirements for membership as provided in subsection 2(b) hereof, provided he files a written election with the Trustees within 60 days following the date he first meets such requirements. If he fails to file such election in timely manner, he shall forfeit his right to become a member of the Association.

(b) Effective on and after July 1, 1973, any member of the Association whose employment is transferred from the Fire Department or Bureau of Public

Safety to the Police Department of the City of Winston-Salem (referred to herein as the Police Department), may elect to continue to be a member. Such election shall be in writing filed with the Trustees at any time prior to such transfer of employment. If such election is not filed, such transfer of employment shall be treated as a resignation from the employment of the City of Winston-Salem as provided in Section 22 hereof.

(c) Notwithstanding the foregoing provisions of this Section 16, or the provisions of Section 2 hereof, each of the former employees of the Fire Department who was transferred to the Police Department during the calendar year 1972 and who, as a result of such transfer of employment and consequent termination of membership in the Association, received distributions from the Association equal to the monies paid into the Association by him, may again become a member of the Association by filing a written election for membership with the Trustees by no later than the close of business of the Association on August 30, 1973, and by paying to the Association the sum of the amount distributed to him by the Association upon his transfer of employment plus the amount he would have contributed to the Association following such transfer had he continued to be a member of the Association. If any such former employee of the Fire Department fails to make such timely election, he shall forfeit his right to become a member of the Association.

(d) If any person elects under subsection (b) or (c) immediately preceding either to continue to be a member of the Association or to rejoin the Association, as the case may be, he shall pay to the Trustees each month, prior to the close of the month for which the payment is being made, the same amount as is required under Section 17 hereof to be deducted each month by the Treasurer of the City of Winston-Salem from the salary of members of the Association employed by the Fire Department or Bureau of Public Safety. If any such person electing to continue as a member of the Association or to rejoin the Association shall fail to make any payment due to the Trustees in timely fashion, and such failure shall continue for 60 days or more, such person shall be deemed to have resigned from the employment of the City of Winston-Salem as provided in Section 22 hereof as of the close of such 60-day period.

Sec. 17. The Treasurer of the City of Winston-Salem shall make a monthly deduction from the salary of each member of the Association (except for members in the employ of the Police Department) due him by the City of Winston-Salem in the amount directed in writing by the Trustees, not to exceed ten dollars (\$10.00) per month, and the amount so deducted shall be turned over monthly by the said Treasurer to the treasurer of the Association, who in turn will deliver the same to the custodian of the Association as hereinbefore provided, and the Association shall have the authority to accept donations from any and all sources whatsoever.

Sec. 18. If at any time there shall not be sufficient assets in the retirement fund of the Association to pay fully the persons entitled to benefits provided herein, such persons shall be paid such benefits on a pro rata basis to the extent the assets of such fund will allow, as shall be determined by the Trustees; provided, that the assets of such fund determined as of the close of any fiscal year of the Association shall in no event be less than four hundred thousand dollars (\$400,000).

Sec. 19. Whenever any member of the Association has been employed by the City of Winston-Salem continuously for a period of at least 30 years, such

member may make written application to the Trustees for such benefits as he may be entitled to receive under this act; provided, however, that such member must retire from the service of the City to receive such benefits. The benefits of such member shall be a monthly pension for the remainder of his life, as provided hereinbelow. For this purpose and for the purpose of Section 20 hereof, a member shall be deemed to have been employed by the City of Winston-Salem continuously if such member shall have been employed continuously by any combination of the Fire Department, Bureau of Public Safety or Police Department (but only such employment by the Police Department as is described in subsections 16(b) and (c) hereof), and the transfer of a member from the employ of one of such organizations to the employ of another of such organizations shall not be deemed to be a termination of employment by the City of Winston-Salem.

In the case of a member who retires on or after July 1, 1973, and on or before June 30, 1974, such pension shall be seventy-five dollars (\$75.00) per month. In the case of a member who retires on or after July 1, 1974, such pension shall be one hundred dollars (\$100.00) per month. Payments shall be subject to the provisions of Section 18 of this act.

Sec. 20. Whenever any member of the Association becomes totally and permanently unable, because of infirmity or disease affecting mind or body (whether or not induced by injury) to perform his duties for the City, which inability shall be determined by a medical examination by a physician or physicians of good standing and repute selected by the Trustees, he shall be deemed to be a disabled member. If a disabled member has been employed by the City of Winston-Salem for at least five full years prior to suffering disability, he shall be entitled to retire and receive a monthly benefit payable for the remainder of his life.

In the case of such a disabled member who retires on or after July 1, 1973, and on or before June 30, 1974, such monthly benefit shall be equivalent to three dollars (\$3.00) multiplied by the number of full years of his service in the employment of the City, not to exceed seventy-five dollars (\$75.00) per month. In the case of such a disabled member who retires on or after July 1, 1974, such monthly benefit shall be equivalent to four dollars (\$4.00) multiplied by the number of full years of his service in the employment of the City, not to exceed one hundred dollars (\$100.00) per month. Payments shall be subject to the provisions of Section 18 of this act.

Notwithstanding the foregoing provisions of this Section 20, in the case of a disabled member whose disability shall arise out of injuries incurred in fire safety activities, such as fire fighting, fire training and fire inspection, such monthly benefit shall in no event be less than forty dollars (\$40.00) per month, whether or not such disabled member was employed by the City of Winston-Salem for at least five years prior to suffering such disability. The determination of whether such disability arises out of injuries incurred in fire safety activities shall be made by the Trustees.

Sec. 21. Any disabled member of the Association who retires under Section 20 hereof and who had not been employed by the City of Winston-Salem for a period of at least 30 years prior to retirement, shall be subject to call by the Trustees for reexamination by a physician of good standing and repute selected by the Trustees and, if based upon such examination it is determined by the Trustees that such member is able to perform active duties for the City,

such member may be reinstated and receive for his services the same compensation paid to other employees of the City of his rank or classification. If such member, upon being called by the Trustees, shall refuse to submit to an examination or shall refuse to be reinstated to active duty in the employ of the City after being found to be able to perform active duty, such benefits as he is then receiving under the provisions of this act shall immediately terminate and his membership in this Association shall automatically terminate. But in the event that such member is physically unable to resume active employment, or in the event he is able and willing to resume active employment but no job with the City is open for him at such time, his pension or compensation shall continue until there shall be an opening for such member and he is reemployed by the City. For the purpose of this Section 21, employment with the City of Winston-Salem shall mean only employment with the Fire Department, Bureau of Public Safety, or Police Department (but employment with the Police Department shall be included only with regard to any such member who was employed with the Police Department prior to his retirement under Section 20 hereof).

Sec. 22. When any member of the Association shall resign or be dismissed from employment by the City of Winston-Salem (which for this purpose shall include only employment with the Fire Department, Bureau of Public Safety or Police Department), he shall receive a sum of money equal to all monies paid into the Association by him. Upon the death of any member of the Association while in the employment of the City, a sum of money equal to all monies paid into the Association by such deceased member shall be paid to the beneficiary or beneficiaries designated in writing by such deceased member, or in default thereof, to his estate. If, after retirement, a member of the Association shall die before having received an amount equal to his contributions to the Association, there shall be paid to the beneficiary or beneficiaries designated by such member, or in default thereof to his estate, an amount equal to his contributions less the sum of retirement benefits paid to such member. The reimbursements provided in this Section 22 shall be in cash in a lump sum, unless otherwise determined by the Trustees with the consent in writing of the recipient thereof.

Sec. 23. No amount payable or held by the Association under this act for the benefit of any member or beneficiary thereof shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance or charge, nor shall any amount payable or held under this act for the benefit of any member or beneficiary thereof be in anywise liable for his debts, contracts, liabilities, engagements, or torts, nor be subject to any legal process to levy upon or attach, but the provisions of this Section 23 shall not be applicable as regards any dealings with or obligations to the Winston-Salem Firemen's Credit Union.

Sec. 24. Out of the amount paid to the Insurance Commissioner of the State of North Carolina upon the amount of all premiums on fire and lightning policies covering property situated in the corporate limits of the City of Winston-Salem, the Insurance Commissioner of the State of North Carolina shall pay annually to the Treasurer of the City of Winston-Salem ninety-five percent (95%), and the Treasurer of the City of Winston-Salem shall immediately pay over the same to the treasurer of the Association.

Sec. 25. No member of this Association or Trustee shall be personally liable in any manner whatsoever to any person, association, firm or corporation

by reason of his connection with, or act or acts on behalf of, said Association, unless such act or acts are fraudulently committed.

Sec. 26. If a member of the Association, or an employee of the Fire Department or Bureau of Public Safety who is not a member of the Association due to failure to meet the length of service or minimum age requirements of subsection 2(b) hereof, is granted a leave of absence from employment by the City of Winston-Salem on account of accidental injury or temporary illness, military service during time of active warfare, compulsory military service in time of peace, or other good cause, for the purpose of this act such employee shall be deemed to have remained in the employment of the City during the period of such leave of absence or any extension thereof if he shall return to active service with the City promptly following the end of the period of such leave of absence or extension thereof. During such leave of absence or extension thereof, the Treasurer of the City of Winston-Salem shall make no deductions from the salary, if any, of such member, and such member shall not otherwise be required to make any contributions to the Association during or with respect to such period.

Sec. 27. If any person entitled to benefits under this act shall be physically or mentally incapable of receiving or acknowledging receipt of such benefits, the Trustees, upon receipt of satisfactory evidence of such incapacity and that another person or institution is maintaining such person entitled to benefits, and that no guardian or committee has been appointed for him, may cause any benefits otherwise payable to him to be made to such person or institution so maintaining him.

Sec. 28. The provisions of this act shall be administered on an equitable and nondiscriminatory basis, it being the intent hereof that where the Trustees are given discretionary powers, such powers shall be exercised in an equitable manner and so as to prevent discrimination between persons similarly situated. All assets of the Association shall be administered for the exclusive benefit of the members of the Association and their beneficiaries, and as a fund to provide for such members or beneficiaries the benefits provided in this act. It shall be impossible for any part of the principal or income of the retirement fund of the Association to be used for or diverted to purposes other than for the exclusive benefit of the members of the Association or their beneficiaries as provided in this act; except that the Trustees may use such assets to pay the reasonable expenses incurred in administering the said fund and any debts, liabilities or obligations of said fund. The assets and income of the fund shall be exempt from all taxes, including income taxes, imposed by the State of North Carolina or any political subdivision thereof.

Sec. 29. The fiscal year of the Association shall end on June 30 of each year.

Sec. 30. Throughout this act, use of the masculine pronoun shall include the feminine.

CHAPTER 392

AN ACT TO ESTABLISH A PROGRAM FOR THE CONTROL OF POLLUTION FROM SEDIMENTATION.

The General Assembly of North Carolina enacts:

Section 1. This act shall be known as and may be cited as the "Sedimentation Pollution Control Act of 1973."

Sec. 2. Preamble. The sedimentation of streams, lakes and other waters of this State constitutes a major pollution problem. Sedimentation occurs from the erosion or depositing of soil and other materials into the waters, principally from construction sites and road maintenance. The continued development of this State will result in an intensification of pollution through sedimentation unless timely and appropriate action is taken. Control of erosion and sedimentation is deemed vital to the public interest and necessary to the public health and welfare, and expenditures of funds for erosion and sedimentation control programs shall be deemed for a public purpose. It is the purpose of this act to provide for the creation, administration, and enforcement of a program and for the adoption of minimal mandatory standards which will permit development of this State to continue with the least detrimental effects from pollution by sedimentation.

Sec. 3. Definitions. As used in this act, unless the context otherwise requires:

(a) "Angle of repose for saturated soil conditions" means the angle of

maximum slope at which a heap of any loose soil, thoroughly soaked with moisture, will stand without sliding.

(b) "Commission" means the North Carolina Sedimentation Control Commission.

(c) "Department" means the North Carolina Department of Natural and Economic Resources.

(d) "District" means any Soil and Water Conservation District created pursuant to Chapter 139, North Carolina General Statutes.

(e) "Erosion" means the wearing away of land surface by the action of wind, water, gravity, or any combination thereof.

(f) "Land disturbing activity" means any use of the land by man in residential, industrial, or commercial development, and highway and road construction and maintenance that results in a change in the natural cover or topography and that may cause or contribute to sedimentation. This act shall not apply to the following land disturbing activities:

1. Those undertaken on agricultural land for the production of plants and animals useful to man, including but not limited to: forages and sod crops, grains and feed crops, tobacco, cotton, and peanuts; dairy animals and dairy products; poultry and poultry products; livestock, including beef cattle, sheep, swine, horses, ponies, mules or goats, including the breeding and grazing of any or all such animals; bees and apiary products; fur animals; and
2. Those undertaken on forest land for the production and harvesting of timber and timber products.
3. Activities undertaken by persons as defined in Section 3(h) who are otherwise regulated by the provisions of G.S. 74-46 through G.S. 74-68, The Mining Act of 1971.

(g) "Local government" means any county, incorporated village, town, or city, or any combination of counties, incorporated villages, towns, and cities, acting through a joint program pursuant to the provisions of this act.

(h) "Person" means any individual, partnership, firm, association, joint venture, public or private corporation, trust, estate, commission, board, public or private institution, utility, cooperative, interstate body, or other legal entity.

(i) "Secretary" means the Secretary of the Department of Natural and Economic Resources.

(j) "Sediment" means solid particulate matter, both mineral and organic, that has been moved from its site of origin and is in suspension in water.

(k) "Working days" means days exclusive of Saturday and Sunday during which weather conditions permit land disturbing activity to be undertaken.

Sec. 4. *Sedimentation Control Commission.* (a) There is hereby created in the Department of Natural and Economic Resources the North Carolina Sedimentation Control Commission, which is charged with the duty of developing and administering the sedimentation control program provided for in this act. The Commission shall consist of the following members:

1. the Secretary of the Department of Natural and Economic Resources, who shall be chairman, and who may designate some other officer in the Department to act in his stead;
2. a person to be nominated by the Board of the North Carolina Home Builders Association;

The initial terms of office for members filling positions two, three, and four, as specified in Section 4(a), above, shall expire June 30, 1975; thereafter the terms of office for members filling those positions shall be four years. Any member appointed by the Governor to fill a vacancy occurring in any of the appointments shall be appointed for the remainder of the term of the member causing the vacancy. The per diem payments made to each member of the Commission shall include necessary time spent in traveling to and from their places of residence within the State to any place of meeting or while traveling on official business for the Commission.

(d) Meetings of Commission. The Commission shall meet at the call of the chairman and shall hold special meetings at the call of a majority of the members.

Sec. 5. Powers and duties of the Commission. (a) The Commission shall, in cooperation with the Secretary of the Department of Transportation and

Highway Safety and other appropriate State and federal agencies, develop, promulgate, publicize, and administer a comprehensive State erosion and sedimentation control program.

(b) To implement this program the Commission shall develop and adopt on or before July 1, 1974, rules and regulations for the control of erosion and sedimentation resulting from land disturbing activities, which rules and regulations may be revised from time to time as may be necessary. Prior to the adoption or revision by the Commission of any rules or regulations authorized by this Section 5, it shall conduct one or more public hearings with respect to such proposed action in accordance with the following procedures:

1. Notice of any hearing shall be given not less than 60 days before the date of the hearing and shall state the date, time, and place of hearing, the subject of the hearing, and the action that the Commission proposes to take. The notice shall either include details of the proposed action, or where the proposed action is too lengthy for publication, as hereinafter provided for, the notice shall specify that copies of the detailed proposed action can be obtained upon request from the Commission.
2. Any such notice shall be published at least once a week for three consecutive weeks in a newspaper of general circulation in the eastern, western and central regions of the State.
3. Any person desiring to be heard at any public hearing shall give notice thereof in writing to the Commission on or before the date set for the hearing. The Commission is authorized to set reasonable time limits for the oral presentation of views by any one person at any public hearing. The Commission shall permit anyone who so desires to file a written argument or other statement with it in relation to any proposed action at any time within 30 days following the conclusion of any public hearing or within any additional time as it may allow by notice given as prescribed in this section.

When the Commission has completed hearings and considered the submitted evidence and arguments with respect to any proposed action pursuant to this Section 5, it shall adopt its final action with respect thereto and shall publish such final action as part of the official regulations of the Department.

(c) The rules and regulations adopted pursuant to subdivision 5(b) for carrying out the erosion and sedimentation control program shall:

1. be based upon relevant physical and developmental information concerning the watershed and drainage basins of the State, including, but not limited to, data relating to land use, soils, hydrology, geology, grading, ground cover, size of land area being disturbed, proximate water bodies and their characteristics, transportation, and public facilities and services;
2. include such survey of lands and waters as may be deemed appropriate by the Commission or required by any applicable laws to identify those areas, including multi-jurisdictional and watershed areas, with critical erosion and sedimentation problems; and
3. contain conservation standards for various types of soils and land uses, which standards shall include criteria and alternative techniques and

methods for the control of erosion and sediment resulting from land disturbing activities.

(d) In implementing the erosion and sedimentation control program, the Commission is authorized and directed to:

1. Assist and encourage local governments in developing erosion and sediment control programs and as part of such assistance to develop a model local erosion control ordinance, and approve, approve as modified, or disapprove local plans submitted to it pursuant to Section 11 of this act;
2. Assist and encourage other State agencies in developing erosion and sedimentation control programs to be administered in their jurisdictions, and to approve, approve as modified, or disapprove such programs submitted pursuant to Section 7 of this act and from time to time review such programs for compliance with regulations issued by the Commission and for adequate enforcement; and to require at its discretion, submission of erosion control plans by those responsible for initiating land disturbing activities for approval prior to commencement of said activities;
3. Develop recommended methods of control of sedimentation and prepare and make available for distribution publications and other materials dealing with sedimentation control techniques appropriate for use by persons engaged in land disturbing activities, general educational materials on erosion and sedimentation control, and instructional materials for persons involved in the enforcement of erosion control regulations, ordinances, and plans.

(e) To assist it in developing the erosion and sedimentation control program required by this act, the Commission is authorized to appoint an advisory committee consisting of technical experts in the fields of water resources, soil science, engineering, and landscape architecture.

(f) All rules and regulations of the Commission promulgated pursuant to this act shall be incorporated either in the Secretary's official regulations or his rules of procedure. All such rules and regulations shall upon adoption be printed and a duly certified copy thereof shall be filed with the Secretary of State and with the several clerks of court of the counties of the State as required by Sections 143-195 through 143-198.1 of the North Carolina General Statutes. Copies shall at all times be kept at the office of the Secretary in sufficient numbers to satisfy all reasonable requests therefor. The Secretary shall codify the regulations and rules promulgated under this act and shall from time to time revise and bring up to date such codifications.

Sec. 6. *Authority of the Secretary.* The sedimentation control program developed by the Commission shall be administered by the Secretary under the direction of the Commission. To this end the Secretary is authorized and directed to employ, with the approval of the Commission, the necessary clerical, technical, and administrative personnel, and to assign tasks to the various divisions of the Department for the purpose of implementing this act. The Secretary, as chairman of the Commission, is authorized to bring enforcement actions pursuant to Sections 15 and 16 of this act.

Sec. 7. *Jurisdiction of the Commission.* (a) The Commission shall have

jurisdiction, to the exclusion of local governments, for the purpose of promulgating regulations concerning land disturbing activities that are:

1. conducted by the State;
2. conducted by the United States;
3. conducted by persons having the power of eminent domain;
4. conducted by local governments;
5. licensed by the United States; or
6. financed in whole or in part by the State or the United States.

(b) The Commission may delegate the jurisdiction conferred by this subdivision 7(a), in whole or in part, to any other State agency that has submitted an erosion control program to be administered by it, if such program has been approved by the Commission as being in conformity with the general State program.

(c) The Commission shall have concurrent jurisdiction with local governments over all other land disturbing activities.

Sec. 8. *Mandatory standards for Land Disturbing Activity.* No land disturbing activity subject to this act shall be undertaken except in accordance with the following mandatory requirements:

(a) No land disturbing activity shall be permitted in proximity to a lake or natural watercourse unless a buffer zone is provided along the margin of the watercourse of sufficient width to confine visible siltation within the twenty-five percent (25%) of the buffer zone nearer the land disturbing activity, provided, that this subsection (a) shall not apply to a land disturbing activity in connection with the construction of facilities to be located on, over, or under a lake or natural watercourse.

(b) No slope may be graded to an angle greater than the angle of repose for saturated soil conditions applicable for the type of soil involved; unless the soil on such slope is retained by some adequate erosion controlling structure or device. In any event, soil left exposed will, within 30 working days of completion of any phase of grading, be planted or otherwise provided with a ground-cover sufficient to restrain erosion.

(c) Whenever land disturbing activity is undertaken on a tract comprising more than one acre, if more than one contiguous acre is uncovered, a ground-cover sufficient to restrain erosion must be planted or otherwise provided within 30 working days on that portion of the tract upon which further active construction is not being undertaken, provided, that this subsection (c) shall not apply to cleared land forming the basin of a reservoir later to be inundated.

Sec. 9. *Enforcement authority of the Commission.* (a) In implementing the provisions of this act the Commission is authorized and directed to:

- (a) Inspect or cause to be inspected the sites of land disturbing activities to determine whether applicable laws, regulations or erosion control plans are being complied with;
- (b) Make requests, or delegate to the Secretary authority to make requests, of the Attorney General or solicitors for prosecutions of violations of this act.

Sec. 10. *Educational activities.* The Commission in conjunction with the Soil and Water Conservation Districts, the North Carolina Agricultural Extension Service, and other appropriate State and federal agencies shall conduct educational programs in erosion and sedimentation control, such

programs to be directed towards State and local governmental officials, persons engaged in land disturbing activities, and interested citizen groups.

Sec. 11. *Local erosion control programs.* (a) Any local government may submit to the Commission for its approval an erosion and sediment control program for its jurisdiction, and to this end local governments are authorized to adopt ordinances, rules and regulations necessary to establish and enforce such control programs, and they are authorized to create or designate agencies or subdivisions of local government to administer and enforce the programs. Two or more units of local government are authorized to establish a joint program and to enter into such agreements as are necessary for the proper administration and enforcement of such program. The resolutions establishing any joint program must be duly recorded in the minutes of the governing body of each unit of local government participating in the program, and a certified copy of each resolution must be filed with the Commission.

(b) The Commission shall review each program submitted and within 90 days of receipt thereof shall notify the local government submitting the program that it has been approved, approved with modifications, or disapproved. The Commission shall only approve a program upon determining that its standards equal or exceed those of the model local erosion control ordinance developed in accordance with Section 5(d) 1.

(c) If the Commission determines that any local government is failing to administer or enforce an approved erosion and sediment control program, it shall notify the local government in writing and shall specify the deficiencies of administration and enforcement. If the local government has not taken corrective action within 30 days of receipt of notification from the Commission, the Commission shall assume enforcement of the program until such time as the local government indicates its willingness and ability to resume administration and enforcement of the program.

Sec. 12. *Approval of plans.* (a) Each local government's erosion and sediment control program shall require that for those land disturbing activities requiring prior approval of an erosion control plan, such plan shall be submitted to the appropriate Soil and Water Conservation District at the same time it is submitted to the local government for approval. The Soil and Water Conservation District or Districts, within 20 days after receipt of the proposed plan, or within such additional time as may be prescribed by the local government, shall review the plan and submit its comments and recommendations to the local government. Failure of the Soil and Water Conservation District to submit its comments and recommendations within 20 days or within the prescribed additional time shall not delay final action on the proposed plan by the local government.

(b) Local governments shall review each erosion control plan submitted to them and within 30 days of receipt thereof shall notify the person submitting the plan that it has been approved, approved with modifications, or disapproved. A local government shall only approve a plan upon determining that it complies with all applicable State and local regulations for erosion and sediment control.

(c) The disapproval or modification of any proposed erosion control plan by a local government shall entitle the person submitting the plan to a public hearing if such person submits written demand for a hearing within 15 days after receipt of written notice of the disapproval or modification. The hearings shall be conducted pursuant to procedures adopted by the local government. Judicial

review of the final action of the local government on the proposed plan may be had in the superior court of the county in which the local government is situated.

(d) With respect to approved plans for erosion control in connection with land disturbing activities, the approving authority, either the Commission or a local government, shall provide for periodic inspections of the land disturbing activity to insure compliance with the approved plan, and to determine whether the measures required in the plan are effective in controlling erosion and sediment resulting from the land disturbing activities. Notice of such right of inspection shall be included in the certificate of approval for the plan. If the approving authority determines that the person engaged in the land disturbing activities has failed to comply with the plan, the authority shall immediately serve upon that person by registered mail a notice to comply. The notice shall set forth the measures needed to come into compliance with the plan and shall state the time within which such measures must be completed. If the person engaged in the land disturbing activities fails to comply within the time specified, he shall be deemed in violation of this act.

Sec. 13. *Cooperation with the United States.* The Commission is authorized to cooperate and enter into agreements with any agency of the United States Government in connection with plans for erosion control with respect to land disturbing activities on lands that are under the jurisdiction of such agency.

Sec. 14. *Financial and other assistance.* The Commission and local governments are authorized to receive from federal, State, and other public and private sources financial, technical, and other assistance for use in accomplishing the purposes of this act.

The General Assembly of North Carolina enacts:

Section 1. The City Council of the City of Durham is authorized and empowered, but not required, to waive its governmental immunity from liability for wrongful death or injury to person or property arising from negligent acts of its officers, agents or employees when acting within the scope of their authority or within the course of their employment. Waiver of immunity shall be accomplished by purchasing liability insurance as provided in this act, and the immunity shall be waived only to the extent of the amount of insurance so obtained and only to the extent of coverage provided by said policy of liability insurance. No affirmative action of the Council shall be required to retain immunity not waived by the purchase of insurance, and no affirmative action or resolution of the Council beyond the act of purchasing liability insurance shall be required to accomplish waiver of immunity to extent of insurance coverage.

Sec. 2. Contracts of insurance purchased pursuant to this act must be issued by insurers duly licensed and authorized to execute insurance contracts in this State, and must by their terms adequately insure the City of Durham against any and all liability for wrongful death or injury to person or property proximately caused by the negligent act of any officer, agent or employee of the City of Durham when acting within the scope of his authority or within the course of his employment. Any company entering into a contract of insurance with the City of Durham pursuant to this act thereby waives any defense based on the governmental immunity of the City.

The City of Durham is authorized to pay the lawful premiums of liability insurance policies out of the general tax revenues or other funds of the City.

Sec. 3. Any person sustaining damages, or in case of death, his personal representative, may sue the City of Durham as insured as provided in this act,

for the recovery of his damages in any court of competent jurisdiction in this State, and it shall be no defense to any such action that the negligent act alleged was in pursuance of a governmental function of the City of Durham, to the extent that the City of Durham has insurance coverage as provided in this act.

Except as expressly provided herein, nothing in this act shall be construed to deprive the City of Durham of any defense whatsoever to any action for damages, or to restrict, limit, or otherwise affect any defense that the City of Durham may have at common law or by virtue of any statute (whether general, special, private, or local); and nothing in this act shall be construed to relieve any person sustaining damages, or any personal representative of any decedent, from any duty to give notice of his claim to the City of Durham or to begin his action within the time prescribed by the applicable statute of limitations.

Sec. 4. The City of Durham may incur liability pursuant to this act only with respect to a claim arising after the City has procured liability insurance pursuant to this act and during the time that the insurance is in effect.

Sec. 5. No part of the pleadings that relates to or alleges facts as to the City of Durham's insurance against liability shall be read or mentioned in the presence of the trial jury in any action brought pursuant to this act. No liability shall attach in any case unless the plaintiff waives the right to have all issues of law or fact relating to insurance in the action determined by a jury and such issues shall be heard and determined by the judge without resort to a jury. The jury shall be absent during any motions, arguments, testimony, or announcement of findings of fact or conclusions of law with respect to insurance unless the City of Durham asks for a jury trial thereon.

No plaintiff in an action brought pursuant to this act, nor counsel, nor witness therefor, shall make any statement, ask any question, read any pleadings, or do any other act in the presence of the trial jury that indicates to any member of the jury that the City of Durham's liability would be covered by insurance. If any such act is done, the judge shall immediately order a mistrial of the action.

Sec. 6. This act shall apply only to the City of Durham.

Sec. 7. This act shall be in full force and effect upon ratification.

CHAPTER 427

AN ACT TO PROVIDE FOR VOLUNTARY ANNEXATION BY THE CITY OF JACKSONVILLE OF AREAS, TERRITORIES OR SUBDIVISIONS NOT CONTIGUOUS TO THE MUNICIPAL BOUNDARIES OF THE CITY OF JACKSONVILLE.

Whereas, Article 36 of Chapter 160 of the General Statutes of North Carolina contains no provision for the annexing of areas, territories or subdivisions not contiguous to the municipal boundaries of the City of Jacksonville; and

Whereas, it would be in the interest of the public health, safety and welfare of the inhabitants of said City and would permit a more orderly growth of the municipal boundaries of said City to allow the annexation of noncontiguous areas, territories or subdivisions by petition of the property owners who desire that their property be annexed; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. That the owner or owners of any area, territory or subdivision within the boundaries of Onslow County but not within the boundaries or extraterritorial jurisdiction of any other municipality, whose property is not contiguous to the municipal boundaries of the City of Jacksonville, may, by petition directed to the City Council of the City of Jacksonville, request that the property described in the petition be annexed and made a part of the City of Jacksonville as hereinafter set out; provided any property annexed as herein provided must be located at the closest point not more than three miles from the City of Jacksonville municipal limits wherein is located and situated the City Hall.

Sec. 2. That said petition shall be directed to the City Council of the City of Jacksonville and shall contain:

(1) The names of the owners of the real property for which a request to annex is made.

(2) A description of the area to be annexed by metes and bounds.

(3) The signatures of all property owners of the area, territory or subdivision requesting annexation.

In the case of annexing a subdivision under this act, the petition must be signed by all owners of property within the subdivision; provided nothing herein shall be construed to authorize the annexation of a portion of a subdivision.

Upon receipt of the petition, the City Council of the City of Jacksonville

shall cause the clerk of the municipality to investigate the sufficiency thereof and to certify the results of his investigation.

Upon receipt of the certification and petition, the City Council shall fix a date for a public hearing on the question of annexation and shall cause notice of the public hearing to be published twice in a newspaper having general circulation in the municipality at least 10 days prior to the date of the public hearing. At the public hearing, all residents of Onslow County opposing or favoring the annexation or alleging an error in the petition shall be given an opportunity to be heard. The City Council shall then determine whether the petition meets the requirements of this act.

Upon further finding and determination by the City Council that:

(1) The public health, safety and welfare of the inhabitants of the City of Jacksonville, as well as those of the area, territory or subdivision requesting such annexation, will best be served by such annexation, and

(2) The City of Jacksonville, either alone or in conjunction with others, will be able to provide the same services to the annexed area, territory or subdivision in the same manner in which other areas within the municipal boundaries of said City are served, the City Council of the City of Jacksonville may adopt an ordinance annexing that area described in the petition: provided the ordinance annexing the area, territory or subdivision shall be passed at a meeting of the City Council after a public hearing has been held as hereinbefore provided. From and after the effective date of said ordinance, which date shall not be less than 90 days from and after the final passage of said ordinance the area, territory or subdivision and its citizens shall be subject to all debts, laws, ordinances and regulations in force in said City of Jacksonville and shall be entitled to the same benefits and privileges of other parts of said City. The newly annexed area, territory or subdivision shall be subject to city taxes for the fiscal year following the effective date of annexation. Provided, however, that property so annexed belonging to the County of Onslow, the State of North Carolina, or a Hospital Authority under Article 12 of Chapter 131 of the North Carolina General Statutes, shall not be subject to the debts or taxes of the City of Jacksonville.

Sec. 3. The City Council of the City of Jacksonville may make said annexation contingent on such conditions as it may desire in order to insure that the area, territory or subdivision proposed to be annexed will not receive preferential treatment.

Sec. 4. The City Council in its discretion may charge in any noncontiguous area, territory or subdivision annexed water or sewer rates, for such services furnished by it, in excess of those charged within the municipal limits wherein is located the City Hall.

Sec. 5. Whenever the limits of the City of Jacksonville are enlarged in accordance with the provisions of this act, it shall be the duty of the Mayor of the City of Jacksonville to cause an accurate map of the said area, territory or subdivision, newly annexed, together with a copy of the ordinance duly certified to be recorded in the office of the Register of Deeds of Onslow County and in the office of the Secretary of State of North Carolina.

Sec. 6. Any area, territory or subdivision annexed pursuant to this act shall cease to be noncontiguous for all intents and purposes when and in the event said area shall touch the municipal limits of the City of Jacksonville

pursuant to the extension of the boundaries of said City pursuant to Article 36, Chapter 160, of the General Statutes of North Carolina.

Sec. 7. Any area, territory or subdivision annexed pursuant to this act shall not be included in that area of the municipal boundaries used for determining any extraterritorial jurisdiction of the City of Jacksonville and further shall not be considered within the municipal boundaries for the purposes of defining an area as contiguous to the city limits within the provisions of Part 3 of Article 36 of Chapter 160 of the General Statutes of North Carolina with reference to further annexation unless and until the area, territory or subdivision annexed pursuant hereto shall, by extension of the municipal boundaries pursuant to Article 36 of Chapter 160 of the General Statutes of North Carolina, touch and become a part of the municipal boundaries of the City of Jacksonville wherein is located the City Hall. Any area, territory or subdivision annexed pursuant hereto may be included at only forty percent (40%) of the normal rate for the purposes of population density or character of any larger area, territory or subdivision to be annexed at any time in the future pursuant to the provisions of Part 3 of Article 36 of Chapter 160 of the General Statutes of North Carolina.

Sec. 3. *Procedures.* (a) The Council of State may petition the General Assembly to adopt a resolution pursuant to Article XIV, Section 5 of the North Carolina Constitution, accepting any properties owned by the State of North

Carolina (or proposed for gift to or purchase by the State) and designated in said petition for inclusion in the State Nature and Historic Preserve.

(b) The governing body of any local government, or any combination of two or more such bodies may petition the General Assembly to adopt a resolution pursuant to Article XIV, Section 5 of the North Carolina Constitution, accepting any properties owned by said local government (or proposed for gift to or purchase by said local government) and designated in said petition for inclusion in the State Nature and Historic Preserve.

(c) The petition referred to in subsections (a) and (b) of this section shall identify the properties sought to be included in the Preserve. The General Assembly may then by joint resolution accept the designated properties in the Preserve and adoption of said resolution by the General Assembly shall constitute the special dedication and acceptance of the designated properties in the State Nature and Historic Preserve contemplated by Article XIV, Section 5 of the North Carolina Constitution.

(d) In order to provide accessible information to the public concerning the State Nature and Historic Preserve, every resolution accepting properties in the Preserve shall be codified in the General Statutes. (g) It is the intent of this act to complement any applicable provisions of federal and State law and regulations relating to dedication or acceptance of properties for purposes similar to those enumerated by Article XIV, Section 5 of the North Carolina Constitution. The Council of State is hereby authorized to adopt rules and regulations to implement the provisions of this act, including rules and regulations consistent with this act to comport with applicable federal and State law and regulations. A copy of this act, and of any such rules or regulations affecting properties owned by local governments shall be filed by the Council of State with the chairman of the local governing body of every county, city and town within thirty days after ratification or adoption as the case may be.

Sec. 4. The dedication of property to the State Nature and Historic Preserve shall not prevent the administering state agency or local governing body from carrying out normal maintenance and improvement of existing structures or facilities that are appropriate to, and consistent with, the purpose

for which the property in question was obtained by the state agency or local governing body.

CHAPTER 452

AN ACT TO PROTECT THE PUBLIC HEALTH BY INSURING PROPER REGULATION OF GROUND ABSORPTION SEWAGE DISPOSAL SYSTEMS.

The General Assembly of North Carolina enacts:

Section 1. Chapter 130 of the General Statutes is hereby amended by inserting therein a new Article.

Sec. 2. Short Title. This Article shall be known and may be cited as the "Ground Absorption Sewage Disposal System Act of 1973".

Sec. 3. Preamble. The General Assembly finds and declares that continued installation, at a rapidly and constantly accelerating rate, of septic tanks and other types of ground absorption sewage disposal systems in a faulty or improper manner and in areas where unsuitable soil and population density adversely affect the efficiency and functioning of these systems has a detrimental effect on the public health through contamination of the ground water supply. Recognizing, however, that ground absorption sewage disposal can be rendered ecologically safe and the public health protected if such methods of sewage disposal are properly regulated and recognizing that ground absorption sewage disposal will continue to be necessary for the adequate and economical housing of an expanding population, the General Assembly intends hereby to insure the regulation of ground absorption sewage disposal systems so that such systems may continue to be used, where appropriate, without jeopardizing the public health.

Sec. 4. Definitions. As used herein, unless the context otherwise requires:

(a) "construction" means any work at the site of placement done for the purpose of preparing a dwelling or mobile home for initial occupancy;

(b) "location" means the initial placement of a mobile home;

(c) "relocation" means the displacement of a dwelling or mobile home from one site to another;

(d) "septic tank system" means a ground absorption sewage disposal system consisting of a holding or settling tank and a ground absorption field;

(e) "ground absorption sewage disposal system" means a sewage disposal method relying primarily on the soil for leaching and removal of dissolved and suspended organic or mineral materials from human waste, including a privy;

(f) "health department" means any county, city, district, consolidated city-county or other health department authorized to be organized under Chapter 130 of the General Statutes;

(g) "mobile home dealer" means every person or firm offering mobile homes for sale within this State;

(h) "mobile home sales lot" means any place where two or more mobile homes are displayed and offered for sale.

Sec. 5. Improvements permit required. (a) No person shall commence the construction or relocation of any dwelling nor shall any person locate, relocate or cause to be located or to be relocated any mobile home intended for use as a dwelling, other than one in a mobile home park, on a site in an area not served by a public or community sewage disposal system without first obtaining an improvements permit from the local health department having jurisdiction.

(b) The local health department shall issue an improvements permit authorizing work to proceed and the use of a septic tank or other ground absorption disposal system when it has determined, after a field investigation of the area, including such factors as character and porosity of soil, percolation rate, topography, depth to water table and rock or other impervious formations and location or proposed location of any water supply wells, that such a system can be installed at the site in compliance with the rules and regulations of the local board of health governing such installations; provided, however, that no septic tank system which is attempted to be installed shall be covered with soil until the local health department determines that the system as installed is in compliance with the rules and regulations governing such installations; provided further, that this Article does not limit or interfere with the authority of the State Board of Health to adopt and enforce reasonable rules and regulations under authority of G.S. 130-160.

Sec. 6. Certificate of Completion. Upon determining that a ground absorption sewage disposal system is properly installed, the local health department shall issue a certificate of completion authorizing a conventional dwelling to be occupied following construction or relocation activity upon that dwelling. Upon determining that a ground absorption sewage disposal system is properly installed, the local health department shall issue a certificate of completion authorizing a mobile home to be occupied following its location or relocation. No person shall occupy a dwelling or mobile home until a certificate of completion has been issued.

Sec. 7. Improvements Permit or Certificate of Completion Required Before Other Permits to Issue. (a) Where construction or relocation activity is proposed to be done upon a conventional dwelling, no permit required for electrical, plumbing, heating, air conditioning or other construction, location or relocation activity under any provision of general or special law shall be issued until after an improvements permit has been issued.

(b) Where location or relocation is proposed for a mobile home, no permit required for electrical, plumbing, heating, air conditioning or other construction, location or relocation activity under any provision of general or special law shall be issued until after a certificate of completion has been issued.

Sec. 8. Limitation on Electrical Service. It shall be unlawful for any person, partnership, firm, or corporation to allow any electric current for use at the locating or relocating of a mobile home intended to be used as a dwelling, other than one in a mobile home park, or to a dwelling upon construction, location or relocation until the official electrical inspector with jurisdiction as provided in G.S. 143-143.2 certifies to the electrical supplier that the required improvements permit for conventional dwellings or the required certificate of completion for mobile homes has been issued.

Sec. 9. Appeals. Any owner or builder denied an improvements permit or a certificate of completion under this Article shall have a right of appeal to the local board of health, provided such action is taken within 15 days of denial. Notice of appeal shall be given by filing with the local health director a demand for a hearing. Upon filing of such notice the local health director shall, within three days, transmit to the board of health the papers and materials constituting the record upon which the decision appealed from was made.

The local board of health shall hold a hearing within 15 days of the receipt of the notice of appeal. The board shall give the appellant not less than five days' notice of the date, time, and place of the hearing. Any party may appear in person or by agent or attorney. In considering appeals, the board shall have authority only to determine whether a ground absorption system can be installed in compliance with its rules and regulations or whether the work done so complies.

No person denied an improvements permit or certificate of completion shall proceed with any work or improvement activity whatsoever or shall occupy any dwelling or reside in any mobile home unless and until the department issues the necessary permit.

Sec. 10. Judicial Review. Any owner or builder denied a permit under this Article shall have a right of appeal to the district court having jurisdiction, if such appeal be made within 10 days after the date of the denial by the board.

Sec. 11. Duties of Mobile Home Dealers. (a) Every mobile home dealer doing business in this State shall be required to furnish each purchaser of a mobile home an easily understandable summary of the provisions of this act. The State Board of Health shall prepare the summary and shall make sufficient copies available to dealers.

(b) Each mobile home dealer shall be required to post conspicuously at the office of each mobile home sales lot the following:

"NOTICE: State law requires that the local health department determine the method and adequacy of sewage disposal before a mobile home is placed on the premises."

Sec. 12. Exemptions. No provision of this Article shall apply to persons developing land in areas not served by community sewer systems who present acceptable plans for installation of community sewer systems to the local health department and the North Carolina Board of Water and Air Resources and who certify that such system will be installed before permitting occupancy.

Sec. 13. Penalties. Any person who knowingly violates any provision of this act shall be guilty of a misdemeanor and shall be punishable by a fine not to exceed two hundred dollars (\$200.00).

Sec. 14. Severability. If any provision of this act or the application thereof to any person or circumstances is declared invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provisions or applications, and to this end the provisions of this act are declared to be severable.

Sec. 15. Effective Date. This act shall become effective October 1, 1973.

In the General Assembly read three times and ratified, this the 11th day of May, 1973.

It shall be sufficient to state, either alone or with other purposes, that the purpose for which the corporation is organized is to engage in any lawful act or activity for which corporations may be organized under this Chapter; and by such statement all lawful acts and activities for corporations organized under this Chapter shall be within the purposes of the corporation, subject to any express limitations."

Sec. 3. G.S. 55-14(c) is hereby amended to read as follows:

"(c) If the statement purporting to effectuate such changes is not recorded in all the offices wherein recording is required by this section, persons asserting claims against the corporation may treat as the registered agent or registered office of the corporation either the one newly designated in the statement or the preexisting one."

Sec. 4. G.S. 55-16(a)(2) is hereby amended to read as follows:

"(2) Any bylaw changing the statutory requirement for a quorum of directors or action by directors, as permitted by G.S. 55-28(d), or changing the statutory requirement for a quorum of shareholders or action by shareholders, as permitted by G.S. 55-65 and G.S. 55-66, may be adopted only by the shareholders, and any such bylaw can itself be amended or repealed only by the shareholders acting pursuant to any different quorum and greater vote so prescribed;".

Sec. 5. G.S. 55-19(d) is hereby amended by inserting in the last line thereof, immediately following the word "section," the words "or in G.S. 55-20 or G.S. 55-21," so that G.S. 55-19(d) reads as follows:

"(d) Expenses incurred by a director, officer, employee or agent in defending a civil or criminal action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding as authorized by the board of directors in the specific case upon receipt of an undertaking by or on behalf of the director, officer, employee or agent to repay such amount unless it shall ultimately be determined that he is entitled to be indemnified by the corporation as authorized in this section or in G.S. 55-20 or G.S. 55-21."

Sec. 6. G.S. 55-20(a) is hereby amended as follows:

(1) By deleting from the first and second lines thereof the words "because of his duties or activities while" and inserting in lieu thereof the words "by reason of the fact that he is or was";

(2) By rewriting subdivision (3) b. to read as follows:

"(3)b. A majority of a quorum consisting of directors who are not parties to such action, suit or proceeding shall determine that such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful, and the corporation shall, not later than 60 days before any such payment or agreement to pay is made, send to all shareholders of record on a record date not more than 10 days prior to the date of mailing, at their registered addresses, a statement specifying the persons to be paid, the amounts to be paid, and the nature and status of the suit or proceedings at the time of mailing."

However, unless the entire board is removed, an individual director shall not be removed when the number of shares voting against the proposal for removal would be sufficient to elect a director if such shares could be voted cumulatively at an annual election. If any or all directors are so removed, new directors may be elected at the same meeting. Whenever a class or series of shares is entitled to elect one or more directors under authority granted by the charter the provisions of this subsection apply to the vote of that class or series as to those directors and not to the vote of the outstanding shares as a whole."

Sec. 8. G.S. 55-28(d) is hereby amended to read as follows:

"(d) A majority of the number of directors fixed by the charter or bylaws shall constitute a quorum for the transaction of business unless a greater number is required by the charter or a bylaw adopted by the shareholders. The act of the majority of the directors present at a meeting at which a quorum is present shall be the act of the board of directors, unless the act of a greater number is required by this Chapter, the charter or a bylaw adopted by the shareholders."

"(a) Action taken by the required majority of the directors or members of a committee without a meeting is nevertheless board or committee action if:"

Sec. 10. G.S. 55-29 is hereby amended by rewriting the catchline to read as follows: "*Informal or irregular action by directors or committees; attendance by telephone.*" and by adding a new subsection (c) at the end thereof to read as follows:

"(c) Unless otherwise provided in the charter or bylaws, any one or more directors or members of a committee may participate in a meeting of the board

or committee by means of a conference telephone or similar communications device which allows all persons participating in the meeting to hear each other, and such participation in a meeting shall be deemed presence in person at such meeting.”

Sec. 11. G.S. 55-38(a) is hereby amended to read as follows:

“(a) For the purpose of this section, a qualified shareholder is a person, natural or corporate, who shall have been a shareholder of record in a corporation, domestic or foreign, for at least six months immediately preceding his demand or who shall be the holder of record of at least five percent (5%) of its outstanding shares of any class, and the term shareholder includes a holder of a voting trust certificate to the extent of the shares represented by said certificate; provided that the personal representative of the estate of a deceased holder, or the guardian, committee, trustee or conservator of the estate of a ward, incompetent or missing person who is a holder, or a trustee in bankruptcy of a holder, or a receiver or liquidator of the estate or affairs of a holder, shall be deemed to be a qualified shareholder regardless of the period of time he has been a shareholder of record or the number of shares held by him.”

Sec. 12. Chapter 55 of the General Statutes is hereby amended by inserting a new section G.S. 55-39.1 to read as follows:

“§ 55-39.1. *Shareholders' derivative actions.*—(a) An action may be brought in this State in the right of any domestic or foreign corporation by a shareholder or holder of a beneficial interest in shares of such corporation; provided that the plaintiff or plaintiffs must allege, and it must appear that each plaintiff was a shareholder or holder of a beneficial interest in such shares at the time of the transaction of which he complains or that his shares or beneficial interest in such shares devolved upon him by operation of law from a person who was a shareholder or holder of a beneficial interest in such shares at such time.

(b) The complaint shall allege with particularity the efforts, if any, made by the plaintiff to obtain the action he desires from the directors or comparable authority and the reasons for his failure to obtain the action or for not making the effort.

(c) Such action shall not be discontinued, dismissed, compromised or settled without the approval of the court. If the court shall determine that the interest of the shareholders or any class or classes thereof, or of the creditors of the corporation, will be substantially affected by such discontinuance, dismissal, compromise or settlement, the court, in its discretion, may direct that notice, by publication or otherwise, shall be given to such shareholders or creditors whose interests it determines will be so affected. If notice is so directed to be given, the court may determine which one or more of the parties to the action shall bear the expense of giving the same, in such amount as the court shall determine and find to be reasonable in the circumstances, and the amount of such expense shall be awarded as costs of the action.

(d) If the action on behalf of the corporation is successful, in whole or part, whether by means of a compromise and settlement or by a judgment, the court may award the plaintiff the reasonable expenses of maintaining the action, including reasonable attorneys' fees, and shall direct the plaintiff to account to the corporation for the remainder of any proceeds of the action.

(e) In any such action the court, upon final judgment and a finding that the action was brought without reasonable cause, may require the plaintiff or

plaintiffs to pay to the defendant or defendants the reasonable expenses, including attorneys' fees, incurred by them in the defense of the action."

Sec. 13. Chapter 55 of the General Statutes is hereby amended by inserting a new section G.S. 55-39.2 to read as follows:

"§ 55-39.2. *Appointment of provisional director.*—(a) If the directors of a corporation are deadlocked in the management of the corporate affairs and the shareholders are unable to break the deadlock, and if injury to the corporation is being suffered or is threatened by reason thereof, the superior court of the county where the registered office of the corporation is located may, notwithstanding any provisions of the charter or bylaws of the corporation and whether or not an action is pending for an involuntary dissolution of the corporation, appoint a provisional director pursuant to this section.

(b) Action for such appointment may be filed by not less than one-half of the directors or by the holders of not less than one-third of the total outstanding shares of the corporation regardless of voting rights. Notice of such action shall be served upon the directors (other than those who have filed the action) and upon the corporation in the manner provided by law for service of a summons and complaint, and a hearing shall be held not less than 10 days after such service is effected. At such hearing all interested persons shall be given an opportunity to be heard.

(c) The provisional director shall be an impartial person, who is neither a shareholder nor a creditor of the corporation, nor related by blood or marriage to any of the other directors of the corporation, or to any judge of the court by which he is appointed. The provisional director shall have all the rights and powers of a director, and shall be entitled to notice of the meetings of the board of directors and to vote at such meetings, until he is removed by order of the court or by vote or written consent of the holders of a majority of the voting shares or holders of such higher number of voting shares as may be required under the charter or the bylaws for the election of directors. He shall be entitled to receive such compensation as may be agreed upon between him and the corporation, and in the absence of such agreement he shall be entitled to such compensation as shall be fixed by the court."

Sec. 14. G.S. 55-45(c) is hereby repealed.

Sec. 15. G.S. 55-46(b) is hereby amended by deleting from the fifth line thereof the words "such a person a shareholder" and inserting in lieu thereof the word "payment".

Sec. 16. G.S. 55-47(b)(2) is hereby amended by inserting in the fifth line thereof, immediately following the word "surplus", the words "and such portion thereof as may be entered as earned surplus as permitted by G.S. 55-49(k)".

Sec. 17. G.S. 55-49(k) is hereby amended as follows:

(1) By placing a comma (,) after the word "merged" in line one thereof;

(2) By inserting, after the word "all" in line two, the words "or substantially all"; and

(3) By inserting, before the word "assets" in line two, the words "outstanding shares or".

Sec. 18. G.S. 55-50(d) is hereby amended to read as follows:

"(d) Subject to any provisions contained in its charter, for the purpose of paying a dividend out of earned surplus or net profits as permitted by subsection (a) of this section, a corporation engaged in the business of exploiting natural resources, patents, copyrights, leaseholds, and other assets wasting in a similar

manner, or engaged primarily in the liquidation of specific assets, may compute its earned surplus or net profits derived from such exploitation or liquidation without taking into consideration the depletion or amortization of such assets resulting from lapse of time or from consumption, liquidation, or exploitation of such assets. If a dividend is paid from a source so computed, the corporation shall make the disclosure required by subsection (g) of this section."

Sec. 19. G.S. 55-50(f) is hereby amended by deleting from the third line thereof the words "otherwise provided in the charter or subscription agreement" and inserting in lieu thereof the words "the charter or subscription agreement provides for lesser dividend payments".

Sec. 20. Chapter 55 of the General Statutes is hereby amended by inserting a new subsection to be numbered G.S. 55-50 (i) to read as follows:

"(i) As used in this subsection, net profits shall mean such net profits as can lawfully be paid in dividends to a particular class of shares after making allowance for the prior claims of shares, if any, entitled to preference in the payment of dividends, but in the determination of such profits the provisions of subsection (d) of this section shall not apply. If during its immediately preceding fiscal period a corporation having less than twenty-five shareholders on the final day of said period has not paid to any class of shares dividends in cash or property amounting to at least one-third of the net profits of said period allocable to that class, the holder or holders of twenty percent (20%) or more of the shares of that class may, within four months after the close of said period, make written demand upon the corporation for the payment of additional dividends for that period. After a corporation has received such a demand, the directors shall, during the then current fiscal period or within three months after the close thereof, either (1) cause dividends in cash or property to be paid to the shareholders of that class in an amount equal to the difference between the dividends paid in said preceding fiscal period to shareholders of that class and one-third of the net profits of said period allocable to that class, or in such lesser amount as may be demanded, or (2) give notice pursuant to subsection (j) of this section to all shareholders making such demand. A corporation shall not, however, be required to pay dividends pursuant to such demand insofar as (1) such payment would exceed fifty percent (50%) of the net profits of the current fiscal period in which such demand is made, or (2) insofar as the net profits are being retained to eliminate a deficit, or (3) insofar as the directors of the corporation can show that its earnings are being retained to meet the reasonable anticipated needs of the business and that such retention of earnings is not inequitable in light of all the circumstances. Upon receipt of such a demand a corporation may elect to treat any dividend previously paid in the current fiscal period as having been paid in the preceding fiscal period, in which event the corporation shall so notify all shareholders. If a dividend is paid in satisfaction of a demand made in accordance with this subsection it shall be deemed to have been paid in the period for which it was demanded, and all shareholders shall be so informed concurrently with such payment.

(j) Upon receipt of a demand from the holders of twenty percent (20%) or more of the shares of any class of shares pursuant to subsection (i) of this section, the corporation receiving such demand may, during the then fiscal period or within three months after the close thereof, given written notice to each shareholder making such written demand that the corporation elects to redeem all share held by such shareholder in lieu of the payment of dividends as

provided in subsection (i) of this section and shall pay to such shareholder the fair value of his shares as of the day preceding the mailing or otherwise reasonably dispatching of the notice. A shareholder receiving such notice shall thereafter be entitled to receive the fair value of his shares, subject only to the surrender by him of his certificate representing his shares and to the provisions of G.S. 55-52, which value shall be determined and paid as follows:

(1) If within 30 days after the date upon which a shareholder becomes entitled to payment for his shares under this subsection, the value of the shares is agreed upon between the shareholder and the corporation, payment therefor shall be made within 60 days after the agreement, upon surrender of the certificate representing the shares, whereupon the shareholder shall cease to have any interest in such shares or in the corporation.

(2) If within the such 30-day period the shareholder and the corporation do not agree as to the value of the shares, the shareholder may, within 60 days after the expiration of the 30-day period, file a petition in the superior court of the county of the registered office of the corporation asking for the appointment by the clerk of three qualified and disinterested appraisers to appraise the fair value of the shares. A summons as in other cases of special proceedings, together with a copy of the petition, shall be served on the corporation at least 10 days prior to the hearing of the petition by the court. The award of appraisers, or a majority of them, if no exceptions be filed thereto within 10 days after the award shall have been filed in court, shall be confirmed by the court, and when confirmed shall be final and conclusive, and the shareholder upon depositing the proper share certificates in court, shall be entitled to judgment against the corporation for the appraised value thereof as of the date prescribed in this section, together with interest thereon to the date of such confirmation. If either party files exceptions to such award within 10 days after the award shall have been filed in court, the case shall be transferred to the civil issue docket of the superior court for trial during term and shall be there tried in the same manner, as near as may be practicable, as is provided in Chapter 40 for the trial of cases under the eminent domain law of this State, and with the same right of appeal as is permitted in said chapter. The court shall assess the cost of said proceedings as it shall deem equitable. Upon payment of the judgment the shareholder shall cease to have any interest in the shares or in the corporation and the corporation shall be entitled to have said share certificates surrendered to it by the clerk of court for cancellation. Unless the shareholder shall file such petition within the time herein prescribed, he and all persons claiming under him shall have no right of payment hereunder but in that event nothing herein shall impair his status as shareholder.

Shares acquired by a corporation pursuant to payment of the agreed value thereof or to payment of the judgment entered therefor, as in this subsection provided, may be held and disposed of by the corporation as in the case of other treasury shares."

Subsection (j) of G.S. 55-50 is hereby renumbered (k).

Subsection (k) of G.S. 55-50 is hereby renumbered (l).

Sec. 21. G.S. 55-65(a) is hereby amended by deleting from the second line thereof the word "bylaws" and inserting in place thereof the words "a bylaw" so that G.S. 55-65(a) reads as follows:

"(a) Unless otherwise provided in this Chapter or in the charter or in a bylaw adopted by the shareholders, a majority of the shares entitled to vote,

represented in person or by proxy, shall constitute a quorum at a meeting of shareholders, but in no event shall a quorum consist of less than one-third of the outstanding shares entitled to vote."

Sec. 22. G.S. 55-66 is hereby amended by deleting from the fifth line thereof the word "bylaws" and inserting in place thereof the words "a bylaw"; and by inserting in the seventh line thereof, immediately following the word "charter," the words "or a bylaw adopted by its shareholders"; and by adding at the end thereof a new subsection (c) so that G.S. 55-66 reads as follows:

"§ 55-66. *Votes required.*—(a) A majority of the shares voted at a meeting of shareholders, duly held and at which a quorum is present, shall be sufficient to take or authorize action upon any matter which may properly come before the meeting, unless more than a majority is required by this Chapter or by the charter or a bylaw adopted by the shareholders.

(b) Except where other provisions of this Chapter expressly make this subsection inapplicable, any corporation may by its charter or a bylaw adopted by its shareholders require for any purpose the concurrence of a greater proportion of the votes of any class or classes of shares than required by this Chapter for such purpose.

(c) Any provision in the charter or bylaws prescribing the vote required for any purpose as permitted by this section may not itself be amended by a vote less than the vote therein prescribed."

Sec. 23. G.S. 55-68(b) is hereby amended to read as follows:

"(b) A proxy is not valid after the expiration of 11 months from the date of its execution unless the person executing it specifies therein the length of time for which it is to continue in force, or limits its use to a particular meeting, but no proxy, whether or not designated as irrevocable as permitted by subsection (g) of this section, shall be valid after 10 years from the date of its execution, unless renewed or extended at any time before its expiration for not more than 10 years from the date of such renewal or extension."

Sec. 24. G.S. 55-68(c) is hereby amended to read as follows:

"(c) Any proxy duly executed is not revoked, and continues in full force and effect, until an instrument revoking it, or a duly executed proxy bearing a later date, is filed with the secretary of the corporation. A proxy is not revoked by the death or incapacity of the maker unless, before the vote is counted or the authority is exercised, written notice of the death or incapacity is given to the corporation. Notwithstanding that a valid proxy is outstanding the powers of the proxy holder are suspended, except in the case of a valid proxy which is designated as irrevocable as permitted by subsection (g) of this section, if the person executing the proxy is present at the meeting and elects to vote in person."

Sec. 25. G.S. 55-68 is hereby amended by adding at the end thereof three new subsections to read as follows:

"(f) A proxy shall be irrevocable only when it clearly indicates that it is to be irrevocable and is held by any of the following or by a nominee of any of the following:

- (1) a pledgee of the shares which are the subject of the proxy; or
- (2) a person who has purchased or contracted to purchase the shares which are the subject of the proxy; or
- (3) a creditor or creditors of the corporation who extend or continue credit to the corporation in consideration of a proxy, if such proxy specifically

states that it was given in consideration of such extension or continuation of credit, and sets forth the amount of, and the name of the person extending or continuing, credit; or

- (4) a person who has contracted to perform services for the corporation under a contract which requires a proxy, if the proxy states that it was given in consideration of the contract, the name of the person, and the period of the contract; or
- (5) a person, including an arbitrator, designated by or under a shareholders' agreement permitted by G.S. 55-73.

Any such proxy shall become revocable after the pledge is redeemed, or the contract of purchase has been performed and the purchaser has become a shareholder of record, or the debt of the corporation is paid, or the period of the contract has been terminated, or the agreement permitted by G.S. 55-73 has terminated.

(g) A proxy may be revoked, notwithstanding a provision making it irrevocable, by a purchaser of shares without knowledge of the existence of such provision, unless notice of the proxy and of its irrevocability plainly appears on the face or back of the certificate representing such shares.

(h) The foregoing provisions shall be applicable to proxies given by the holders of a corporation's bonds, debentures or other obligations where a right to vote is conferred upon such holders by the charter as permitted by G.S. 55-44.1."

Sec. 26. G.S. 55-72(c) is hereby amended by adding a new sentence at the end thereof so that G.S. 55-72(c) reads as follows:

"(c) Notwithstanding the provisions of this section or of G.S. 55-59, the holders of record of the voting trust certificates shall have the same rights as if they were shareholders of record with respect to voting upon any amendment of the charter, amendment of the bylaws, reduction of stated capital, sale of the entire assets, merger, consolidation or dissolution. For this purpose the trustees, upon timely and adequate information and requests from the corporation, shall prepare and furnish the corporation with a list of the trust certificate holders, which shall conform substantially to the requirements of this Chapter relating to voting lists of shareholders, and the corporation shall send all proper notices, maintain and make available the said list for inspection and make all appropriate arrangements to permit the trust certificate holders to vote in person or by proxy at the meeting in question as if they were shareholders of record. This subsection (c) shall not apply to any voting trust initially created on or after October 1, 1973; and any voting trust created before that date may be amended by unanimous consent of the holders of record of the voting trust certificates to provide that this subsection (c) shall not thereafter be applicable to such voting trust."

Sec. 27. G.S. 55-72(d) is hereby amended to read as follows:

"(d) The trustee or trustees under a voting trust agreement shall, except to the extent otherwise provided by the agreement or subsection (c) of this section, have the right to vote upon and exercise any rights of dissent with respect to any charter amendment, merger, consolidation, dissolution, sale of assets or reduction of stated capital of the corporation."

Sec. 28. G.S. 55-72 is hereby amended by adding at the end thereof two new subsections (e) and (f) to read as follows:

“(e) At any time before the expiration of a voting trust agreement as originally created or as extended under this subsection, one or more holders of voting trust certificates may, by agreement in writing, extend the duration of such agreement, nominating the same or substitute trustee or trustees, for an additional period not to exceed 10 years from the date of such expiration. Such extension agreement shall not affect the rights or obligations of persons not parties to the extension agreement, and such persons shall be entitled to remove their shares from the trust upon the expiration of the voting trust agreement and promptly to have their share certificates reissued to them. The extension agreement shall comply with all provisions of this section applicable to the original voting trust agreement.

(f) The validity of a voting trust agreement, otherwise lawful, shall not be affected during a period of 10 years from the date of its creation or extension by the fact that by its terms it will or may last beyond such ten-year period.”

Sec. 29. G.S. 55-73(a) is hereby amended to read as follows:

“(a) An agreement between two or more shareholders, if in writing and signed by the parties thereto, may provide that in the exercise of any voting rights of shares held by the parties, including any vote with respect to directors, such shares shall be voted as provided by the agreement, or as the parties may agree, or as determined in accordance with any procedure (including arbitration) specified in the agreement. Such agreement shall be valid and enforceable as between the parties thereto for a period not to exceed 10 years from the date of its execution; and in an action by a shareholder who is a party to such an agreement a court of competent jurisdiction may enjoin another party or parties to the agreement from voting his or their shares in violation thereof, or, if the corporation is made a party to the action, may set aside an election of directors or other action resulting from the voting of shares in violation of the agreement, and may grant such other or further relief as may appear appropriate under the circumstances for the enforcement of the agreement. Such agreement may be extended or renewed in like manner as a voting trust may be extended or renewed as provided by G.S. 55-72(d). Nothing herein shall impair the privilege of the corporation to treat the shareholders of record as entitled to vote the shares standing in their names, as provided in G.S. 55-59 nor impair the power of a court to determine voting rights as provided in G.S. 55-71.”

Sec. 30. G.S. 55-100(b)(3) is hereby amended by rewriting the last sentence and adding a new sentence at the end thereof so that G.S. 55-100(b)(3) reads as follows:

“(3) At such meeting a vote of the shareholders entitled to vote thereon shall be taken on the proposed amendment. The proposed amendment shall be adopted upon receiving the affirmative vote of the holders of at least a majority of all the outstanding shares entitled to vote thereon, unless any class of shares is entitled to vote thereon as a class, in which event the proposed amendment shall be adopted upon receiving the affirmative vote of the holders of at least a majority of all the outstanding shares of each class of shares entitled to vote thereon as a class and a majority of all the other outstanding shares entitled to vote thereon. If the charter prescribes a different quorum or requires more than the majority vote herein prescribed, either for all amendments or for a specific amendment, such charter provision can itself be amended or repealed only by the shareholders acting pursuant to any different quorum and greater vote so prescribed. An amendment to the charter which adds a provision for liquidation

or dissolution of the corporation as permitted by G.S. 55-125(a)(3), or which changes or repeals such a provision, must be approved by the affirmative vote of the holders of all the outstanding shares of the corporation, whether or not otherwise entitled to vote, or by the holders of such lesser number of shares, but not less than the number required for a regular charter amendment, as may be specifically provided in the charter for adding, changing or repealing such a provision."

Sec. 31. G.S. 55-106 is hereby amended to read as follows:

"§ 55-106. *Procedure for merger.*—(a) One or more domestic corporations may merge into another corporation, hereinafter designated as the surviving corporation, pursuant to a plan of merger approved in the manner provided in this Chapter. All corporations which are parties to such merger are hereinafter designated collectively as the constituent corporations.

(b) The board of directors of each constituent corporation shall by resolution adopted by each such board, approve a plan of merger setting forth:

- (1) The name of each constituent corporation, and a designation of which constituent corporation is to be the surviving corporation.
- (2) The name which the surviving corporation is to have after the merger, which name may be that of any of the constituent corporations or any other available name permitted by this Chapter.
- (3) The terms and conditions of the proposed merger.
- (4) The manner and basis of converting the shares of each of the constituent corporations into shares or other securities or obligations of the surviving corporation, and, if any shares of any of the constituent corporations are not to be converted solely into shares or other securities or obligations of the surviving corporation, the cash, property, rights or shares or other securities or obligations of any other corporation which the holders of such shares are entitled to receive in exchange for such shares or upon their conversion and the surrender of the certificates evidencing such shares, which cash, property, rights or shares or other securities or obligations of any other corporation may be in addition to or in lieu of the shares or securities or obligations of the surviving corporation; or, if any constituent corporation is the wholly-owned subsidiary of the surviving corporation and no cash or shares or other securities or obligations will be distributed or issued upon conversion or cancellation of the shares of any such constituent corporation, a statement to that effect.
- (5) A statement of any changes in the charter of the surviving corporation to be effected by such merger.
- (6) Such other provisions not inconsistent with law as are deemed necessary or desirable."

Sec. 32. G.S. 55-107(b)(3) is hereby amended to read as follows:

"(3) The manner and basis of converting the shares of each corporation into shares or other securities or obligations of the new corporation, and, if any shares of any consolidating corporation are not to be converted solely into shares or other securities or obligations of the new corporation, the cash, property, rights or shares or other securities or obligations of any other corporation which the holders of such shares are entitled to receive in exchange for such shares or upon their conversion and the surrender of the certificates evidencing such shares, which cash, property, rights or shares or other securities or obligations of

any other corporation may be in addition to or in lieu of the shares or securities or obligations of the new corporation.”

Sec. 33. G.S. 55-108.1 is hereby amended to read as follows:

“§ 55-108.1. *Mergers without approval of the shareholders of the surviving corporation.*—(a) Unless otherwise provided in the charter or bylaws, no approval by shareholders of the surviving corporation shall be required for a merger if at the time of approval of the plan of merger by the board of directors of each of the corporations, domestic or foreign, who are parties thereto, the surviving corporation is the owner of all the outstanding shares of the other corporation, or corporations, domestic or foreign, who are parties to the merger, and the plan of merger does not provide for any changes in the charter of, or the issuance of any shares by, the surviving corporation.

(b) Unless otherwise provided in the charter or bylaws, no approval by shareholders of the surviving corporation shall be required for a merger if (1) the plan of merger does not provide for any changes in the charter of the surviving corporation, (2) each share of the surviving corporation outstanding immediately prior to the merger becoming effective shall remain outstanding immediately after the merger as an identical share of the surviving corporation, and (3) either no common shares of the surviving corporation and no shares, securities or obligations convertible into common shares are to be issued or delivered under the plan of merger, or the authorized unissued common shares or the treasury common shares of the surviving corporation to be issued or delivered under the plan of merger plus those initially issuable upon conversion of any other shares, securities or obligations to be issued or delivered under such plan do not exceed twenty percent (20%) of the common shares of the surviving corporation outstanding immediately prior to the effective date of the merger.

(c) In case of a merger under the provisions of this section, the articles of merger shall contain statements showing compliance with the conditions of this section, and, in lieu of statements required by G.S. 55-109(b) relating to the outstanding shares and the vote of shareholders of the surviving corporation, need only state the approval by its board of directors.”

Sec. 34. G.S. 55-109(a) is hereby amended to read as follows:

“(a) After the approval by the directors and shareholders to the extent required by G.S. 55-108 and G.S. 55-108.1, articles of merger or of consolidation shall be executed by each corporation and be filed as provided in G.S. 55-4, except that a copy thereof certified by the Secretary of State shall also be recorded in the office of the register of deeds of each county wherein the constituent corporations have their registered offices. Certificates of merger or consolidation shall also be registered as provided in G.S. 47-18.1.”

Sec. 35. G.S. 55-111(c) is hereby amended to read as follows:

“(c) If the surviving or new corporation, as the case may be, is a corporation of any state other than this State, it shall comply with the provisions of this Chapter with respect to foreign corporations if it is to transact business in this State; and, if after the merger or consolidation it transacts no business in this State, the courts of this State shall have jurisdiction in actions to enforce any obligation of any constituent corporation of this State arising out of the merger or consolidation or out of any act or omission of such constituent corporation prior to or contemporaneous with the merger or consolidation, and process therein may be served as provided in G.S. 55-146 or G.S. 55-146.1.”

Sec. 36. G.S. 55-113(e) is hereby amended by deleting from the twentieth line thereof the words "to the Supreme Court".

Sec. 37. G.S. 55-113(i) is hereby amended by adding at the end thereof a new sentence so that G.S. 55-113(i) reads as follows:

"(i) The provisions of this section shall not apply to a merger if on the date of the filing of the articles of merger the surviving corporation is the owner of all the outstanding shares of the other corporation or corporations, domestic or foreign, participating in the merger and if such merger makes no changes in the relative rights of the shareholders of the surviving corporation. The provisions of this section shall also not apply to the shareholders of the surviving corporation if their approval of the merger is not required, as provided in G.S. 55-108.1(b)."

Sec. 38. Chapter 55 of the General Statutes is hereby amended by inserting therein a new section G.S. 55-113.1 to read as follows:

"§ 55-113.1. *Fundamental changes in reorganization proceedings.*—(a) Whenever a plan of reorganization of a corporation has been or shall be confirmed by decree or order of a court of competent jurisdiction in proceedings for the reorganization of such corporation pursuant to the provisions of any applicable statute of the United States relating to reorganizations of corporations, the corporation may put into effect and carry out such plan and the decrees and orders of the court relative thereto and may take any proceeding and do any act provided in such plan or directed by such decrees and orders without further action by its directors or shareholders. Such action may be taken, as may be directed by such decrees or orders, by the trustee or trustees of such corporation appointed in the reorganization proceedings, or by designated officers of the corporation, or by a master or other representative appointed by the court, with like effect as if taken by unanimous action of the directors and shareholders of the corporation. In particular and without limiting the generality or effect of the foregoing, such corporation may:

- (1) Amend its charter or bylaws, or both, so long as the charter and bylaws as amended contain only such provisions as might be lawfully contained therein at the time of making such amendment;

- (8) Authorize the issuance of bonds, debentures or other obligations of the corporation, whether or not convertible into shares of any class or bearing warrants or other evidences of optional rights to purchase or subscribe for shares of any class, and fix the terms and conditions thereof.

(b) Any articles of amendment, statement of classification of shares, statement of change of registered office and registered agent, certificate of reduction of capital, restated charter, articles of merger, articles of

consolidation, articles of dissolution, statement of revocation of dissolution, certificate of completed liquidation, or any other document appropriate to complete any action permitted by this section shall be executed and filed in accordance with the provisions of this Chapter on behalf of the corporation by such person or persons as may be authorized to take such action pursuant to subsection (a).

(c) No action taken under this section shall give rise to any rights under G.S. 55-113, except as provided in the plan of reorganization.

(d) No action authorized by this section shall be taken after the entry of a final decree in the reorganization proceedings closing the case and discharging the trustee or trustees, if any."

Sec. 39. G.S. 55-114(a) (1) is hereby amended to read as follows:

"(1) Upon expiration of any period of duration to which the corporation is limited by its charter, by executing and filing in the office of the Secretary of State in accordance with the provisions of G.S. 55-4 articles of dissolution setting forth (i) the name of the corporation, (ii) the names and respective addresses of its officers and directors, and (iii) a statement of the expiration date presently contained in its charter."

Sec. 40. G.S. 55-114(a) (3) is hereby amended by placing a semicolon following the reference to G.S. 55-125 in the fourth line thereof and by deleting the balance of lines 4 and 5 thereof so that G.S. 55-114(a) (3) reads as follows:

"(3) By entry of a decree of dissolution by the superior court in involuntary proceedings for dissolution by the Attorney General, as prescribed in G.S. 55-122, or in proceedings to liquidate the assets and business of the corporation, as described in G.S. 55-125."

- (1) canceling or altering any provision contained in the charter or the bylaws of the corporation; or
- (2) canceling, altering, or enjoining any resolution or other act of the corporation; or
- (3) directing or prohibiting any act of the corporation or of shareholders, directors, officers or other persons party to the action; or
- (4) providing for the purchase at their fair value of shares of any shareholder, either by the corporation or by other shareholders, such fair value to be determined in accordance with such procedures as the court may provide.

(b) Such relief may be granted as an alternative to a decree of dissolution, or may be granted whenever the circumstances of the case are such that relief, but not dissolution, would be appropriate."

Sec. 42. G.S. 55-129 is hereby amended and rewritten to read as follows:

"§ 55-129. *Duties of officials as to decrees and orders concerning dissolution or charter amendment.*—A court decree effecting or canceling a dissolution of a corporation or canceling or altering any provision contained in its charter, or a court order declaring liquidation completed shall contain a direction to the clerk

of that court promptly to file one certified copy of such decree or order with the Secretary of State and also to file a certified copy thereof with the register of deeds of the county wherein the corporation has its registered office. The fees for the preparation, certificates, and filing of such decree or order shall be taxed as a part of the costs in the action. The register of deeds shall record and index the order or decree in the Record of Incorporations; promptly after the recordation, the register shall note the fact of recordation on the said copy and return it to the corporation or its representative. If the corporation or its representative cannot be located, the register may destroy the copy."

Sec. 43. G.S. 55-145(a) is hereby amended by deleting from the second and third lines thereof the words "by a resident of this State or by a person having a usual place of business in this State," so that the first paragraph of G.S. 55-145(a) reads as follows:

"(a) Every foreign corporation shall be subject to suit in this State, whether or not such foreign corporation is transacting or has transacted business in this State and whether or not it is engaged exclusively in interstate or foreign commerce, on any cause of action arising as follows:"

Sec. 44. G.S. 55-146.1 is hereby amended by deleting from the first line thereof the word "procedure" and by inserting in place thereof the word "provisions" so that G.S. 55-146.1 reads as follows:

"§ 55-146.1. *Alternative jurisdiction over and service of process on foreign corporations.*—In addition to the provisions set out in this Chapter, foreign corporations may be served with process and subjected to the jurisdiction of the courts of this State pursuant to applicable provisions of Chapter 1 and Chapter 1A of the General Statutes."

Sec. 45.2. G.S. 55-46(a)(2) is hereby amended by inserting a comma after the word "corporation" in the first line thereof.

Sec. 45.3. G.S. 55-12 is hereby amended by adding at the end thereof a new subsection (k) to read as follows:

"(k) The issuance of a corporate charter to any domestic corporation shall not authorize the use in this State of the corporate name in violation of the rights of any third party under the Federal Trademark Act, the Trademark Act of this State, or the common law; and the issuance of such charter shall not be a defense to an action for violation of any such rights."

Sec. 45.4. G.S. 55-137 is hereby amended by adding at the end thereof a new subsection (e) to read as follows:

Section 1. G.S. 1-474 is hereby amended to read as follows:

“§ 1-474. *Order of seizure and delivery to plaintiff.*—The clerk of court may, upon notice and hearing as provided in G.S. 1-474.1, and upon the giving by the plaintiff of the undertaking prescribed in G.S. 1-475, require the sheriff of the county where the property claimed is located to take said property from the defendant and deliver it to the plaintiff. The act of the clerk in issuing or refusing to issue the order to the sheriff is a judicial act and may be appealed to the judge of the district or superior court having jurisdiction of the principal action.”

Sec. 2. Article 36, Chapter 1 of the North Carolina General Statutes is hereby amended by adding the following section:

“§ 1-474.1. *Notice of hearing; waiver; permissible form of notice and waiver.*—(a) The clerk of court, upon the request of the plaintiff, shall issue a notice to the defendant setting a time and place for a hearing before the clerk which shall not be less than 10 days from the date of service of said notice upon the defendant. The General Assembly of North Carolina enacts:

Section 1. Each time G.S. Chapter 159 is amended in this act, the amendment is to Chapter 159 as enacted by Section 1 of Chapter 780 of the 1971 Session Laws and as G.S. Chapter 159 appears in Chapter 780.

Sec. 2. G.S. 159-3(a) is rewritten as follows:

"(a) The Local Government Commission consists of nine members. The State Treasurer, the State Auditor, the Secretary of State, and the Commissioner of Revenue each serve ex officio; the remaining five members are appointed to four-year terms as follows: three by the Governor, one by the Lieutenant Governor, and one by the Speaker of the House. Of the three members appointed by the Governor, one shall be or have been the mayor or a member of the

governing board of a city and one shall be or have been a member of a county board of commissioners. The State Treasurer is chairman ex officio of the Local Government Commission. Membership on the Commission is an office that may be held concurrently with one other office, as permitted by G.S. 128-1.1."

Sec. 3. G.S. 159-7 is amended by changing the title of the section to "Short title; definitions; local acts superseded.", and by adding a new subsection (c) to read as follows:

"(c) It is the intent of the General Assembly by enactment of this article to prescribe for local governments and public authorities a uniform system of budget adoption and administration and fiscal control. To this end and except as otherwise provided in this article, all provisions of general laws, city charters, and local acts in effect as of July 1, 1973 and in conflict with the provisions of part 1 or part 3 of this article are repealed. No general law, city charter, or local act enacted or taking effect after July 1, 1973, may be construed to modify, amend, or repeal any portion of part 1 or part 3 of this article unless it expressly so provides by specific reference to the appropriate section."

It is the intent of this article that all moneys received and expended by a local government or public authority should be included in the budget ordinance. Therefore, notwithstanding any other provision of law, after July 1, 1973, no local government or public authority may expend any moneys, regardless of their source (including moneys derived from bond proceeds, federal, State, or private grants or loans, or special assessments), except in accordance with a budget ordinance adopted pursuant to this article.

(b) The budget ordinance of a unit of local government shall cover a fiscal year beginning July 1 and ending June 30. The budget ordinance of a public authority shall cover a fiscal year beginning July 1 and ending June 30, except that the Local Government Commission, if it determines that a different fiscal year would facilitate the authority's financial operations, may enter an order permitting an authority to operate under a fiscal year other than from July 1 to June 30. If the Commission does permit an authority to operate under an altered fiscal year, the Commission's order shall also modify the budget calendar set forth in G.S. 159-10 through G.S. 159-13 so as to correspond with the altered fiscal year."

“§ 159-17. *Ordinance procedures not applicable to budget adoption.*—Notwithstanding the provisions of any city charter, general law, or local act:

- (ii) no action taken with respect to the adoption or amendment of the budget ordinance need be published or is subject to any other procedural requirement governing the adoption of ordinances or resolutions by the governing board other than the procedures set out in this article;
- (iii) the adoption and amendment of the budget ordinance and the levy of taxes in the budget ordinance are not subject to the provisions of any city charter or local act concerning initiative or referendum.

During the period beginning with the submission of the budget to the governing board and ending with the adoption of the budget ordinance, the governing board may hold any special meetings that may be necessary to complete its work on the budget ordinance. Any provisions of law concerning the call of special meetings do not apply during that period so long as (i) each member of the board has actual notice of each special meeting called for the purpose of considering the budget, and (ii) no business other than consideration of the budget is taken up. This section does not allow the holding of closed meetings or executive sessions by any governing board otherwise prohibited by law from holding such a meeting or session, and may not be construed to do so.

The withdrawal resolution or ordinance shall authorize an appropriation from the capital reserve fund to an appropriate appropriation in one of the funds maintained pursuant to G.S. 159-13(a). No

withdrawal may be made which would result in an appropriation for purposes for which an adequate balance of eligible moneys or investment securities is not then available in the capital reserve fund."

Sec. 17. G.S. 159-24 is amended by striking from the beginning of the third sentence the words and punctuation "Except as hereinafter provided," and by capitalizing the next word, "the".

If the board makes no other designation, the chairman of the board or chief executive officer of the local government or public authority shall countersign these checks and drafts. (c) Subsection (b) is amended by striking from the second sentence the words and punctuation "bonds or notes duly authorized, or binding grants or loans or grant or loan commitments duly made,".

Each officer and employee of a local government or public authority whose duty it is to collect or receive any taxes or other moneys shall deposit his collections and receipts daily. If the governing board gives its approval, deposits shall be required only when the moneys on hand amount to as much as two hundred fifty dollars (\$250.00), but in any event a deposit shall be made on the last business day of the month. All deposits shall be made with the finance officer or in an official depository. Deposits in an official depository shall be immediately reported to the finance officer by means of a duplicate deposit ticket. The finance officer may at any time audit the accounts of any officer or employee collecting or receiving taxes or other moneys, and may prescribe the form and detail of these accounts. - (6) He shall maintain all records concerning the bonded debt of the hospital, if any, determine the amount of money that will be required for debt service during each fiscal year, and maintain all sinking funds, but shall not be responsible for records concerning the bonded debt of any county, city, or other unit of local government incurred on behalf of the hospital.

(e) The Local Government Commission has authority to issue rules and regulations governing procedures for the receipt, deposit, investment, transfer, and disbursement of money and other assets by public hospitals, may inquire into and investigate the internal control procedures of a public hospital, and may require any modifications in internal control procedures which, in the opinion of the Commission, are necessary or desirable to prevent embezzlements, mishandling of funds, or continued operating deficits.

(f) The accounting system of a public hospital shall be so designed that the true financial condition of the hospital can be determined therefrom at any time. As soon as possible after the close of each fiscal year, the accounts shall be audited by a certified public accountant or by an accountant certified by the Local Government Commission as qualified to audit local government accounts. bonds or makes current appropriations to the hospital (other than appropriations for the cost of medical care to prisoners or indigents).

Such notice shall be given to the patient and to the next of kin or guardian of the patient.

"§ 122-45.7. *The right to civil remedies.*—All patients except those adjudicated incompetent under Chapter 35 of the General Statutes and not restored to legal capacity, shall retain the same rights as any other citizen of North Carolina to bring civil actions."

When such records have been thus surrendered, photocopies, microfilms, typescripts, or other copies of them shall be made and certified under seal of the Department, upon application of any person, which certification shall have the same force and effect as if made by the official or agency by which the records were transferred to the Department of Cultural Resources; and the Department may charge reasonable fees for such copies.

"§ 121-6. *Historical publications.*—(a) General Provisions. It shall be the duty of the Department of Cultural Resources to promote and encourage the writing of North Carolina history and to collect, edit, publish, print, and distribute books, pamphlets, papers, manuscripts, documents, maps, and other materials relating to North Carolina archives and history. The Department of Cultural Resources may establish a reasonable charge for such publications and devote the revenue arising therefrom to such additional publication of materials relating to North Carolina archives and history as may be undertaken by the Department of Cultural Resources. Except for reports, bulletins, and other

publications issued for free distribution, professional materials including books and journals published by the Department of Cultural Resources are hereby expressly excluded from provisions of G.S. 147-50.

(b) **Editing and Publishing of Official Messages and Other Papers of Governor.** During the term of office of each Governor of this State, a copy of all official messages delivered to the General Assembly, addresses, speeches, statements, news releases, proclamations, executive orders, weekly calendars, articles, transcripts of news conferences, lists of appointments, and other official releases and papers of the Governor shall be kept in the Governor's office for delivery to the Department of Cultural Resources at the end of each quarter during the Governor's administration. These papers shall be compiled and a selection made therefrom by a skilled and competent editor. The editor shall edit, according to acceptable scholarly standards, the selected materials which shall be published in a documentary volume as soon as practicable after the conclusion of the term of office of each Governor. If, for any reason, a Governor serves less than a full term, a documentary volume shall be edited and published for such portion of a term as he shall have served. If a Governor serves more than one term, a documentary volume shall be edited and published for each term served. Funds for editorial assistance, printing, binding, and distribution shall be paid from the Contingency and Emergency Fund. The number of copies of each volume to be printed shall be determined by the Department of Cultural Resources in consultation with the Governor whose papers are being published.

“§ 121-7. *Historical museums.*—The Department of Cultural Resources shall maintain and administer the North Carolina Museum of History for the collection, preservation, study, and exhibition of authentic artifacts and other historical materials relating to the history and heritage of North Carolina. The Department, with the approval of the Historical Commission, may acquire, either by purchase, gift, or loan such artifacts and materials, and, having acquired them, shall according to accepted museum practices classify, accession, preserve, and where feasible exhibit such materials and make them available for study. Within available funds, one or more branch museums of history may be established and administered by the Department. The Department of Cultural Resources, subject to the availability of staff and funds, may give technical and professional assistance to nonstate historical museum projects sponsored by governmental agencies and nonprofit organizations.

Insofar as practicable, the North Carolina Museum of History shall accession and maintain records showing provenance, value, location, and other pertinent information on such furniture, furnishings, decorative items, and other objects as have historical or cultural importance and which are owned by or to be acquired by the State for use in the State Capitol and the Executive Mansion, and, upon request of the Department of Administration, any other State-owned building. When any such item or object has been entered in the accession records of the Museum of History, the custodian of such item or object shall, upon its removal from the premises upon which it was located or when it is otherwise disposed of, submit to the Museum of History sufficient details concerning its removal or disposition to permit an adequate entry in the accession records to the end that its location or disposition, and authority for such change, shall be shown therein.

“§ 121-8. *Historic preservation program.*—(a) Historic Preservation Agency Designated. The historic preservation agency of the State of North Carolina shall be the Department of Cultural Resources.

(b) Surveys of Historic Properties. The Department of Cultural Resources shall conduct a continuing statewide survey to identify, document, and record properties having historical, architectural, archaeological, or other cultural significance to the State, its communities, and the nation. Upon approval of the North Carolina Historical Commission, the Secretary or his designee as the State's liaison officer for historic preservation, may nominate appropriate properties for entry in the National Register of Historic Places as established by the National Historic Preservation Act of 1966, Public Law 89-665, 16 U.S.C. Section 470. The Department of Cultural Resources shall maintain a permanent file containing research reports, descriptions, photographs, and other appropriate documentation relating to properties deemed worthy of inclusion in the statewide survey.

(c) Statewide Historic Preservation Plan. The Department of Cultural Resources shall prepare and revise as needed a State plan for historic preservation, which plan, when approved by the North Carolina Historical Commission, shall constitute official State policy for the preservation, or the encouragement of the preservation, of important historic, architectural, archaeological, and other cultural properties in North Carolina.

(d) Cooperation with Federal Government. The Department of Cultural Resources and/or the Department of Administration may enter into and carry out contracts with the federal government or any agency thereof under which said government or agency grants financial or other assistance to the Department of Cultural Resources to further the purposes of this Chapter. Either of the Departments may agree to and comply with any reasonable conditions not inconsistent with State law which are imposed on such grants. Such grants or other assistance may be accepted from the federal government or an agency thereof and expended whether or not pursuant to a contract.

(e) Cooperation with Local Governments. The Department shall, within the limits of staff and available funds, cooperate with and assist counties, cities, municipalities, and other subdivisions of government, and, where appropriate, private individuals and organizations, in promoting historic preservation to the end that important properties which are not owned by the State may be preserved or encouraged to be preserved. Such cooperation and assistance may include but not be limited to reviewing historic preservation plans, evaluating historic properties, and providing technical, financial and professional assistance. The Department may further enter into and carry out contracts with local governments or their agencies and with any private party to further the purposes of this Article.

(f) Continuing Programs. The Department of Cultural Resources shall develop a continuing program of historical, architectural, archaeological, and cultural research and development to include surveys, excavation, salvage, preservation, scientific recording, interpretation, and publication of the State's historical, architectural, archaeological, and cultural resources. A reasonable charge may be made for publications resulting therefrom and the income from such sales may be devoted to the work of the Department.

“§ 121-9. *Historic properties.*—(a) Administration of Properties Acquired by State. Historic or archaeological properties acquired by the State for

administration by the State of North Carolina shall be under the control and administration of the Department of Cultural Resources. Upon approval of the North Carolina Historical Commission and the Secretary of Cultural Resources, the Department of Cultural Resources may, in its discretion, make a contract with any county or municipality within the State or with any nonprofit corporation or organization for the administration of any portion of such property.

(b) Acquisition of Historic Properties. For the purpose of protecting or preserving any property of historical, architectural, archaeological, or other cultural importance to the people of North Carolina, and subject to the provisions of Subchapter II of Chapter 146 of the General Statutes, the Department may, with the approval of the North Carolina Historical Commission, acquire, preserve, restore, hold, maintain, operate, and dispose of such properties, together with such adjacent lands as may be necessary for their protection, preservation, maintenance, and operation. Such property may be real or personal in nature, and in the case of real property, the acquisition may include the fee or any lesser interest therein. Property may be acquired by gift, grant, bequest, devise, lease, purchase, or condemnation pursuant to the provisions of Article 2 of Chapter 40 of the North Carolina General Statutes, or otherwise. Property may be acquired by the Department, using such funds as may be appropriated for the purpose or moneys available to it from any other source.

(c) Interests Which May be Acquired. In the case of real property, the interest acquired shall be limited to that estate, interest, or term deemed by the Department to be reasonably necessary for the continued protection or preservation of the property. The Department may acquire the fee simple title, but where it finds that a lesser interest, including any development right, negative or affirmative easement in gross or appurtenant, covenant, lease, or other contractual right of or to any real property to be the most practical and economical method of protecting and preserving historic property, the lesser interest may be acquired.

(d) Conveyance of Property for Preservation Purposes. In appropriate cases, the Department may acquire or dispose of the fee or lesser interest to any such property for the specific purpose of conveying or leasing the property back to its original owner or of conveying or leasing it to such other person, firm, association, corporation, or other organization under such covenants, deed restrictions, lease, or other contractual arrangements as will limit the future use of the property in such a way as to insure its preservation. Where such action is taken, the property may be conveyed or leased by private sale. In all cases where property is conveyed, it shall be subjected by covenant or otherwise to such rights of access, public visitation, and other conditions or restrictions of operation, maintenance, restoration, and repair as the Department may prescribe, or to such conditions as may be agreed upon between the Department and the grantee or lessee to accomplish the purposes of this section.

(e) Use of Property so Acquired. Any historic property acquired, whether in fee or otherwise, may be used, maintained, improved, restored, or operated by the Department for any public purpose within its powers and not inconsistent with the purpose of the continued preservation of the property. The property shall not be subject to condemnation by the State of North Carolina or any of its

agencies or political subdivisions at any time, unless such method of acquisition is first approved by the Governor and Council of State.

(f) Emergency Acquisition Where Funds Not Immediately Available. If funds or contributions for the acquisition of needed historic property are not available, the Governor and Council of State may, upon the recommendation of the Secretary of Cultural Resources and approval of the North Carolina Historical Commission, allocate from the Contingency and Emergency Fund an amount sufficient to acquire an option on the property or properties, which option shall continue until ninety days after the adjournment *sine die* of the next General Assembly. Upon recommendation of the Secretary and approval of the Historical Commission, the Governor and Council of State may allocate funds from the Contingency and Emergency Fund for the immediate acquisition, preservation, restoration, or operation of historically, archaeologically, architecturally, or culturally important properties. All funds hereinafter appropriated to purchase, restore, maintain, develop, or operate historic or archaeological or other important property shall be administered subject to the provisions of Article 1 of Chapter 143 of the General Statutes unless the statute making the appropriation shall in specific and express terms provide otherwise.

(g) Power to Acquire Property by Condemnation. In the event that a property which has been found by the Department of Cultural Resources to be important for public ownership or assistance is in danger of being sold, used, or neglected to such an extent that its historical or cultural importance will be destroyed or seriously impaired, or that the property is otherwise in danger of destruction or serious impairment, the Department of Cultural Resources, after receiving the approval of the North Carolina Historical Commission and of the Governor and Council of State, may acquire the historic property or any interest therein by condemnation under the provision of Article 2 of Chapter 40 of the General Statutes of North Carolina. The Department of Cultural Resources, upon finding that destruction or serious impairment of the value of the property is imminent, shall file with the Governor and Council of State a report on the importance of the property and the desirability of ownership of the property, or the ownership of an interest therein, by the State of North Carolina. Upon giving their approval, the Governor and Council of State shall cause to have filed such approval with the clerk of the superior court in the county or counties where the property is situated. Until the approval is filed, the power of condemnation may not be exercised. All condemnation proceedings shall be instituted and prosecuted in the name of the State of North Carolina.

(h) Preservation and Custodial Care of State Capitol. The rotunda, corridors, and stairways of the first floor of the State Capitol and all portions of the second, third, and loft floors of the said building shall be placed in the custody of the Department of Cultural Resources; and the Department shall, subject to the availability of funds for the purpose, care for and administer these areas for the edification of present and future generations. The aforesaid areas shall be preserved as historic shrines and shall be maintained insofar as practicable as they shall appear following the restoration of the Capitol. The Department of Cultural Resources is authorized to deny the use of the legislative chambers for meetings in order that they, with their historic furnishings, may be better preserved for posterity; provided, however, that the General Assembly may hold therein such sessions as it may by resolution deem proper.

The Department of Cultural Resources is hereby entrusted with the responsibilities herein specified as being the agency with the experience best qualified to preserve and administer historic properties in a suitable manner. However, for the purposes of carrying out the provisions of this section, it is hereby directed that such cooperation and assistance shall be made available to the said Department of Cultural Resources and such labor supplied, as may be feasible, by the Department of Administration.

The offices and working areas of the first floor as well as all washrooms and the exterior of the Capitol shall remain under the jurisdiction of the Department of Administration: Provided, however, that the Department of Administration shall seek the advice of the Department of Cultural Resources in matters relating to any alteration, renovation, and furnishing of said offices and areas.

“§ 121-10. *Security of Historic Properties.*—(a) Designated Employees Commissioned Special Peace Officers by Governor. Upon application by the Secretary of Cultural Resources, the Governor is hereby authorized and empowered to commission as special peace officers such employees of the Department of Cultural Resources as the Secretary may designate for the purpose of enforcing the laws, rules, and regulations enacted or adopted for the protection, preservation and government of State historic or archaeological properties under the control or supervision of the Department of Cultural Resources. Such employees shall receive no additional compensation for performing the duties of special peace officers under this section.

(b) Powers of Arrest. Any employee of the Department of Cultural Resources commissioned as a special peace officer shall have the right to arrest with warrant any person violating any law, rule, or regulation on or relating to the State historic or archaeological properties under the control or supervision of the Department of Cultural Resources, and shall have power to pursue and arrest without warrant any person violating in his presence any law, rule, or regulation on or relating to said historic and archaeological properties under the control or supervision of the Department of Cultural Resources.

(c) Bond Required. Each employee of the Department of Cultural Resources commissioned as a special peace officer under this section shall give a bond with a good surety, payable to the State of North Carolina in a sum not less than one thousand dollars (\$1,000), conditioned upon the faithful discharge of his duty as such peace officer. The bond shall be duly approved by and filed in the office of the Commissioner of Insurance, and copies of the same, certified by the Commissioner of Insurance, shall be received in evidence in all actions and proceedings in this State.

(d) Oaths Required. Before any employee of the Department of Cultural Resources commissioned as a special peace officer shall exercise any power of arrest under this Article, he shall take the oaths required of public officers before an officer authorized to administer oaths.

“§ 121-11. *Procedures where assistance extended to cities, counties, and other agencies or individuals.*—In consideration of the public purpose thereby achieved, the Department of Cultural Resources may assist any county, city, or other political subdivision, corporation or organization, or private individual in the acquisition, maintenance, preservation, restoration, or development of historic or archaeological property by providing a portion of the cost therefor: Provided, that no acquisition, maintenance, preservation, restoration, or

development of any property, nor any assistance therefor may be made by the State of North Carolina and no contribution for these purposes may be made from State funds until (1) the property or properties shall have been approved for these purposes by the Department of Cultural Resources according to criteria adopted by the North Carolina Historical Commission, (2) the report and recommendations of the Commission have been received and considered by the Department of Cultural Resources, and (3) the Department has found that there is a feasible and practical method of providing funds for the acquisition, restoration, preservation, maintenance, and operation of such property. In all cases where assistance is extended to nonstate owners of property, whether from State funds or otherwise, it shall be a condition of assistance that (1) the property assisted shall, upon its acquisition or restoration, be made accessible to the public at such times and upon such terms as the Department of Cultural Resources shall by rule prescribe; (2) that the plans for preservation, restoration, and development be reviewed and approved by the Department of Cultural Resources; (3) that the expenditure of such funds be supervised by the Department of Cultural Resources; and (4) that such expenditures be accounted to the Department in a manner and at such times as are satisfactory to it.

“§121-12. *North Carolina Historical Commission.*—(a) Protection of Properties on National Register. It shall be the duty of the Historical Commission, meeting at such times and according to such procedures as it shall by rule prescribe, to provide an advisory and coordinative mechanism in and by which State undertakings of every kind that are potentially harmful to the cause of historic preservation within the State may be discussed, and where possible, resolved, giving due consideration to the competing public interests that may be involved. To this end, the head of any State agency having direct or indirect jurisdiction over a proposed State or State-assisted undertaking, or the head of any State department, board, commission, or independent agency having authority to build, construct, operate, license, authorize, assist, or approve any State or State-assisted undertaking, shall, prior to the approval of any State funds for the undertaking, or prior to any approval, license, or authorization, as the case may be, take into account the effect of the undertaking on any district, site, building, structure, or object that is listed in the National Register of Historic Places established pursuant to Public Law 89-665, 16 U.S.C. 470.

Where, in the judgment of the Commission, an undertaking will have an effect upon any listed district, site, building, structure, area, or object, the head of the appropriate State agency shall afford the Commission a reasonable opportunity to comment with regard to such undertaking.

The Historical Commission shall act with reasonable diligence to insure that all State departments, boards, commissions, or agencies potentially affected by the provisions of this section be kept currently informed with respect to the name, location, and other significant particulars of any district, site, building, structure, or object listed or placed upon the National Register of Historic Places. Each affected State department or agency shall furnish, either upon its own initiative or at the request of the Historical Commission such information as may reasonably be required by the Commission for the proper implementation of this section.

(b) *Criteria for State Historic Properties.* The Commission shall prepare and adopt criteria for the evaluation of State Historic Sites and all other real and personal property which it may consider to be of such historic, architectural,

archaeological, or cultural importance as would justify the acquisition and ownership thereof by the State of North Carolina, or for the extension of any assistance or aid thereto by the State, acting by itself or in connection with any county, city, corporation, organization, or individual. The Commission shall cooperate to the fullest practical extent with any local historical organization and with any city or county historic district properties commission.

(c) **Criteria for State Aid.** The Commission shall also prepare and adopt criteria for the evaluation of all properties of historic or archaeological importance owned by, under option to, or being considered for acquisition by a county, city, historic properties commission, or other organization or individual for which State aid or assistance is requested. The Commission shall investigate, evaluate, and prepare a written report on all historic or archaeological property for which State aid or appropriations are proposed. This report, which shall be filed as a matter of record in the custody of the Department of Cultural Resources, shall set forth the following opinions or recommendations of the Commission:

- (1) whether the property is historically authentic;
- (2) whether it is of such educational, historical, or cultural significance as to be essential to the development of a balanced State program of historic and archaeological sites and properties;
- (3) the estimated total cost of the project under consideration and the apportionment of said cost among State and nonstate sources;
- (4) whether practical plans have been or can be developed for the funding of the nonstate portion of the costs;
- (5) whether practical plans have been developed for the continued staffing, maintenance and operation of the property without State assistance; and
- (6) such further comments and recommendations that the Commission may make.

(d) **Commission to Furnish Recommendations to Legislative Committees.** The Commission through the Department of Cultural Resources shall furnish as soon as practicable to the chairman of each legislative committee to which is referred any bill seeking as appropriation of State funds for the purpose of acquiring, preserving, restoring, or operating, or otherwise assisting, any property having historic, archaeological, architectural, or other cultural value or significance, at least five copies of a report on the findings and recommendations of the Commission relating to such property.

“§ 121-13. *Acquisition of portrait of Governor during term of office.*—During the term of office of each Governor of this State and at least six months prior to its expiration, the Secretary of the Department of Cultural Resources is directed to select a skilled artist to paint a portrait of such Governor, and have the same suitably framed. Upon the painting and acquisition of such portrait, the same shall be placed in some appropriate building to be designated by the Department of Cultural Resources and which is located in the City of Raleigh.

The cost of the painting and acquisition of said portrait, including the cost of the frame and other necessary expenses incident thereto, shall be paid from the Contingency and Emergency Fund.”
